Upper division tuition and fees will be charged for upper division courses. For students taking both upper and lower division courses in the same quarter: - Generally, colleges must charge lower division tuition and fees for lower division courses and upper division tuition and fees for upper division courses. However, in those instances where the upper and lower division credit combination would result in the student paying more than he or she would if paying for all credits based on the upper division schedule, the college must charge tuition and fees for both upper and lower division credits based on the upper division tuition and fee schedule. (See SBCTC Policy 5.80.3.b.)

A calculator has been developed to assist colleges in determining how much tuition to charge a student taking both upper and lower division courses. The 2022-23BAS Tuition Calculator has been posted to the State Board website at:
