

2021-2022 PROCEDURES TO REQUEST PROFESSIONAL JUDGMENT DUE TO SPECIAL CIRCUMSTANCES

When your financial aid was determined for the 2021-2022 award year, it was based on the information you provided on the Free Application for Federal Student Aid (FAFSA) for calendar year 2019. Unfortunately, families sometimes experience extenuating circumstances that affect their household financial situation. Some of these circumstances have a direct effect on the family's ability to pay towards the student's education. The Financial Aid Office will re-evaluate your financial aid eligibility only after receiving all requested and required documentation. Financial Aid may use professional judgment, as long as it is within the intent of the law. Your request will be given careful consideration and will extend the processing time. Financial Aid is NOT required to adjust awards. Making a request for a review of special circumstances does not guarantee an increase in funding.

All Professional Judgment submissions require the following:

Dependent Students – Student and Parents/Stepparent

Independent Students – Student and Spouse (if applicable)

- 2020 or 2021 Tax Return (signed & dated)
- 2020 or 2021 ALL W2s
- Detailed statement explaining your circumstances and request

Reason for Request and Additional Documentation Required:

Please check the reason which best applies to your request for Professional Judgment.

Examples of documentation are listed below for common Professional Judgment reasons: **however additional information may also be requested from you.**

Please note: Although each family's situation is reviewed on an individual basis, the following reasons generally do not result in a change to financial aid eligibility: bankruptcy (Chapter 7), foreclosure, private primary and secondary school tuition.
