Verification

Your application was selected for review in a process called "Verification." In this process, the Financial Aid Office will compare information you provide with your FAFSA. The law requires each institution to collect and verify this information before awarding Federal aid. If there is a difference between your FAFSA and information on any of your verification documents, the college may ask for further information from you and/or make the correction electronically.

Complete this verification form and submit it to your financial aid administrator as soon as possible. The Financial Aid Office cannot process your application without this information.

Student Information

***A student is considered dependent if he/she was required to provide parental information on the FAFSA.**

List the people in your Family Size which includes the following:

- The student
- **Your legal parents who live together, even if they are not married (include information about both),**
- The student's parents (including a stepparent, even if the student is not living with them). Exclude a parent who has died or is not living in the household because of separation or divorce. Include a parent who is on active duty in the U.S. Armed Forces apart from the family.
- The student's siblings if the following are true:
 - They live with student's parents (or live apart because of college enrollment);
 - They receive more than half of their support from the student's parents; and
 - They will continue to receive more than half their support from the student's parents during the award year.

 - They live with the student's parents;
 - They receive more than half of their support from the student's parents; and
 - They will continue to receive more than half their support from the student's parents during the award year.

The provided criteria for "dependent children" or "other persons" mirror the requirement that family size align with those the parent could claim as a dependent on a U.S. tax return if the parent were to file a U.S tax return at the time of completing the 2026-2027 FAFSA. As a result, the parent should not include any unborn children in the family size.

Full Name	Age	Relationship

Important Note: The instructions below apply to the student and each parent (or stepparent, if applicable) included in the household. Notify the financial aid office if the parents filed separate IRS income tax returns for 2024 or had a change in marital status after December 31, 2024. As part of federal student aid eligibility, the student and parents will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In other words, if the parents filed separate 2024 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2024 income information that was transferred into the student's FAFSA using income and tax information directly from the IRS via the FA-DDX. If 2024 income tax return information for the student or parents was not transferred via the FA-DDX and considered verified, the student and parents should provide the institution with a 2024 IRS Tax Return Transcript(s) or a signed copy of the 2024 income tax return and applicable schedules.
