**ACTION: CALL TO ORDER**

Prepared by: Dee Bland  
Acting Executive Assistant to the Chancellor

Presented by: Todd Woodard  
Chair, Board of Trustees  
June 16, 2026

**CELEBRATING STUDENT SUCCESS: Corrections Education**

**BACKGROUND**

The presentation highlights Spokane Community College's Corrections Education program and its role in providing educational opportunities for incarcerated individuals at the Airway Heights Corrections Center (AHCC). The program delivers a range of academic and workforce pathways with measurable completions and continued expansion, such as the implementation of a two-year Business AAS degree.

SCC's Corrections Education program empowers students and reduces recidivism through education. Initiatives like the Student Voice Council and peer-led classroom integration support leadership, peer mentorship, and engagement opportunities for justice-involved learners.

Prepared by:

- Jeff Williams, Interim Dean of Extended Learning
- Charolette Kane, Interim Associate Dean of Corrections Education

Presented by:

- Jeff Williams, Interim Dean of Extended Learning
- Charolette Kane, Interim Associate Dean of Corrections Education

# Corrections Education

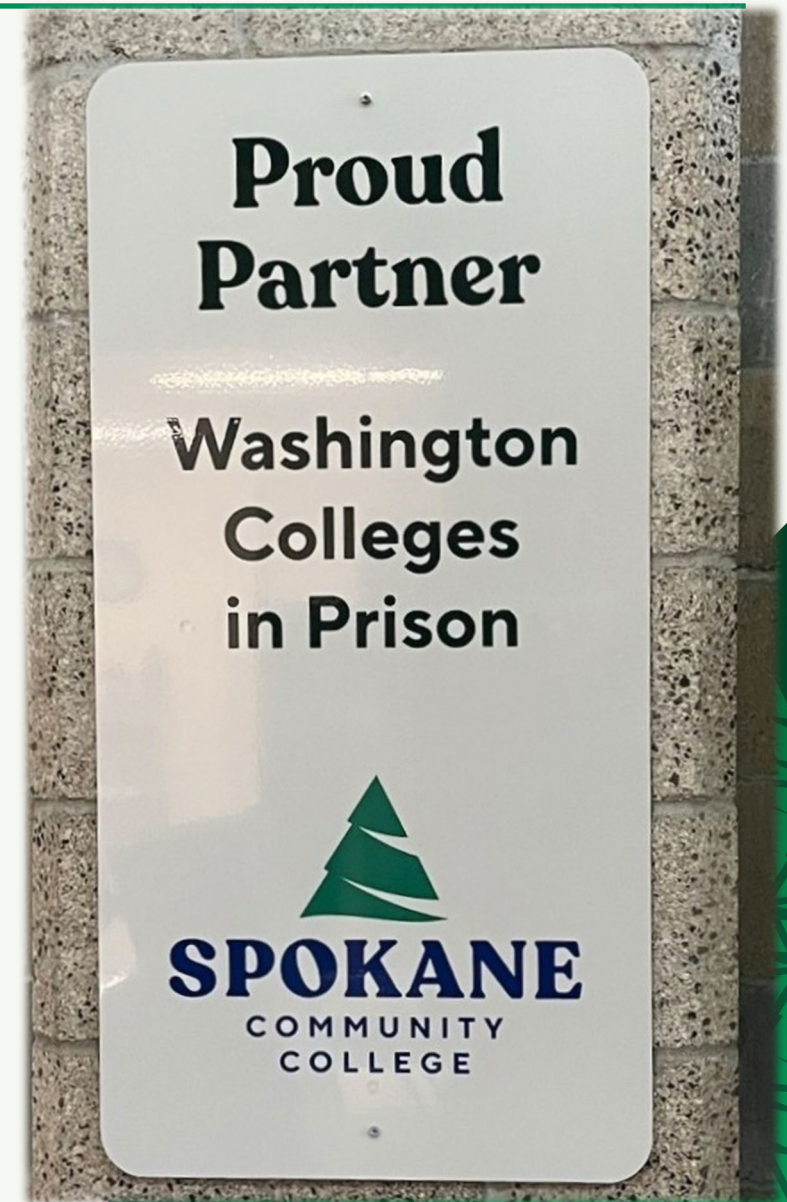

Presented by Jeff Williams and Charolette Kane

# Associate Dean of Corrections Education's Role at SCC

---

- Provide communication and continuity between SCC Campus and the SCC satellite Campus at AHCC
- Navigate the Policy Parfait between SCC, DOC and SBCTC
- Lead a team of Classified, Exempt and Faculty that facilitate excellent educational opportunities for students to provide a pathway to reduce recidivism in Washington State
- **Try it:** Take a moment to learn something new every day—this habit can broaden your perspective and spark creativity.

# Program Successes

---

AHCC is third largest facility for WA state corrections education

Available programs and completion numbers in the past 2 years:

- ABE HS+/GED: 175
- Business Certificate: 9
- Business AAS: 1
- CNC: 24
- HVAC: 21
- Carpentry: 43

Business AAS was fully implemented Fall 2026! Looking forward to more 2-year degree completions 😊

# Student Voice Council

---

AHCC SCC Student Voice Council is made up of Incarcerated Individuals that are alumni or students in/from our programs.

Things accomplished by SVC in the past 2 years:

- Created, published and disseminated “The Link” Newsletter
- Put on the first annual Leadership Seminar
- Actively participated in AHCCs first Opportunity Fair
- Creative Voices SVC members integrating into the classrooms

# Peer-Led Classroom Integration

---

Within our education spaces this past year we have been able to partner our Basic Skills faculty with the Student Voice Council to create spaces where students can learn from and engage with peers that have already completed programming while enrolled student earn HS+ credit under the supervision of Basic Skills Faculty.

We have provided Art and Elective credit through interactive sessions that focus on creating a tangible art piece that shows relationships between feelings and emotions, color theory and expression.

**Future Peer-Led Opportunity:** We are looking at the options for written and spoken word through Zines and Poetry for future Art, English and Elective Credit for HS+

# Student Voice

## Education = Opportunity

by Bryson Bigwolf, SCC Student HS+ Graduate, Currently enrolled in HVAC

When I was a child, I grew up in an abusive home, so school was an escape for me. It was a place I could be myself. It was my safe haven. As I grew older, I was doing good in school; I was a smart kid. But when I was in the 7<sup>th</sup> grade I was introduced to marijuana and I started slacking in school. I eventually dropped out of school and at the age of 18, I was in jail looking at 17 years. It was there in jail I fully understood the value of education. I started reading books about natural ways of healing and I started to study for my GED. I thought to myself if I would have never dropped out and if I would have taken school seriously, I would not be where I was. Therefore, I saw education as an opportunity. Since then, I have been taking my education serious. But the path of education is not perfect. You may have days you don't want to do it anymore, but you will also have good days.

Always remember that education will open doors and lead you to a good life. Discipline is also very helpful when travelling the path of education. Because like I said before, you may have bad days and want to give up, but if you have discipline and choose to do it, even if you don't want to, it will pay off in the long run.

Keep working hard. And never give up.

**ACTION: PLEDGE OF ALLEGIANCE, ROLL CALL AND NATIVE  
LAND ACKNOWLEDGEMENT STATEMENTS**

Acting Executive Assistant to the Chancellor

Presented by: Todd Woodard  
Chair, Board of Trustees  
June 16, 2026

# Washington State Community College District 17

## Community Colleges of Spokane Board of Trustees Meeting June 16, 2026

### **Native Land Acknowledgment**

*We are honored to acknowledge that Spokane Colleges, and our main campuses for Spokane Falls and Spokane Community College, are located on the traditional and sacred homelands of the Spokane Tribe. We also provide services in a region that includes the traditional and sacred homelands of the Coeur d'Alene Tribe, Confederated Tribes of the Colville Reservation, Kalispel Tribe and Nez Perce Tribe.*

*We pay our respect to tribal elders both past and present as well as to all indigenous people today. This land holds their cultural DNA and we are honored and grateful to be here on their traditional lands. We give thanks to the legacy of the original people and their descendants and pledge to honor their stewardship and values.*

**ACTION: APPROVAL OF CONSENT AGENDA**

**BACKGROUND**

Consent agenda items will be considered together and will be approved on a single motion. Any person desiring to remove an item for separate consideration should so request before approval of the agenda.

**AGENDA ITEMS**

- a. Board Minutes Approval - May 19, 2026
- b. Capital Projects - Clint Brown
- c. Budget and Expenditures - Linda McDermott
- d. Head Start - Bobbi Woodral
- e. Admin Procedures - Nichole Hanna
- f. Risk Assessment - Linda McDermott

**RECOMMENDATION**

It is recommended that the Board of Trustees of Washington State Community College District 17 approve the consent agenda as presented.

Prepared by: Dee Bland  
Acting Executive Assistant to the Chancellor

Presented by: Trustee Todd Woodard  
Chair, Board of Trustees  
June 16, 2026

**ACTION: APPROVAL OF MEETING MINUTES**

**RECOMMENDATION**

It is recommended that the Board of Trustees of Washington State Community College District 17 approve the minutes from the May 19, 2026 meeting, as presented.

Prepared by:            Dee Bland  
                                 Acting Executive Assistant to the Chancellor  
                                 June 16, 2026

**Minutes of the Board of Trustees Meeting**  
**Washington State Community College District 17**  
**Regular Meeting**  
**May 19, 2026**  
**8:30am**  
**Spokane Falls Community College**  
**In Person and Zoom Option**

**Present:** Trustee Todd Woodard, Trustee Kelly Fukai, Trustee Glenn Johnson, Trustee Steve Yoshihara. Also present: Chancellor Kevin Brockbank, SCC President Jenni Martin, SFCC Interim President Patrick McEachern, Chief of Staff and Strategy Lori Hunt, Interim Chief Information Officer Dan Duffy, Chief General Services Officer Nichole Hanna, Chief Financial Officer Linda McDermott, Chief Institutional Advancement & External Affairs Officer Melanie Rose, SFCC Vice President of Learning Bonnie Glantz, SCC Vice President of Instruction Jaclyn Jacot, SFCC Acting Vice President of Student Affairs Jim Mohr, SCC Vice President of Student Services Patrick Tanner, AHE Representative Jason Eggerman, WFSE Representative Ward Kaplan, SCC Faculty Logan Amstadter, SCC Faculty Katie Satake, SFCC Faculty Michelle Pearson, SCC Classified Staff Tessa Greene, SFCC Classified Staff Gaby Arroyo, SFCC Faculty Laura Wood, SCC Faculty Megan Fadeley, SFCC Dean Francisco Salinas, SCC Director of Student Services Priya Mhlophe, SFCC Dean of Workforce Chris Pelchat, SCC Dean Ashley Purdin Attorney, Dean Ashley DeMerville, Brandon Livingston, Kathy Albin, Roy Caligan, General Carrie Culver, Executive Assistant to the President of SFCC Megan Gibson (Recording Secretary).

**Guest:** Penelope Mkangaza, Patrick Stewart

**Excused:** Trustee Anna Franklin

**Call to Order**

The Board of Trustees of Washington State Community College District 17 held a regular meeting on Tuesday, May 19, 2026. Trustee Glenn Johnson called the meeting to order at 8:35 am.

**Executive Session**

The Board will convene in executive session under RCW 42.30.110(1) for the purpose of: To discuss with legal counsel representing the agency matters relating to agency enforcement actions or, litigation or potential litigation.

Under RCW 42.30.140 (4)(a) To plan or adopt the strategy or position to be taken by the governing body during the course of any collective bargaining, professional negotiations, or grievance or mediation proceedings, or review the proposals made in the negotiations or proceedings while in process.

The executive session will begin at 8:35 am and will last for approximately 50 min.

### **Action**

No action was taken.

Trustee Glenn Johnson reconvened the meeting at 9:30 am.

### **SFCC Celebrating Student Success**

**Laura Woods and Megan Fadeley** introduced students **Penelope Mkangaza** in pre-nursing, an international student from Zambia and **Patrick Stewart** a student from SFCC and recently accepted to the nursing program at SCC. 75%-85% students take prerequisites at both campuses. 187 applications submitted this year, of 56 accepted have attended both colleges at some point. Pre-nursing students are also applying and transferring to WSU and EWU allied health and nursing programs. Pre-nursing programs at both colleges support students entering in allied health fields, not only nursing. **Trustee Glenn Johnson** asked if pre-nursing leads to paramedic training. **Trustee Steve Yoshihara** asked how much nurses are making coming out of college. Response and discussion around starting pay at \$75-90k. With a BSN starting at the high end. Taking into consideration seniority and experience earning up to \$135k on up with a doctorate. The opportunities are flexible with a variety of work environments, educational levels, and specialties. Nurses with a master's degree have the opportunity to come back and teach in the nursing program at SCC.

The Pledge of Allegiance was recited and followed by the roll call. It was announced that the meeting was open to the public. Individuals interested in addressing the Board were encouraged to speak up during the public comment section. The Native Land Acknowledgement was given by Chancellor Kevin Brockbank.

### **Public Comment**

There was no public comment.

## **Consent Agenda**

Being no objections, the consent agenda was entered into the record. Topics included the following:

- a. Board Minutes  
Minutes of the April 7, 2026, Work Session
- b. Capital Projects Status & Approvals – Nichole Hanna
- c. Budget and Expenditures – Dr. Linda McDermott
- d. Head Start Updates – Bobbi Woodral
- e. Admin Procedures – Nichole Hanna

Moved for approval by **Trustee Fukai** and seconded by **Trustee Yoshihara**. Motion carries.

### **Approval of Fiscal Year 2026-27 Student Technology Fee Budgets for Spokane Community College (SCC) and Spokane Falls Community College (SFCC)**

**Dr. Linda McDermott** presented the FY26-27 Student Technology Fee Budgets brought forward by the ASG groups from each campus. **Linda McDermott** explained that the budget office including herself and Chris Grochowski met with the Vice President's at each campus along with ASG members to make recommendations. The detailed proposal is in the Board Packet under Tab 4. **Linda McDermott** asked if there were any questions.

The recommendation before the board is to approve the FY 26-27 Student Technology Fee Budgets for both Spokane Community College and Spokane Falls Community College as presented for a total budget authority of \$1,139,450.

Moved to approve by **Trustee Yoshihara**, **Trustee Johnson** seconded. Motion carries.

### **Fiscal Year 2026-2027 (FY 27) Student Services and Activities (S&A) Budgets**

Dr. Linda McDermott presented the Student Services and Activities Budgets. Explained that this is a similar process to the Technology Fee Budget, with, services and activities fee budgets, for the colleges. As a reminder, the board approved the rate that students, will pay beginning in the fall, and that is based on the tuition of fee schedules recommended and approved by, the state board. We have a district-wide committee that is represented, by students from both colleges. Chris Grochowski leads the process, through the committees of the colleges and district athletics.

### **Fiscal Year 2026-27 (FY 27) Athletics Operating Budget**

**Trustee Yoshihara** asked about the two coaching stipends listed on the budget. Followed up with a question about NIL in community and junior colleges.

## **Strategic Plan Presentation**

**Lori Hunt** presented the draft strategic plan prior to requesting approval at the next BOT meeting in June. Reviewing the pillars 1: Student Basic Needs- The Strong Foundation. Pillar 2: Support Anchors- The Cornerstones. Pillar 3: Academic Design-The Framework. Pillar 4: Community Connections-Opening Doors to the Future. Pillar 5: Strong Internal Structures- The Infrastructure and People. Each Pillar was presented by the Pillar Lead or Leads.

**Francisco Salinas** presented on Pillar 1- Student Basic Needs, The Strong Foundation. A welcoming and stable environment begins with ensuring students can focus on learning, not survival. By reducing the cost of attendance and removing barriers (such as food insecurity, housing challenges, childcare needs, and transportation obstacles) we create the conditions for every student to feel secure, supported, and at home on campus.

Strategic goals and actions:

### 1.1 Funding Sources and Resource Support

Goal: Expand resources and simplify access to scholarship, aid and emergency assistance.

Action: 1.1.1 Strategically identify resources for student emergency supports.

### 1.2 Community Partnerships

Goal: Strengthen community partnerships to expand student access to basic needs support.

Action: 1.2.1 Develop and institutionalize a coordinated districtwide framework for sustainable community partnerships that align with student basic needs.

### 1.3 Resource Awareness and Navigation

Goal: Increase awareness and improve navigation of available campus and community resources for all students.

Actions: 1.3.1 Strengthen institutional capacity to address student basic needs. 1.3.2 Create a unified, consistent structure for student resource information. 1.3.3 Integrate resource awareness into student success touchpoints.

**Priya Mhlophe** presented on Pillar 2- Support Anchors, The Cornerstones. Cornerstones provide stability, guidance, and belonging. Personalized support services (advising, tutoring, counseling, and wellness resources) anchor student success while recognizing the unique needs of each individual. By meeting students where they are and building trusting relationships, we create a sense of belonging that strengthens persistence, confidence, and achievement.

Strategic goals and actions:

### 2.1 Holistic Student Wellbeing.

Goal: Prioritize holistic student wellbeing that encourage persistence, success, and belonging

Actions: 2.1.1 Implement district wide training to promote all employees using culturally responsive and equitable student support practices (RCW.28B.10.145). 2.1.2 Strengthen and expand inclusive excellence programs to create welcoming, supportive environments for

all students. 2.1.3 Evaluate mental health resources across the district to identify services gaps and opportunities for improved student support. 2.1.4 Develop a training plan that helps employees recognize and respond to students who may be struggling or at risk of leaving college.

## 2.2 Academic Support Services

Goal: Investigate current academic support services to enhance opportunities to better meet student needs.

Actions: 2.2.1 Map out current academic support available to students. 2.2.2 Implement a unified system for intake and tracking across academic support services using campus technology. 2.2.3 Create a comprehensive assessment plan for academic support services that integrates data and allows for analysis by student groups. 2.2.4 Use data to identify priority student populations and refine or redesign support practices to better meet their needs.

## 2.3 Access to Student Services

Goal: Enhance access to student support services that meet the needs of our diverse student populations.

Actions: 2.3.1 Simplify and clarify access points. 2.3.2 Increase availability through flexible and responsive modalities. 2.3.3 Activate Faculty/Staff as consistent access connectors.

## 2.4 Alignment of Student Support Services

Goal: Increase strategic alignment of specific student services by reducing institutional and procedural barriers across the district.

Actions: 2.4.1 Review the current version and features of ctcLink to identify opportunities to adopt newer capabilities used by peer institutions. 2.4.2 Align and centralize key processes and departmental functions to improve consistency and efficiency. 2.4.3 Coordinate communication plans to students ensuring messaging is clear, consistent, and complementary.

## 2.5 Student Onboarding

Goal: Continuously improve student onboarding to ensure a consistent, equitable, inclusive and accessible foundation that supports student success throughout the student lifecycle.

Actions: 2.5.1 Evaluate onboarding processes to create a unified district-wide approach that help students complete essential steps more efficiently. 2.5.2 Identify where students encounter barriers in onboarding and provide timely guidance to move them forward. 2.5.3 Simplify student onboarding for utilizing and expanding upon existing program maps; create a transparent process and checklist to assist students in knowing where they are in the process, what they need to do next, and who they can contact for help.

**Chris Pelcaht** and **Ashley Purdin** presented on Pillar 3- Academic Design, The Framework. Clear academic pathways give students structure, direction, and purpose. By offering the right programs at the right time and aligning them with career and personal goals, we help student navigate their journey efficiently. In doing so, we provide not just a

roadmap to completion, but a sense of community and shared progress, reinforcing that students are a part of a larger supportive home.

Strategic goals and actions:

### 3.1 Faculty

Goal: Support faculty in delivering high-quality instruction.

Actions: 3.1.1 Develop roles, responsibilities, policies, and procedures for faculty, student services, and instructional designers to better address the instructional needs of faculty and unique needs of students' learning challenges. 3.1.2 Encourage professional development opportunities through collaborative structures and onboarding that promote a culture of teaching excellence and implement best practices. 3.1.3 Ensure students have the proper academic support they need across all modalities.

### 3.2 Curriculum

Goal: Foster innovation in curriculum and program development.

Actions: 3.2.1 Develop, track and scale seamless pathways from noncredit to credit. 3.2.2 Strengthen assessment to demonstrate instructional excellence. 3.2.3 Implement annual Discipline/Program Learning Outcome assessment cycles. 3.2.4 Develop and scale stackable credentials, certificates, and short-term workforce pathways to provide multiple entry/exit points aligned with regional needs.

### 3.3 Student Success

Goal: Strengthen institutional collaboration and communication to improve student persistence, retention and completion.

Actions: 3.3.1 Continuously assess program vitality using student completion, transfer, career, and wage data to identify programs and implement targeted strategies that improve outcomes. 3.3.2 Improve enrollment, persistence, retention, completion, and transfer and career placement rates through coordinated, student-centered strategies. 3.3.3 Use early academic indicators and shared intervention protocols to identify at-risk students and provide timely, coordinated support. 3.3.4 Expand the opportunity for faculty engagement in program and career advising to complement student support services.

**Ashley DeMotive, Brandon Livingston, and Kathy Albin** presented on Pillar 4:

Community Connections- Opening Doors to the Future. Our students thrive when they are connected to employers, organizations, alumni, and peers. These relationships act as doors to opportunity, providing career pathways, mentorship, and support networks. At the same time, our college contributes back to the community, cultivating a sense of shared purpose, pride, and belonging that extends beyond campus walls.

Strategic goals and actions:

### 4.1 Employer & Workforce Partnerships

Goal: Deepen and expand collaboration with employers to enhance student employment pathways.

Actions: 4.1.1 Strengthen the District Workforce Council to establish a coordinated

employer partnership structure that supports high demand sectors and education to career pathways. 4.1.2 Develop and implement a district-wide process to catalog, track, and coordinate employer and workforce engagement activities to strengthen education to career alignment. 4.1.3 Increase student employer connections by strengthening the role of advisory committees, supporting existing employer engagement events, and improving access to internships and work-based learning.

#### 4.2 Advance Community Engagement

Goal: Build a unified, equitable and opportunity centered approach to community engagement and build partnerships that enrich student learning, strengthen local relationships, and better connect students with community needs and opportunities.

Actions: 4.2.1 Revitalize and enhance the public facing event calendar by improving the consistency of event entry into 25Live and increase community engagement with the calendar as a centralized hub for service, events and opportunities. 4.2.2 Enhance K-12 partnerships by promoting dual enrollment, the trades high school, and other opportunities, strengthening coordination across the district, and increasing student participation in college programs and events.

#### 4.3 Increase Community Visibility

Goal: Elevate Spokane College's presence and visibility in the region by strengthening branding, expanding community events, deepening alumni engagement, and creating clear pathways for partners and the public to connect with and support the colleges.

Actions: 4.3.1 Support the development of program level alumni chapters that foster early and ongoing alumni engagement. 4.3.2 Increase regional visibility through coordinated branding efforts and strategic partnerships with employers, membership organizations, and community organizations. 4.3.3 Deepen collaboration with universities to improve student success by expanding opportunities for joint outreach, co-designing clearer transfer experiences, and creating shared communications that explain transfer opportunities for prospective students and the community.

**Nichole Hanna** and **Roy Caligan** presented on Pillar 5: Strong Internal Structures- The Infrastructure and People. A college that feels like home depends on strong internal systems and a committed, caring workforce. Technology, facilities, safety measures, and support resources must all work together to foster a welcoming, collaborative, and innovative environment. By removing redundancies, improving processes, and empowering staff, we ensure the college remains resilient, student centered, and a place where everyone-students, faculty and staff, can feel they belong.

Strategic goals and actions:

#### 5.1 Technology

Goal: Position Spokane Colleges as a leader in leveraging technology and providing sustainable access to modern, secure, and integrated systems. Empower, enhance, and uphold student learning, faculty and staff effectiveness, and operational success by building an adaptable, secure infrastructure framework that anticipate future needs,

fosters innovation and maximizes the impact of sustainable resource allocation.

Actions: 5.1.1 Implement, maintain and evaluate a technology modernization plan to support continuous improvement and innovation.

## 5.2 Facilities and Physical Environment

Goal: Proactively create a safe, inclusive, sustainable, and purposefully planned physical environment across Spokane Colleges. Establish an adaptable framework that anticipates future needs, strengthens academic and administrative excellence, removes institutional barriers, and enhances an equitable campus experience to support recruitment and retention. This framework also provides a resilient foundation for student success, staff engagement, regulatory compliance, and institutional growth.

Action: 5.2.1 Enhance campus environments using the established framework to maintain ongoing processes to ensure facilities evolve with institutional needs.

## 5.3 Employee Support Systems and Resources

Goal: Strengthen support systems and enhance resources to better meet the academic, mental health, financial, and professional needs of the college community.

Actions: 5.3.1 Develop comprehensive onboarding processes for all new employees that introduce the organization, highlight key resources, build meaningful connections, and provide a sense of belonging to support a successful start. 5.3.2 Simplify, expand access, and remove barriers to professional learning and development through clear communication and continuous improvement. 5.3.3 Identify workplace structures that reduce employee productivity, reduce satisfaction, potentially leading to attrition with the intent to enhance employee wellbeing services, and encourage utilization of available resources.

## 5.4 Improvement and Efficiency

Goal: Streamline and optimize institutional processes to enhance operational efficiency, reduce redundancies, build capacity, and improve the overall experience for employees.

Action: 5.4.1 Evaluate and consolidate technology tools and software to reduce redundancies and promote automation to improve operational efficiency. 5.4.2 Map and review current processes to identify bottlenecks, streamline workflows, and build capacity including opportunities for automation. 5.4.3. Streamline governance structures to clarify roles and improve transparency. Include an inventory of committees, assessment of their effectiveness, and centralize committee chairs, minutes, and membership as part of the guide for workgroups.

**Lori Hunt** requests Board of Trustees review the 2025-2030 Strategic Plan and provide feedback before the next board meeting in June. Please consider the following questions: does this plan reflect the community needs? Are the pillars clear and actionable? Does this position us well for the next 5 years? What refinement is needed before final approval?

Next steps: Refine final draft. Present to the Spokane Colleges BOT in June for approval. Launch implementation and planning.

Questions: **Trustee Woodard** asked for clarification of the gallery walk. **Lori Hunt** explained it was a way for employees to view the pillars and provide feedback. **Trustee Yoshihara** emphasized the need to stay current on AI impacts on education and workforce.

### **Cyber Security Incident Instruction**

**Christine Van Winkle** and **Nichole Hanna** presented on the recent cybersecurity incident with Instructure. Timeline, messaging from SBCTC, to stakeholders, Incident Command Team Activation and organization. Response strategy and next steps. Identify phishing, incidences expected to rise due to the breach. Monitoring for risk. Formulating a plan for if/when Canvas goes down or is breached again. Waiting to identify what data was collected and how to notify users appropriately. Data exposure details are still pending. Notification decisions will not be finalized until there is confirmation of facts. All users should be diligent and report phishing activity.

**Trustee Johnson** asked if there is any competition for Canvas.

**Trustee Woodard** asked if the FBI was involved in this breach. Yes, the FBI was involved and hired a forensic expert to investigate through the vendor.

**Jason Eggerman** explained the frustration of faculty at the lack of communication and guidance. Faculty were overwhelmed by messages and questions from students and had no information or guidance available. **Kevin Brockbank** acknowledged the quick work of the response team. He also recognizes issues with the messaging and communication. There will be a robust after-action review and improvement plan so we can avoid the same issue happening again.

**Nichole Hanna** explained there will be a thorough review process to identify areas for correction.

**Michelle Pearson** asked if we could use the Rave Alert System to send messaging in a similar scenario. The Rave Alerts will be reserved for safety and security alerts only.

### **Fiscal Year 2026-27 Budget Update**

**Linda McDermott** presented the proposed budget for FY27.

Total primary revenue sources includes state allocation (just under \$92M) and tuition and operating fees (\$29M). The remainder of the revenue sources are local and operating support such as Running Start enrollment and grants; the primary grant is Head Start.

**Trustee Johnson** asked about the change in state allocation. It has been pretty consistent in the mid-upper 60%.

Expenditures are distributed across the district through allocation between the colleges and central administrative units. SCC receives 44%, SFCC 28%, Central Administrative Units 19%, Institutional Shared Costs 6.7% and Strategic Investment Pool 2.2%. **Trustee**

**Woodard** asked if there is criteria based on allocation amounts and term. SIP is an internal fund that is determined through internal processes with District Cabinet and budget hearing process. SIP funds are being used to fund personnel in targeted areas for an initial period of 2-3 years. **Trustee Johnson** asked if this is like the State Investment Pool, or is it our own investment? It's our own investments **Dr. Brockbank** clarified the investments are managed by a third-party investment firm selected through RFP.

### **Jayla Knights, SFCC ASG President**

Spring fling this week. Searching for next year's ASG leadership. Successful farmers markets this year. Working on transitioning leadership during the final quarter. Trustee Woodard asked if the new ASG President will be introduced in June. Yes, they will be attending the June meeting to be introduced to the Board of Trustees.

### **Chancellor's Report**

#### **Kevin Brockbank**

Strategic plan decision model and communication shared with the district. Looking for areas for consolidation, efficiency and revenue generation. Our target moving forward by FY 34 will Spokane Colleges will operate as one integrated institution, single accreditation, across multiple campuses, organized around student pathways rather than institutional borders. Fully in alignment with the Strategic Plan. We learned that without having a very clear and distinct vision of where we're going, we can't get there. Decision making model is designed increase participation and transparency.

Tribal Advisory Council was successful. Looking forward to the next one and having Trustees available to participate in parts of it. Addressed smudging policy and supporting student success.

**Trustee Woodard** discussed the success of the Tribal Resource Summit and meeting several graduates from Spokane Colleges.

### **President's Report**

#### **Jenni Martin**

Enrollement for SCC will finish flat, right-on target. Huge testament to the work done on enrollment and retention. Will work with SFCC on combined goals around enrollment and retention. Looking forward to commencement season and having Trustees join in the festivities.

**Trustee Johnson** asked if enrollment has recovered to pre-covid numbers. Making progress towards those pre-pandemic enrollment numbers.

**Trustee Woodard** asked about the process around transfer and following students' progress and success. As well as access to input with success in specific areas of study.

Articulation agreements support preparing students to transfer successfully to four-year institutions.

### **Patrick McEachern**

SFCC we are 13% behind pre-pandemic levels. Spring quarter finished ahead of targets above in running start and international. We are lagging in state and slightly down in overall enrollment. Full enrollment report at the next board meeting.

We see our students outperform their peers when they transfer to four-year institutions. We are looking at encouraging students who complete with a DTA degree to follow through on the transfer rather

Work to do on career alignment from onboarding through lifecycle to graduation. Restructuring administrative level and reducing footprint by one administrative dean.

**Trustee Johnosn** asked about the faculty-student ratio and how that influences the decision around tenured faculty and attrition. SFCC looked holistically across the institution at all employee classifications—not just faculty but also classified and administrators as well as specifically at the program level and enrollment. Addressing budget reduction through attrition first, as well as how openings are filled. Analyzing ratios and being strategic about how vacant positions are filled when they need to be.

### **AHE Report**

#### **Jason Eggerman, AHE President,**

This is the time of year we celebrate years of service and also celebrate our faculty colleagues who earned tenure. We look forward to the years of service events at each college and also the upcoming tenure reception. AHE has three grievances we have filed and that we are working through at SCC. While we recognize that we are fortunate that we don't have formal grievances that often, we also trust in our processes and look forward to positive resolutions. SCC Librarian Greg Bem was elected as the Representative to the Board for SCC starting July 1. He will be taking over for Katie Satake, who has done a great job serving as the board rep for the last six years. We are also sending positive vibes to WFSE as they are in the middle of a bargaining year.

### **Katie Satake, SCC**

April 17-18 the 2026 Washington State Health Information Management Association Health Data and Information Conference was held at SCC. WASHIMA, is the acronym for that. Statewide Professional Organization for Health Information Management, or HIM. Practitioners, the professionals responsible for managing patient health records, ensuring data accuracy and privacy, and maintaining compliance with the healthcare regulation. Amy Anderson, who is our SCC Communications Faculty, she's also the faculty advisor for the Speak Out Club, they collaborated with Career Services and the

Job Communication Skills Class to host a conference last week. Helping students learn about networking, resume writing and preparing for interviews. Joanne Connelly reported BT152 & ESL072 And other faculty were involved in student success course instruction, and they did a cross-divisional group that partnered with the research to examine the student outcome data. The analysis revealed significantly higher retention, success, and completion rates among students who completed these courses compared to credit students who did not complete these courses. with leadership from the Student Learning and Assessment Committee, or our SLAC committee, the above-mentioned group also conducted a comprehensive review of the Guide 102 course Learning Outcomes resulting in revised outcomes that more closely align with national best practices and current instructional practices. Also, the group completed its first assessment cycle, focused on the course learning outcome number one, which is assessing resources and connecting to the college community. The assessment results showed students met this outcome at the advanced level, an average of 72% of the time. This work demonstrates that student success courses are making a measurable difference in student persistence, achievement, and connection.

### **Michelle Pearson, SFCC**

English faculty Bradley Bleck writes cycling articles for OutThere one on cycling safety for children and the other was about cycling in the Spokane area. Rebecca Cook (Film Faculty) spoke at Idaho Panhandle Film Festival about her work on the Academy Award nominated film Train Dreams. Starting in April, Drama and Digital Filmmaking students collaborated on production of The Journey, a short film. Renee Compton reported that PTA, Physical Therapy Assisting Program, has collaborations with Whitworth's, Doctorate of Physical Therapy program, and they are creating co-learning environments and trying to align their programs, because eventually PTA Students will work with doctors of PT. Ryan Kelly, Engineering Club advisor, took some Engineering Club students down to Pullman to look at the WSU campus and meet with folks down in engineering there. They also invited deans from Gonzaga to our campus to meet with those students so that they can figure out where are they transferring. Graphic Design faculty John Mujica reports several SFCC students won awards at the regional competition and will go on to compete at the national level. Our administrators made, attendance to classes on the 17th of April optional for our faculty, so that we could attend an event where we get to learn about how to support students who are struggling, or maybe students who create difficult situations in the classroom, sometimes there are outbursts. So this was a really beneficial training opportunity that they provided to us collaboratively across the district, held here, at SFCC and at SCC, there were well over 100 attendees, mostly faculty.

## **WFSE/Classified Staff Report**

### **Ward Kaplan, WFSE**

Working on getting new members signed up last month, signed 140 new members. Bargaining has started and things are moving along more quickly this time.

### **Tessa Greene, SCC**

Two events held at SCC on April 29 Trade Program Discovery Day: Ignite Your Future Day and Sasquatch Experience for students enrolling in summer and fall quarters.

### **Gaby Arroyo, SFCC**

Global Fest is SFCC on Thursday, May 21. Fourth year hosting the event featuring community members sharing about their culture. Zach Reiber (SFCC Basic Needs) worked with Connected Learning, EDI Center and Student Employment to put together a New-to-You Boutique combining all of the free clothing closets to one area in the library. They also have household supplies, children's clothing & toys, shoes, and more. Students can go in and shop for free. They have already given away 700 items. They accept donations and have started working with community partners to keep the store stocked with items. The most needed items are men's casual clothing, baby clothes and household goods.

## **Board Report**

**Trustee Johnson** shared the Sasquatch Mailer by Annie Silver received the National Paragon Gold Award. The PEBB (Public Employees Benefits Board) will be at SCC in October.

## **Adjournment**

Being no further business, the meeting adjourned at 12:19 pm

**CONSENT AGENDA ITEMS: CAPITAL PROJECTS**

Submitted by: Clinton Brown

NUMBER	PROJECT NAME	PROJECT DESCRIPTION
18-063	SFCC Fine and Applied Arts Building, Phase 4	FAA, Phase 4 will scope the demolition of existing Building 6, Fine Arts, and restore the site.
22-229	SCC Apprenticeship Center	Design and Construction of replacement Apprenticeship Center to be erected on the SCC Campus. (Dates tentative, related to const. funding appropriation)
23-514	Lodge Renovation	GCCM Construction Project to renovate the Lodge, SFCC Bldg 9, to accommodate moving executive administration from RP1. Offices will include the Chancellor's Office, Human Resources Division, Spokane Colleges Foundation, the Offices of the Chief of Staff and Strategy, and the Offices of the Chief Inst Adv / Extrl Aff Officer.
24-948	CCS CBA Compliance Consulting	Consultant support with Clean Buildings Performance Standards reporting for compliance with Clean Buildings legislation.
26-054	SCC Bldg 18, Classroom Remodel	The project will modernize two classrooms in the SCC Automotive building to meet industry standards, enhance instruction, and add an on-site ASE testing lab, eliminating off-site exams.
26-063	SFCC Bldg 17 Restroom Remodel	This project will remodel and update restroom facilities with greater flexibility, privacy, and accessibility for all users.
26-273	Colville Geotechnical Survey - Sink Hole Investigation	This project involves retro-commissioning the building to improve energy efficiency by evaluating existing equipment performance against the original design sequences of operation and heating/cooling load requirements.
26-297	Retro Commissioning - SCC Bldg 28, SFCC Bldg 27 (ESCO)	This project involves retro-commissioning the building to improve energy efficiency by evaluating existing equipment performance against the original design sequences of operation and heating/cooling load requirements.
26-580	SCC Fuel Tank Demolition/Site Restoration (JOC)	Removal of obsolete above ground fueling tank, north of Main, Bldg 1, and restoring the site for additional faculty/staff parking.
26-573	Loading Dock Repairs - SCC Bldg 6 (JOC)	Minor work proeject to repair the lair loading dock, aged as well damaged by delievery truck.
26-537	Infrastructure - Campus Sewer Replacements (JOC)	Infrastructure project to replacement aged sewer piping on both the SCC and SFCC campus.
26-PO9735	HVAC Controls Upgrades/Retrofit - SCC Bldg 28	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-PO9736	HVAC Controls Upgrades/Retrofit - SCC Bldg 602	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-PO9751	HVAC Controls Upgrades/Retrofit - SFCC Bldg 18	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-PO9752	HVAC Controls Upgrades/Retrofit - SFCC Bldg 30	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-PO9753	HVAC Controls Upgrades/Retrofit - SFCC Bldg 29	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-PO10010	HVAC Controls Upgrades/Retrofit - SCC Bldg 15	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-POxxxx	HVAC_Controls Upgrades/Retrofit - SCC Bldg 1	Minor works project to replace aged and obsolete HVAC controls systems. Project will increase energy efficiency and capability of the buildings and also increase network security.
26-PO10110	Roof Repairs/Coating System - SCC Bldg 5	Minor works project to repair coating system on roof areas A & D and establish a new 20 year warranty.
26-PO10047	HVAC Repairs - SCC Bldg 7 Compressor Replacement	Replace failed compressors within the AC units cooling the main campus IT server room.
26-568	Infrastructure - Gas Detection Leak Repairs (Small Works)	Project to repair leaks in the natural gas distribution systems on each campus. Annual leak surveys conducted by Facilities uncovered specific areas for repair.
26-562	HVAC Repairs - Multiple (ESCO)	Minor works repair projects to include: SCC Bldg 19 fan coil replacment & HEQ engine shop vehicle exhaust system revitalization; SCC Bldg 18 Chiller Replacement; SCC Bldg 20 kitchen make-up air heating and cooling system; SCC Bldg 1 univent replacement; SCC Bldg 9 Retro-Commissioning; SFCC Bldg 19 AHU System & Prosthetics lab make-up air and exhaust systems.

NUMBER	PROJECT NAME	PROJECT DESCRIPTION
26-564	HVAC Repairs - SFCC Bldg 17A (ESCO)	Minor works repair project to replace aged multi-zone units with new energy efficient technology; replacement aged switchgear and step-down transformer servicing the 17A wing.
26-869	HVAC & Electrical Repairs - Colville (ESCO)	Minor works repair project to revitalize the welding and shop exhaust system in the ITC and replace the aged electrical distribution panels in the Colville Center.
26-xxx	HVAC & Lighting Upgrades - SCC 20 (ESCO)	Grant funded project to update the building's aged and inefficient HVAC systems and lighting.
26-909	HVAC Repairs - SCC Bldg 28 Compressor Repairs	Project to repair the building compressed air system and to provide safer access to the system for future maintenance.
26-915	Allied Health Addition, Rescoping	Study to evaluate the feasibility of rescoping the Allied Health Renovation & Addition project (a \$70M project, currently very low on the SBCTC funding pipeline list) into an intermediate project valued at \$15M.

**NORTH SPOKANE CORRIDOR RELATED PROJECTS**

NUMBER	PROJECT NAME	PROJECT DESCRIPTION
25-087	SCC East Wing Renovation	Project to design and construct a major renovation of SCC Main, Building 1, East Wing for reloacting student services from Bldg 15, Human Services.
26-XXX	District Business Office Relocation	This project defines the relocation and reconfiguration of the Business Office from Riverpoint to Building 15, targeting approximately 8,000 SF to accommodate key administrative functions including Purchasing, Risk Management, Payroll/Benefits, Accounting/AP/Travel, Student Finance/AR, Budget, and the CFO office.

**CONSENT AGENDA REPORT**

**Fiscal Year 2025-26 Financial Reports:**

State Allocation and Tuition Operating Budget Status Report and All-Funds Revenue and Expenditures as of April 30, 2026.

**Summary:** Enclosed for the Board’s review and approval is the Operating Budget Status Report and the Summary of All-Funds Revenue and Expenditures as of April 30, 2026. The reports reflect 2025-2026 fiscal year activity, including the State Allocation #10 received from the State Board for Community and Technical Colleges. Attachment #3 also reflects a \$2 million increase in local operating support at SCC needed to meet forecasted spending for the remainder of the year.

Operating Allocations	SCC	SFCC	CAU	Total
Initial Budget, Allocation #1	47,525,967	24,019,114	19,044,036	90,589,117
Allocation #2 Safe Harbor	824,500	151,762		976,262
High Demand Enrollments		151,762		151,762
Refugee Education	688,000			
Incarcerated Student Grants	136,500			
Allocation #3 Safe Harbor	85,008	17,457		102,465
Guided Pathways		2,600		2,600
Gold Star Families	21,008	14,857		35,865
Apprenticeship	64,000			64,000
Allocation #4 Safe Harbor	46,023	-41,023		5,000
Guided Pathways	5,000			5,000
Worker Retraining	41,023	-41,023		
Allocation #5 Safe Harbor	156,450	36,040		192,490
Guided Pathways	794	2,990		3,784
Worker Retraining (1x)	123,000	30,750		153,750
Basic Needs	5,356	2,300		7,656
Incarcerated Students (1x)	27,300			27,300
Allocation #6 Safe Harbor	18,514	17,552		36,066
Opportunity Grants	18,514	17,552		36,066
Allocation #7 Safe Harbor	4,104			4,104
College in HS Fees	4,104			4,104
Allocation #8 Safe Harbor	18,263	5,295		23,558
Worker Retraining	16,622	4,155		20,777

Operating Allocations	SCC	SFCC	CAU	Total
Gold Star Families	1,641	1,140		2,781
Allocation #9	7,966	7,966		15,932
Safe Harbor Opportunity Grants	7,966	7,966		15,932
Allocation #10				
Total State Allocation	48,686,795	24,214,164	19,044,036	91,944,995
Other Operating Funds	13,097,047	14,726,815	17,786,330	45,610,192
Total Operating Budget	\$61,783,842	\$38,940,979	\$36,830,366	\$137,555,187

**Tuition revenue collections (Tuition Operating Fee Revenue):** Fiscal year-to-date tuition operating fee collections total \$28,609,900, which is \$2.0M (7.4%) above target. In the review of preliminary May data, collections held strong and are \$2.1M (8.0%) above target, indicating that tuition revenue for the year will exceed budget in the 7-8% range. Both SCC and SFCC are expected to exceed their annual budget targets. The final budget variances will be allocated to the colleges in September, after final fiscal year closes.

**Enrollment report:** Annual full-time equivalent (FTE) enrollment targets and actual enrollment as of June 8, 2026, are shown below. Year-to-date enrollment through the 9<sup>th</sup> week of Spring quarter was 9,299 FTE or 99.3% of target. SCC is at 99.8% of its annual target, and SFCC is at 98.1%. Based on current enrollment trends and assumptions for spring quarter, both colleges are projected to meet their enrollment targets for the year. SCC and SFCC colleges have exceeded their Running Start enrollment targets for the year.

**Full-Time Equivalent Enrollment Report**

College	State Funded Target	State Funded Actuals 6/8/26	Percent of Target	Running Start Target	Running Start Actuals 6/8/26	Percent of Target
SCC	6,492	6,482	99.8%	766	822	100.07%
SFCC	2,871	2,817	98.1%	808	846	100.05%
Total	9,363	9,299	99.3%	1,574	1,668	100.06%

**Operating budget expenditures:** Actual expenditures through April were \$109,013,156 or 80% of budget. Through ten months of the fiscal year, expenditures are within budget. SCC is adding additional operating support from local funds to address forecasted spending for the remainder of the year.

**All-Funds Summary Report of Revenues and Expenditures:** Total revenue from all sources was \$247,590,800, compared to total expenditures of \$228,536,635, resulting in net activity of \$19,054,166 as of April 30, 2026. Net activity is projected to decline over the remaining months of the fiscal year, due to the timing variations in revenue and ongoing monthly expenditures for salaries, benefits and capital improvements.

**Board Policy Reference:** 1.50.02 (4) Central Administration. The chief financial officer (CFO) shall make regular financial reports to the Board of Trustees. The CFO shall include in the reports key indicators of the financial status of the district and its operating units, such indicators

to be recommended by the CFO, and followed over time. The CFO shall bring to the attention of the board all financial matters that in the professional judgment of the CFO may significantly impact the financial stability of the district or its operating units.

**Recommendation:** It is recommended that the Board of Trustees approve the consent agenda items as presented.

Combined File June 2026:

1. State Allocation and Tuition Operating Budget Report 2026-04 – 2026-06-09
2. Revenue & Expenditures 2025-07-01 through 2025-04-30 – 2025-06-09
3. Allocation #10 Supplemental Allocation Summary FY26 2026.05.26
4. Enrollment Budget State Funded and Running Start 2026.06.09

# State Allocation and Tuition Operating Budget Report

for Fiscal Year 2025 - 2026

Tuition revenue and GL expenditures through April 30, 2026

## State Allocation #10

	SCC	SFCC	Central Admin	ISC	District Total
Total State Allocation	\$48,686,795	\$24,214,164	\$18,988,082	\$55,954	\$91,944,995
Tuition Revenue Estimate	\$9,339,990	\$4,515,865	\$4,174,796	\$9,000,476	\$27,031,127
Operating Support, One-time Distribution of FY24 Tuition Revenue over Budget, and Unspent DMC	\$1,757,057	\$10,210,951	\$3,186,197	\$1,424,860	\$16,579,065
<b>Total State Allocation &amp; Tuition Operating Budget</b>	<b>\$59,783,842</b>	<b>\$38,940,980</b>	<b>\$26,349,075</b>	<b>\$10,481,290</b>	<b>\$135,555,187</b>

## Allocation and Tuition Expenditures

	Budget	Year-to-Date Expenditures	Percent Expended to Budget	Percent of Total Expenditures
SCC	\$59,783,842	\$51,441,811	86%	47%
SFCC	\$38,940,980	\$28,454,784	73%	26%
Central Administration	\$26,349,075	\$22,232,772	84%	20%
<i>Administration (CEO, CHRO, CIAEAO, CFO, CSSO)</i>		\$7,308,794		6.7%
<i>CIO, CGSO</i>		\$14,923,978		14%
District Managed Costs	\$10,481,290	\$6,883,788	66%	6.3%
<b>Total</b>	<b>\$135,555,187</b>	<b>\$109,013,156</b>	<b>80%</b>	

## Tuition Operating Fee Revenue

	Fiscal Year Budget	Actual Year-to-Date	Target Year-to-Date	Over/(Short) Target YTD	Percent Over/(Short)
SCC	\$16,790,408	\$17,964,559	\$16,486,636	\$1,477,923	8.8%
SFCC	\$10,240,719	\$10,645,341	\$10,111,102	\$534,239	5.2%
<b>District Total</b>	<b>\$27,031,127</b>	<b>\$28,609,900</b>	<b>\$26,597,738</b>	<b>\$2,012,162</b>	<b>7.4%</b>

# Revenue & Expenditures

7/1/2025 through 4/30/2026

\*September Data - Due to an over statement of revenue from last fiscal year, September's Child Care Revenue appears to be negative. This will be resolved by the end of the fiscal year.

\*\*Due to timing conflicts, Indirect for October will be reflected on the November report

\*\*\*Due to a posting error, Child Care Revenue for the month of March was overstated by approximately \$376,000. A correction will be included with the July report.

\*\*\*Due to a posting error, Child Care Revenue for the month of April was overstated by approximately \$268,000. A correction will be included with the July report.

**ACTION:** New Administrative Procedure 2.30.05-AE Fire Prevention Plan

**BACKGROUND:** Consistent with Spokane practice, staff distributed the administrative procedure for comment to internal constituents. No feedback was received after the comment period. The summary of the procedure is below.

2.30.05-AE Fire Prevention Plan – Spokane Colleges is committed to the health and safety of its faculty and staff by maintaining a safe and efficient workplace that complies with all local, state and federal safety and health regulations, programmatic standards and with any special safety concerns identified at the unit level. The purpose of this plan is to protect the health and safety of employees, students, and the environment while complying with all requirements.

**RECOMMENDATION:**

It is recommended that the Board of Trustees approve the administrative procedures as presented.

Attachments: 2.30.05-AE Fire Prevention Plan

# Spokane Colleges Administrative Procedure

## 2.30.05-AE Fire Prevention Plan

---

Implementing Board Policy [2.30.05](#)

Contact: Environmental Health & Safety, 533-8686, 533-8850

### 1.0 Purpose

Spokane Colleges is committed to the health and safety of its faculty and staff by maintaining a safe and efficient workplace that complies with all local, state and federal safety and health regulations, programmatic standards and with any special safety concerns identified at the unit level. The purpose of this plan is to protect the health and safety of employees, students, and the environment while complying with the requirements of [WAC 296-24-567](#).

### 2.0 Scope

This Fire Prevention Plan applies to all college programs/departments, buildings, faculty, employees, and students. It establishes requirements for identifying and controlling fire hazards, safe handling and storage of flammable materials, maintenance of fire protection systems, training, fire drills, and emergency response in compliance with [WAC 296-24-567](#).

### 3.0 Responsibilities

#### 3.1 Employees and Faculty

- All employees and faculty members should complete the emergency management/building evacuation training as required.
- Conduct operations safely to limit fire risk.
- Report potential fire hazards to supervisors and/or the EH&S office.
- Follow fire emergency procedures.
- Participate in Fire Drills and follow the instructions as advised.

#### 3.2 Supervisors

- Identify potential fire hazards in their areas, including classrooms, labs, storage areas, breakrooms, and offices.
- Ensure flammable materials, chemicals, and combustible supplies are stored properly.
- Maintain clear egress paths and unobstructed fire exits.
- Conduct regular inspections of program equipment for fire safety as applies to their respective programs and departments.
- Ensure that their employees receive appropriate fire safety and emergency management training as required.
- Notify the EH&S office when changes in operations increase the risk of fire or a hazardous condition is discovered.
- Familiarize their staff and employees with the location of exits, alarm pull stations, and fire extinguishers.
- Report unsafe conditions, damaged fire safety equipment, or incidents to EH&S and Facilities immediately.

#### 3.3 Campus Security

- Conduct fire drills on a regular basis
- Respond promptly to fire alarms and coordinate with building Safety & Security Representative and/or local fire authorities.

- Assist with evacuation and ensure all areas are clear during emergencies.
- Maintain records of fire incidents, drills, and emergency responses.
- Assist in developing and updating the fire prevention plan.
- Provide emergency management training for employees and faculty.

#### 3.4 Environmental Health & Safety (EH&S) Office

- Develop, update, and communicate the Fire Prevention Plan campus-wide.
- Provide fire safety training, including fire extinguisher use, for employees and faculty.
- Include fire hazard assessments and audits in their safety inspection
- Coordinate with Facilities and Security to ensure compliance with [WAC 296-24-567](#).

#### 3.5 Facilities / Maintenance

- Inspect, maintain, and test or coordinate the testing of fire protection equipment, including:
  - Fire extinguishers, sprinkler systems, and fixed suppression systems
  - Smoke, heat, and flame detectors
  - Fire alarm systems and emergency backup systems
- Ensure building electrical, heating, and pressurized systems meet safety standards.
- Keep fire exits, corridors, and stairwells clear and properly lit as applicable to them.
- Repair or replace damaged fire safety equipment in a timely manner.

#### 3.6 Human Resources (HR) Office

- Support EH&S in enforcing compliance with safety procedures, including the fire prevention plan, across departments.

### 4.0 Major workplace fire hazards and their controls

Upon starting a new job, employees must be informed by their supervisors about the specific fire hazards associated with their work. The list below outlines the most common major fire hazards at Spokane Colleges and the measures in place to control them.

- 4.1 **Open flame:** Per [WAC 132Q-94-160](#), candles and other open flames, including lighting and burning of incense, are prohibited in any building owned or operated by Spokane Colleges.
- 4.2 **Smoking:** Smoking is only allowed in designated areas on campus.
- 4.3 **Grilling:** The use of grills on campus is limited to propane-fueled or natural gas units. They should also be at least 10 feet from buildings, overhangs, or combustible materials.
- 4.4 **Ceiling light covers:** In case of using ceiling light covers, they must be fire/heat-resistant, and their installation should be coordinated and approved by Facilities.
- 4.5 **Electrical equipment:** All appliances must be listed as UL (Underwriters Laboratories). Building light bulbs shall not be replaced with higher wattage bulbs than those for which the fixture was designed.

#### 4.6 Holiday decorations

- Natural trees and resinous greenery are prohibited for use as holiday decorations in all buildings.
- Artificial trees or other decorations must be flame-proof. Lighting on artificial trees and other decorations must be disconnected at night or when the area is expected to be vacant for longer than an hour.

4.7 **Heating system and cooking equipment:** Never leave cooking appliances unattended; maintain clearances around heat sources. Portable electric heaters should have tip-over protection that automatically shuts off the unit when it is tipped over.

#### 4.8 Other major fire hazards and their controls include:

- a. **Hot work:** Hot work means operations including welding, brazing, torch cutting, grinding, torch soldering, or any other operation that creates heat, sparks, and hot slag that have the potential to ignite flammable and combustible materials in the surrounding area. A permit from the Facilities or their department is required before starting hot work on campus.
- b. **Laboratory and shop chemicals:** Employees should follow the [Chemical Hygiene Safety Program](#) and [Chemical Storage Guidelines](#).

#### 4.9 Other Controls:

- a. All employees should review with their supervisor the [SDS sheets](#) for the chemicals they encounter in the workplace. As it relates to this Fire Prevention Plan, specific attention should be paid to Section II - Hazard Identification.
- b. Fire extinguishers are located throughout campus and can be used to control the hazards listed above. However, fire extinguishers should only be used by employees who have been trained to use a fire extinguisher and when the fire is small. Many Spokane Colleges' buildings are also sprinklered; these sprinkler systems can be used to control the hazards listed above.

### 5.0 Housekeeping

To limit the risk of fires, the departments and programs will take the following precautions:

- 5.1 Avoid storing combustible materials such as paper, cardboard, woods, and cloth on or near power strips, receptacles, or cords, as this increases fire risk.
- 5.2 Make sure doors, hallways, stairs, and other exit routes are free of obstructions.
- 5.3 Use and store flammable materials in well-ventilated areas away from ignition sources.
- 5.4 Use only nonflammable cleaning products.
- 5.5 Turn off electrical equipment when not in use.
- 5.6 Ensure that all gas leaks are immediately reported to Facilities.
- 5.7 Do not rely on extension cords if wiring improvements are needed and take care not to overload circuits with multiple pieces of equipment.
- 5.8 Avoid the accumulation of sawdust and other combustible dust near ignition sources. These dusts can ignite or even explode when exposed to sparks or open flames.
- 5.9 Hallways are kept clear of obstructions and maintain a width of 44 inches of egress space.

- 5.10 Maintain at least 18 inches of clearance around the sprinkler heads, keeping them free from any obstructions.
- 5.11 Maintain at least 26 inches of clearance around the electrical panels, keeping them free from any obstructions.
- 5.12 Keep incompatible (chemically reactive) substances away from each other. Please refer to the [Chemical Storage Guidelines](#) for more details.

## 6.0 Maintenance

The following equipment and systems are subject to regular maintenance, inspection, and testing:

Equipment installed to detect fuel leaks, control heating, and control pressurized systems.

- 6.1 Portable fire extinguishers, automatic sprinkler systems, and fixed extinguishing systems.
- 6.2 Detection systems for smoke, heat, or flame.
- 6.3 Fire alarm systems.
- 6.4 Equipment and systems that could serve as ignition or fire sources.
- 6.5 Emergency backup systems and the equipment they support.

Facilities will conduct and/or coordinate inspections and maintenance for these pieces of equipment unless they are program-specific. In such cases, the department that owns the equipment is responsible for its inspection and maintenance. Departments may also contact Facilities or the EH&S office for additional assistance or to help coordinate inspections or maintenance with an outside contractor.

## 7.0 Fire Safety Overview

Fire ignition hazards include, but are not limited to, open flames, numerous chemical agents, sparks, and heat-producing equipment or materials. Recognizing and controlling these hazards is critical to preventing fires and protecting campus safety.

Examples of fire ignition hazards include, but are not limited to:

- 7.1 **Faulty electrical systems and equipment:** Defective electrical equipment, including wiring, switches, or short circuits, can produce sparks, arcing, and heat sufficient to ignite nearby materials.
- 7.2 **Unattended portable heating devices:** Space heaters, hot plates, or other heating devices must never be left operating without supervision.
- 7.3 **Combustibles near electrical equipment:** Keep anything that can burn away from electrical equipment.
- 7.4 **Overloaded electrical circuits or multi-plug devices (power strips):** Excessive load can generate extreme heat in cords, wiring, and devices, creating fire and ignition risks.
- 7.5 **Improper use of extension cords with heat-producing appliances:** Coffee makers, kettles, microwaves, and toasters must be plugged directly into wall outlets rather than extension cords.
- 7.6 **Improper storage or handling of chemicals:** Certain chemicals and materials (pyrophoric) can spontaneously ignite with exposure to air. Oxidizers also can cause or contribute to the combustion of other materials if improperly stored or handled. Please refer to [Chemical Storage Guidelines](#) for more details.

- 7.7 **Improper handling of flammable liquids:** Open containers of flammable liquids generate volatile vapors that will travel and may accumulate in other areas. If these vapors reach an open flame or spark, ignition and an explosion will occur.

In any area where hazardous conditions, such as the use, storage, or dispensing of flammable or combustible materials, are present, special fire safety precautions must be taken. All potential or suspected fire hazards or concerns shall be immediately reported to your supervisor and Facilities by submitting a work order. If it is an immediate fire hazard, notify the EHS office at 509-533-8686 or 509-533-8850.

## 8.0 Fire Drill

- 8.1 **Frequency:** Fire drills will be conducted at least once annually for all campus buildings, with additional drills as needed.
- 8.2 **Coordination:** Drills will be organized by Campus Security (Emergency Management) with cooperation from Facilities, building administrator, and Safety and Security Representatives (SSR).
- 8.3 **Notification:** Drills may be announced in advance to allow employees to practice and review evacuation procedures.
- 8.4 **Procedure:**
- Activate the building's fire alarm system.
  - Require all occupants to follow evacuation routes to designated assembly areas.
  - Account for all personnel and report results to Incident Commander .
  - Identify and correct any evacuation issues.
- 8.5 **Documentation:** The campus security (Emergency Management) will keep records of drill dates, times, participation levels, and any deficiencies found.
- 8.6 **Evaluation:** Drill results will be reviewed to improve procedures and training.

## 9.0 Respond to a Fire

Please refer to the [Emergency Immediate Actions Guide, Fire Section](#) (the flipchart you can find in each room).

## 10.0 Disposal of Flammable & Combustible Waste Materials

Employees should follow the [Dangerous Waste Management](#) procedure, which discusses safe management and disposal of hazardous materials, specifically flammable and ignitable wastes that are capable of causing or intensifying a fire through routine handling and storage.

## 11.0 Training

- 11.1 Individuals designated to use fire extinguishers, including but not limited to Building Safety Representatives (BSR), Safety, Security Representatives (SSR), BEAT team members, and other building-designed personnel, must complete initial fire extinguisher training and participate in annual refresher training.
- 11.2 All faculty, staff, and students should be trained on the building evacuation procedure.
- 11.3 All training will be documented with records maintained in the employee's personnel file and copies forwarded to the Human Resources office.

- 11.4 Facilities and the Head Start Department keep their own training records.
- 11.5 The supervisors will ensure that their personnel are informed of the location and availability of emergency equipment such as fire alarm, fire extinguisher, evacuation routes, etc.

## 12.0 Plan review and update

### 12.1 Quarterly Emergency Response Review

- Safety and Security Representatives (SSRs) will review emergency response actions with employees and students at the beginning of each academic quarter. This review will include, at a minimum:
  - Evacuation routes for the building or area.
  - Evacuation assembly areas designated for their location.
  - Locations of safety equipment (e.g., fire extinguishers, pull stations, AEDs, and first aid kits) within their respective areas.
  - This recurring review ensures that all building occupants are familiar with evacuation procedures and the placement of critical safety resources, reinforcing Spokane Colleges' commitment to fire prevention and life safety.

### 12.2 Annual Review:

This plan will be reviewed annually or after any significant changes on campus, and updates will be communicated to all faculty and staff.

**DISCUSSION:       Annual Risk Assessment  
Fiscal Year 2025-26 (FY26)**

**Background**

The annual risk assessment is a core element of the institution’s governance and risk management responsibilities. Its purpose is to provide assurance that the institution has identified the most significant and well-established risks affecting higher education and has appropriate controls in place to manage those risks. This assessment supports the Board’s oversight role by demonstrating that institutional risks are being proactively monitored and addressed in a structured and intentional manner.

For FY 25–26, the assessment was informed by the *United Educators 2026 Top Risks Report*, a widely recognized industry resource that identifies the most impactful and persistent risks facing colleges and universities. Using this framework, management reviewed each risk area and evaluated the existing policies, procedures, and control activities designed to mitigate those risks. This approach ensures alignment with sector best practices while reflecting the institution’s specific operational context.

In addition to informing institutional leadership and supporting Board oversight, the annual risk assessment fulfills a required compliance obligation for state agencies. This document serves as the official risk assessment for audit and regulatory purposes.

Overall, the FY 25–26 risk assessment affirms that the institution maintains a deliberate and consistent approach to risk management, with controls in place to address key sector-wide risks and meet both governance and regulatory expectations.

**Spokane Colleges Significant Higher Education Risk Assessment Tool**

<b>Date performed:</b>	03/17/2026	
<b>For the period of:</b>	July 1, 2025-June 30, 2026	
<b>Performed by (name and title):</b>	Maria Midkiff, Director of Business & Administrative Services	
<b>Risk</b>		<b>Control</b>
<b>1. Campus Safety</b>		
	An inability to act effectively in a timely manner to campus threats can expose higher education providers to heightened risks, outrage, and backlash from the student body and faculty.	<ul style="list-style-type: none"> <li>· Spokane Colleges is currently in the process of updating their Emergency Operations Plan with stakeholder feedback. Cabinet is scheduled to finalize review and test the plan during a Tabletop Exercise scheduled for July 2026.</li> <li>· An emergency alert system for mass communication is operational.</li> <li>· Employee safety training through HR is provided, including de-escalation and mental health crisis.</li> <li>· The Safety Security and Emergency Management Council has reviewed its Annual Security Report to determine if Spokane Colleges has policies, procedures, or protocols in place to back up the statements made in its Annual Security Report in alignment with Clery Act requirements. Spokane Colleges has established written protocols for maintaining records in accordance with their records retention schedule.</li> <li>· A comprehensive assessment of our Emergency Management Program was completed by an outside consultant in 2025. Spokane Colleges is currently prioritizing recommendations and implementing based on capacity.</li> <li>· Building access and security camera locations have been established.</li> <li>· Safety and victim support programs are in place for students and staff.</li> </ul>
<b>2. Data Security, Cybersecurity, and Privacy</b>		
	Hybrid and virtual environments bring an increase in exposure to cybersecurity breaches.	<ul style="list-style-type: none"> <li>· Tabletop summary was finalized by the CIO</li> <li>· An IT User Training Plan has been created to identify and develop key tech competencies and tools.</li> <li>· Spokane Colleges Administrative Procedure 8.10.02 Information Technology Security addresses data security.</li> <li>· A consultant is reviewing IT practices and systems.</li> </ul>
	Higher education institutions possess substantial amounts of personally identifiable information (PII), payment information, and medical records that can be targets for hackers.	<ul style="list-style-type: none"> <li>· Spokane Colleges Procedure 8.10.02-B Data Governance</li> <li>· Spokane Colleges Procedure 1.50.02-B Records Management</li> <li>· Spokane Colleges Procedure 8.10.01-A Acceptable Use of Information Technology Resources</li> </ul>
	Systems outside of Spokane Colleges may be compromised, for example, vendors may have weak controls around their software/cloud computing.	<ul style="list-style-type: none"> <li>· Spokane Colleges adopted new control procedures for any changes to vendor payments and accounts.</li> </ul>

<b>3. Enrollment</b>		
	<p>If colleges do not act swiftly to build their capacity for non-traditional instruction, they risk decreased enrollment, missed opportunities, or offering subpar virtual classes that damage their reputation.</p> <p>Changes to federal or state policies around access to programs and financial aid may impact student enrollment.</p>	<ul style="list-style-type: none"> <li>· Cross-district course scheduling and utilization plan and removal of all barriers inhibiting cross-district enrollment (BOT goal)</li> <li>· Master Technology Plan: planning for tech needs and services (technology project)</li> <li>· Guided Pathways: complete and post comprehensive program maps to provide clear understanding and pathway information to the community</li> <li>· SCC/SFCC Online Learning Information - Virtual campus provides online degrees and certificates to students, online, hybrid, or Optional F2F/Online</li> <li>· Spokane Colleges is working to expand program partnerships, including initiatives like the Trades High School collaboration with Spokane Public Schools (SPS).</li> <li>· College programs are evaluated and reviewed to ensure program maps and opportunities are designed to reflect employment viability standards, supporting continued eligibility for financial aid.</li> <li>· The colleges have created measurable oversight mechanisms that show active monitoring and management of enrollment, including monthly enrollment trend dashboard reviews, scenario planning for enrollment fluctuation, online program quality review standards, reputation monitoring (e.g., social listening, review tracking) and formal retention metrics (such as persistence tracking).</li> </ul>
	<p>Students will rely more on college search sites, student reviews, and social media for their college search and decision making, which requires unprecedented levels of communication and personalized digital outreach.</p>	<ul style="list-style-type: none"> <li>· Chatbot interactive function is deployed on the web site.</li> <li>· CRM: Customer Relationship Management software/program, using data from CRM to motivate and connect staff to strategic goals while enhancing customer Service</li> <li>· Marketing is creating a user-friendly research-based tool (iFactory Discovery Tool) to help students map their educational journeys and career opportunities.</li> </ul>
<b>4. Facilities and Asset Management</b>		
	<p>Colleges should balance the need to adequately fund ongoing operations with the need to allocate resources to maintenance costs.</p>	<ul style="list-style-type: none"> <li>· Spokane Colleges Procedure 6.00.01-B Preventive Maintenance</li> <li>· Spokane Colleges Procedure 6.00.01-C Corrective Maintenance</li> <li>· Spokane Colleges Procedure 6.00.01-A Building Improvement Requests</li> <li>· Budgetary process</li> <li>· SBCTC provides a general Emergency Fund and an Asbestos and Hazardous Material Abatement fund, available on a first-come-first-served basis.</li> <li>· Backup power and fire protection systems are in place and are regularly tested.</li> <li>· Buildings on campus are ADA compliant and appropriately designed.</li> </ul>
	<p>Multiple events can happen at any time, with little warning (pandemic, natural disaster, cyber breach, etc., and may be concurrent)</p>	<ul style="list-style-type: none"> <li>· Spokane Colleges is currently in the process of updating their Emergency Operations Plan with stakeholder feedback. Cabinet is scheduled to finalize review and test the plan during a Tabletop Exercise scheduled for July 2026.</li> <li>· An emergency alert system has been established.</li> <li>· Employee safety training through HR is provided.</li> </ul>

		<ul style="list-style-type: none"> <li>· Spokane Colleges completed an Emergency Management Assessment with an outside consultant (February 2025). Spokane Colleges is currently prioritizing recommendations and implementing based on capacity.</li> <li>· Facilities Continuity of Operations (COOP) is in place and is reviewed annually.</li> </ul>
<b>5. Student Activism and the Culture Wars (External Pressures)</b>		
	As colleges become ground-zero in the culture wars, schools may continue to face intense pressure from students to address social justice concerns (example, rename buildings).	<ul style="list-style-type: none"> <li>· Talent and cultural training for faculty and staff</li> <li>· Land acknowledgement</li> <li>· Ensure compliance with state and federal laws.</li> <li>· Develop model policies when warranted in collaboration with the AAG to guide institutional response when federal and state guidance conflict.</li> <li>· Support individual rights to freedom of speech while creating support for non-violent, civic engagement and public discourse.</li> <li>· A Civil Rights group was convened to review programs, forms, sites and established a review process and documentation that the programs run using federal funds comply with anti-discrimination laws.</li> </ul>
<b>6. Talent Recruitment and Retention</b>		
	Increased stress and higher rates of burnout have caused many to rethink whether teaching, with the new added role of counselor or other activities well outside the bounds of the traditional academic setting, is sustainable.	<ul style="list-style-type: none"> <li>· An Individual Development Program with standardized career/professional development plans for Spokane Colleges full-time employees is being developed.</li> <li>· A part-time training program that prepares candidates for future full-time opportunities is being developed.</li> <li>· Work/Life Balance program (employee recruitment and retention) is to be established</li> <li>· Employees have access to the Employee Assistance Program (EAP).</li> </ul>
	Employees seek flexibility for telecommuting, flexible hours, and more purposeful work in the post-COVID era.	<ul style="list-style-type: none"> <li>· Spokane Colleges updated telework and flexible schedule agreements used by staff to allow for more flexibility.</li> <li>· Spokane Colleges Administrative Procedure 2.00.01-C Telework</li> <li>· Spokane Colleges Telework Agreement Online Form</li> </ul>
	Employees may not be engaged, may not feel heard, or may not receive technical or leadership development.	<ul style="list-style-type: none"> <li>· Training and development opportunities are available for all employees, including access to the library of classes in LinkedIn Learning.</li> <li>· Spokane Colleges has established procedures to allow for flexible work, hybrid work, and teleworking options to support employee engagement with various work options.</li> </ul>

<b>7. Student Mental Health</b>		
	Risks related to students' mental and emotional well-being, including mental illnesses and suicide	<ul style="list-style-type: none"> <li>· Spokane Colleges has mental health resources, including counseling, on campus, and includes a clinic that is the home base for intern therapists.</li> <li>· Spokane Colleges offers wellness group activities, as drop-in sessions (no registration required), workshops, self-help resources, Let's Chat online visits, and drug and alcohol support resources.</li> <li>· Mental health concerns can be reported through our online reporting site, where trained staff follow up.</li> <li>· The colleges have a CARE team (counseling, mental-health support, safety coordination) that supports student interventions to prevent escalation.</li> </ul>
<b>8. Funding/Financial Stability</b>		
	Risks to core revenue streams	<ul style="list-style-type: none"> <li>· Tuition rates are established by the State Legislature, the State Board for Community and Technical Colleges, and the Spokane Colleges Board of Trustees.</li> <li>· The colleges lobby the state for additional support.</li> <li>· Vice President of Workforce position builds workforce connections in the community and oversee Corporate and Continuing Education.</li> <li>· Continue to monitor federal grant opportunities and other funding opportunities to support our students.</li> </ul>
	Risks related to constraints on college processes, financial stability, and business model.	<ul style="list-style-type: none"> <li>· Spokane Colleges has reorganized central administration in 2024.</li> <li>· LEAN business processes are being adopted to create consistent, predictable, and understood processes/roles.</li> <li>· Spokane Colleges has initiated an Allocation Adjustment Model process to determine ways to grow revenue/enrollment, identify areas for budget reductions, and streamline processes for greater efficiency, with initial review due by June 2026.</li> </ul>
	Large-scale data breaches, payment fraud and chargebacks, and misuse of credit card holder data may lead to financial and reputational damage.	<ul style="list-style-type: none"> <li>· PCI-DSS Attestation of Compliance is completed annually.</li> </ul>
<b>9. Compliance (non-VAWA/Title IX)</b>		
	Risks involving noncompliance with federal, state, and local regulations and other elective accountability authorities	<ul style="list-style-type: none"> <li>· Employees are offered training on the Ethics in Public Service Act.</li> <li>· Spokane Colleges has a designated ethics advisor per RCW 42.52.365</li> <li>· Spokane Colleges has use of counsel through the Washington State Office of the Attorney General</li> <li>· Established a Clery Act Compliance Subcommittee to ensure Clery Act compliance and support Annual Security Report efforts.</li> </ul>

	<p>Noncompliance with the Public Records Act may result in lawsuits, penalties, attorney fees, and costs.</p>	<ul style="list-style-type: none"> <li>· Public Records Manager is a permanent, full-time position.</li> <li>· Spokane Colleges Procedure 1.50.02-A Public Records Requests has been established.</li> <li>· The Attorney General's Office provides training to agencies regarding new case law</li> <li>· Training has been developed regarding record retention requirements.</li> <li>· The WA Secretary of State provides training to agencies regarding record retention.</li> </ul>
<b>10. Compliance - Title IX</b>		
	<p>Risks related to sexual harassment and discrimination.</p>	<ul style="list-style-type: none"> <li>· Title IX training is required annually for all employees.</li> <li>· With the reorganization of central administration, the Chief Human Resource Officer is responsible for Title IX compliance.</li> </ul>
<b>11. Accounting Pronouncement Changes</b>		
	<p>GASB Statement 96 - Subscription-Based Information Technology Arrangements (SBITA)</p> <p>GASB 103 Financial Reporting Model Improvements</p>	<ul style="list-style-type: none"> <li>· Accounting staff attend accounting/auditing update training held by the SAO, SBCTC, and the WSCPA.</li> </ul>
<b>12. Environmental Health &amp; Safety</b>		
	<p>The Colleges may be in regulatory non-compliance with the numerous governing bodies that set environmental health and safety regulations, leading to legal consequences, financial penalties, environmental harm, and risks to employee and student safety.</p>	<ul style="list-style-type: none"> <li>·The Chief General Services Officer oversees Environmental Health and Safety.</li> <li>·Routine audits and inspections are performed by employees to assess campus readiness.</li> <li>·Clear policies and procedures for safety and hazardous materials have been established under Administrative Procedure 2.30.05 Workplace Safety.</li> <li>·Ongoing training is offered to employees.</li> <li>·An incident tracking and corrective action plan has been established.</li> <li>·Dedicated personnel have been assigned to ensure adherence to regulations.</li> </ul>

## **ACTION: CONSIDER AUTHORIZATION TO GRANT EXCEPTIONAL FACULTY AWARDS**

### **BACKGROUND**

Spokane Colleges Foundation established the Exceptional Faculty Award Endowment Fund in 1997. The endowment has been funded with matching dollars from the Washington State Legislature, Foundation contributions and contributions from Spokane Teachers Credit Union (STCU). The funds are endowed, enabling the Foundation to use interest earned to make annual awards. The current balance in the endowment fund is \$402,406.40. A district-wide committee is appointed to develop criteria for nomination and a timeline for the nomination process and make recommendations regarding recipients. Faculty members are appointed according to the Master Contract.

In the past the Foundation has annually awarded eight to twelve awards. The nominating committee is recommending ten EFA awards.

### **RECOMMENDATION**

It is recommended that the Board of Trustees of Washington State Community College District 17 approve the granting of Spokane Colleges Foundation Exceptional Faculty Awards for the 2025-2026 academic year as recommended by the committee.

Spokane Colleges Foundation

# Exceptional Faculty Award Recipients 2025-2026

## Spokane Community College

### **James Shearer**

James Shearer moved across the country to start at SCC in an annualized position and then competed for the tenure-track position for which he was hired into the position and then received tenure. He receives outstanding evaluations from students who note that he doesn't just teach his classes but comes in early and stays late to work with them. If not preparing for class for future weeks, he's working with students who need extra help and/or counseling about career options. Additionally, he's taken on the role of department chair in recent years, has served on multiple screening committees, has been on tenure committees, and has assisted with the Aviation Maintenance Club.

### **Kimmie Eikum**

Kimmie Eikum moved to SCC along with her other faculty members when her Rad Tech program moved from the hospital to the campus. She receives outstanding evaluations from students who note that she teaches classes effectively and with "real world experience" that comes from working in the hospital with patients. She is always available to students outside of class. In addition to helping them master concepts from class, she's also counseling them with respect to their clinical site work and applying for positions within their career prior to graduation. She has been the Department Co-chair for Allied Health for the last several years. She also serves on the Radiology Advisory Board, the Radiology Assessment Committee, and has been the Program Director of the Rad Tech program since 2018.

### **David Edwards**

David Edwards demonstrates genuine concern for his students' education in everything he does. He is approachable, easy to talk to, and always willing to offer support when it's needed. His deep knowledge of architecture, combined with his ability to break down complex concepts into practical, real-world applications, ensures that students truly understand the material rather than just memorize it. David brings his artistic vision and passion for architecture into the classroom every day, inspiring enthusiasm and curiosity in his students. He fosters a safe and inclusive learning environment where individuals from all backgrounds and experience levels feel valued and supported. With David, students feel comfortable asking questions and confident that they will receive thoughtful, thorough guidance to help them succeed.

### **Teya Kuhle**

Teya teaches, advises, organizes, mentors, and leads. She contributes at a level that significantly strengthens both student outcomes and the department as a whole — and she does not always receive enough recognition for the breadth of that work. Teya teaches with

intentionality. She has said she teaches what she wishes she had been taught in school, and that mindset shows. She emphasizes real tools, real industry knowledge, and long-term competency. Beyond instruction, she travels with the AG/HRT Club to national competitions and invests significant time preparing students. That level of commitment goes far beyond classroom obligation. Teya plays a major role in organizing and aligning degree pathways within the Environmental Science and Horticulture programs.

### **Deanna Eckel**

Mrs. Eckel and the Inspiration Salon have from the start treated me equally and have held me to the school's standard each quarter, they have educated, been fully supportive and patient with my education. Mrs. Eckel has brought more out of me than anyone has in my life, from growing my own personal issues to learning how to be a social person, Mrs. Eckel has helped me grow into the next best version of myself and im so grateful for it. There's been many moments of uncertainty but knowing Mrs. Eckel gave me her support and believed in me has lifted my spirit and has helped me graduate. Mrs. Eckel has helped with the homeless where we serve many homeless people with resources for haircuts. She also has always kept us informed on school club events and offered time to go to events.

## **Spokane Falls Community College**

### **CarliAnn Forthun Bruner**

CarliAnn Forthun Bruner demonstrates deep, consistent concern for students' education by meeting them where they are—physically, artistically, and personally—and then guiding them toward where they did not yet realize they could go. CarliAnn goes beyond classroom instruction by repeatedly creating additional learning opportunities that serve students across skill levels and interests. Her contributions extend well beyond the classroom through leadership, community building, and meaningful engagement with the regional arts ecosystem. She does not simply teach classes—she builds culture, creates opportunities, and helps students see themselves as artists with agency.

### **Denny Pham**

Dennis "Denny" Pham demonstrates deep, consistent concern for student learning by treating technical theatre education as both a craft and a pathway—something students can do with their hands and also build a future with. Denny consistently goes beyond the expectations of classroom instruction by creating hands-on learning opportunities that mirror real professional practice. Students benefit not only from his technical knowledge, but from his steady presence and generosity with expertise. Denny also regularly serves as an adjudicator for Washington State Thespians, contributing to the development of theatre education statewide while helping build a bridge between high school theatre and continued training at Spokane Falls Community College.

### **Rebecca Cook**

Rebecca Cook consistently centers students not only as learners, but as emerging artists and technicians who deserve access, opportunity, and mentorship beyond the classroom. She

regularly goes far beyond the expectations of classroom instruction by serving as a mentor, advocate, and connector for students pursuing careers in theatre and film. She invests significant time outside of class advising students on career pathways, preparing them for professional environments, and helping them navigate the transition from student to working artist. Rebecca exemplifies faculty leadership that strengthens programs, builds community trust, and expands opportunity for students long after a class has ended.

### **Cedric BidwellWilliams**

Cedric BidwellWilliams demonstrates genuine concern for students' education by treating the musical process as both high-level training and a deeply supportive learning environment. He is also a generous collaborator and positive problem solver—two qualities that are invaluable in educational theatre. Cedric's impact extends well beyond SFCC through robust, ongoing involvement in Spokane's arts ecosystem—work that directly benefits our students and alumni by building bridges to professional and semi-professional opportunities. In every setting, Cedric strengthens the connective tissue between training and practice, between campus and community, and between aspiration and opportunity.

### **Ian LaBarge**

Ian LaBarge demonstrates deep and sustained concern for student learning through a pedagogy that is intentional, reflective, and firmly rooted in real-world application. He mentors students individually, provides detailed feedback on creative work, and helps them understand industry norms, collaboration, and professionalism. In addition, Ian actively advocates for improved learning environments and equipment, recognizing how infrastructure directly impacts student success. This year, he stepped into the role of advisor for the Film Club, creating additional opportunities for student leadership, peer collaboration, and creative exploration outside of formal coursework. His combination of teaching excellence, service, and forward-looking collaboration makes him an invaluable member of the SFCC faculty.

## **REPORT: SALING AWARDS FOR EXCELLENCE**

### **BACKGROUND**

Spokane Colleges Foundation established the Saling Awards for Excellence Endowment Fund in 2006. Dr. Gerald Saling, former Spokane Falls Community College President, and a former state legislator, contributed \$40,000 to this effort in his lifetime. Dr. Saling's friends and former co-workers contributed additional funds. The funds are endowed, enabling the Foundation to use interest earned to make annual awards. The current balance in the endowment is \$112,789.08. Nominations may be made by students or faculty, and a district-wide committee is appointed to review the nominations and make recommendations to the Foundation Board regarding recipients.

There will be three awards presented for the 2025-2026 academic year.

Prepared by: Christine DeGeare, Scholarship and Alumni Relations Manager  
Spokane Colleges Foundation

Presented by: Heather Beebe-Stevens, Executive Director  
Spokane Colleges Foundation

# **Saling Awards for Excellence Recipients 2025-2026**

## **District**

### **AJ Proszek**

AJ demonstrates an unwavering commitment to providing an excellent education for all students by consistently prioritizing student learning, access, and success in every aspect of their work. AJ is a product of Spokane Colleges. He is a SFCC graduate and with that experience he creates an environment where every student—regardless of background, preparation level, or personal circumstances—feels supported, encouraged, and empowered to succeed. He consistently goes above and beyond his defined responsibilities by demonstrating exceptional commitment to students, colleagues, and the mission of Spokane Colleges.

## **Spokane Community College**

### **Piper McCarthy**

Piper has made immense efforts to ensure students are getting what they need at SCC. She is an amazing leader, trusting the expertise of her team, and contributing ideas with humility and tact. Change is not the easiest thing to lead, but Piper has a devoted team that supports her vision and her leadership. She never loses sight of why we are here: for the students. They are the center of her decisions and guidance to the staff. She leads with equity, collaboration, and integrity at the forefront. She leads by example, listens to employees and students, encourages open dialogue, and demonstrates transparency in her decisions.

## **Spokane Falls Community College**

### **Ashley Clark**

Ashley is an exceptional leader, trusted colleague, thoughtful partner, dedicated advocate, and highly regarded financial aid expert. She has a clear ability to build, develop, and sustain strong teams that collaborate effectively and deliver results. Ashley ensures that students from all financial backgrounds can attend by building processes and helping develop policies that maximize aid packages. Ashley's day to day actions and decision making, as well as long-range planning, are founded in fairness, collaboration, transparency and concern. Her ability to build partnerships has been demonstrated with leadership - in Student Affairs, across the college, external stakeholders and through the State.

**ATHLETICS DEPARTMENT RECAP OF FY 2025-2026 SEASONS**

Presented by: James Fitzgerald  
Athletics Director  
June 16, 2026

**June 16, 2026**

**ACTION TAB:  
TENURE CONSIDERATION**

The Board of Trustees, as appointing authority, is ultimately responsible for granting or denying tenure for a probationary faculty member after having reviewed and given reasonable consideration to the information provided through and during the tenure process.

By the end of a probationer’s eighth quarter of employment, or when otherwise recommended prior to the eighth quarter, (summers excluded), the board may:

- a. grant tenure.
- b. deny tenure.
- c. extend the probationary period for one, two, or three quarters, excluding summer quarter (where recommended by the applicable tenure review committee); or
- d. take no action, thereby granting de facto tenure.

The following probationary faculty members are appropriately before the Board of Trustees and awaits action as outlined above.

**RECOMMENDATION**

Take the appropriate action to implement the Board of Trustees’ tenure decision for the following probationary faculty members, presented here by.

**DISCUSSION/ACTION: Approval of the Fiscal Year 2026-27 (FY27)  
Spokane Colleges Operating Budget and Delegation of Authority**

**Background**

The Annual Operating Budget reflects Spokane Colleges planning priorities by supporting instructional programs, workforce education, student services, employee compensation, facilities, and essential administrative operations. The budget intentionally aligns available financial resources (sources) with institutional goals to advance student success, maintain high-quality educational programs, and ensure long-term fiscal sustainability.

The budget development process is the culmination of several months of planning and discussions at Spokane Colleges (SCC, SFCC, and Central Administration). As illustrated in the planning calendar below, planning commenced last fall, with recommendation of the budget in June.

The budget reflects structural changes driven by state funding constraints, implementation of the SBCTC Allocation Model Adjustment, and inflationary pressures. Spokane Colleges approach balances these external challenges while maintaining a focus on long-term financial sustainability. The budget is balanced through targeted reductions, strategic revenue adjustments, and prioritization of mission-critical programs.

To guide the planning process, core planning priorities and guidelines were developed, including revenue and expenditure assumptions and a decision-making framework that considers:

1. Long-term Impact and Strategic Investments
2. Protection of mission-critical functions
3. Equity and Fairness in reductions
4. Efficiency and Innovation
5. Risk Management and Compliance

**Revenue Assumptions (Sources of Revenue)**

The primary revenue sources include state funds allocated through the State Board for Community and Technical Colleges (SBCTC), student tuition, local Strategic Investment Pool, other revenue such and Running Start contract fees, and indirect cost recoveries. The combination of state, local and indirect cost recoveries from federal programs supports general operations.

State Operating Allocation.

State allocations reflect implementation of the 2<sup>nd</sup> year of the State of Washington’s 2025-27 Biennial Operating Budget and approval by the State Board for Community and Technical Colleges (SBCTC). The legislative operating appropriations provide the financial foundation for college and district operations.

FY27 marks the first year of implementation of the new allocation model. The key components of and funding drivers of the state allocation model include:

- A minimum operation allocation of \$3.7 million per college
- Enrollment funding (district enrollment allocation base – DEAB) calculated using the four-year rolling average based on actual full-time equivalent (FTE) and headcount enrollments, excluding international, corporate, and continuing education enrollments.
- Distribution of five percent of state operating appropriations based on the Student Achievement Initiative academic momentum metrics (SAI).
- Distribution of five percent of state operating appropriations based on enrollments in Basic Education for Adults and skills gap programs.

In addition to the base allocation model, allocations are received through safe harbor provisions, including:

- Legislative proviso — Language in the budget bill that places conditions or limitations on the use of appropriations.
- SBCTC earmarks — Funds designated by the SBCTC for specific purposes, often targeting programs or populations.
- Four-year safe harbor — Annual increases for compensation (COLA) and facilities are held outside the model for four years. After that period, the first year of increases is distributed through the allocation model, and another year of increases enters the four-year safe harbor.

To achieve state general fund savings, the State’s 2026 supplemental operating budget includes a one-time higher education adjustment that replaces \$71.2 million in state appropriations over the biennium with building fee revenue. This approach generates savings for the state while mitigating deeper reductions to higher education budgets. Compared with FY 2026 funding levels, the enacted supplemental budget reflects a near net zero change for fiscal year 2027, or essentially “flat” revenue when compared to FY26.

Included in the state operating allocations is partial funding for 2.6% cost of living adjustments (COLAs) for faculty and 2.0% adjustments for all other employee groups. State funding for COLAs provided to Spokane Colleges of \$1,502,146 is approximately 79.5% of the total estimated costs (\$1,889,442) to implement the authorized COLAs. The initial District Enrollment Allocation Base funding (DEAB) also incorporates the impact of the new SBCTC allocation model. The total adjustment for Spokane Colleges is \$7.754 million, which will be phased in over six years, as noted below.

	Year 1 FY27	Year 2 FY28	Year 3 FY29	Year 4 FY30	Year 5 FY31	Year 6 FY32	Total
Calculated Annual Adjustment	\$ (1,292,462)	\$ (1,292,462)	\$ (1,292,462)	\$ (1,292,462)	\$ (1,292,462)	\$ (1,292,462)	\$ (7,754,772)
Cumulative Adjustment	\$ (1,292,462)	\$ (2,584,924)	\$ (3,877,386)	\$ (5,169,848)	\$ (6,462,310)	\$ (7,754,772)	
Smooth In Adjustment	\$ 6,462,310	\$ 5,169,848	\$ 3,877,386	\$ 2,584,924	\$ 1,292,462		

Local Revenue Estimates

The primary source of local revenue comes from student tuition and mandatory fees. The tuition operating fee budget of \$27,970,397 assumes stable enrollment and a 3.3% rate increase effective fall quarter 2026. The total budget increase compared to FY26 is \$1.9 million; \$925K of the increase is attributable to the rate increase. Other local revenue includes one-time adjustments for prior year budget variances, revenue from Running Start enrollment and indirect cost recoveries from grants and contracts, and designated revenue from the Strategic Investment Pool (SIP).

Total budgeted revenue from all sources is \$139,566,145. The total change from FY26 is primarily due to an increase in local operating support needed to cover estimated carryforward spending. State funding comprises 66% of revenue, while local sources provide 34% of operating revenue (21% Tuition, Operating Support 9.5%, SIP 2.1%, and Other 1.6%).

**Spokane Colleges**

**Budget Overview**

2027 State Appropriation, Tuition, Operating Support, Budget Distribution

Description	2024-25	2025-26	2026-27	2026-27
	Actual	Budget Allocation #6	Change	Budget

Operating Support <sup>(1)</sup>	10,001,519	8,749,693	4,645,472	13,395,165
Strategic Investments	2,474,332	3,000,000	-	3,000,000
Other <sup>(2)</sup>	3,187,082	3,705,372	(1,459,119)	2,246,253
<b>Total Budgeted Revenue</b>	<b>\$ 132,695,025</b>	<b>\$ 135,511,593</b>	<b>\$ 4,054,553</b>	<b>\$ 139,566,145</b>

Enrollment Targets

While the SBCTC budget allocation model no longer includes enrollment targets for funding, Spokane Colleges utilizes strategic enrollment management to establish enrollment priorities, retention strategies, and program development. The SBCTC will use a rolling four-year average of actual enrollments, including both headcount and FTE to determine future DEAB funding allocations. Local enrollment targets are the driver for Tuition Operating Fee budget estimates. Annualized Full-time Equivalent (FTE) enrollment targets for Academic Year 27 (Summer

quarter 26 – Spring quarter 27) are in the table below. Headcount targets will be established over the summer to align with SBCTC allocation model tracking.

Student Enrollment Category	SCC	SFCC	Total AY 27	Estimated Actuals AY 26	Change AY 27 to 26
State Support – Resident	6,392	2,781	9,173	9,119	54
International – Non-Resident	64	47	111	175	-64
Running Start	800	857	1,657	1,668	-11

**Expenditure Assumptions (Uses of Revenue – Expenditure Budget)**

Recommended spending plans are structurally balanced through a combination of targeted reductions, and thoughtful prioritization of programs and services that directly support students and the mission of Spokane Colleges. Key financial pressures included in this budget include:

- “Flat” state operating funding, with partial support (79.5%) for cost-of living adjustments.
- Year 1 implementation of the SBCTC permanent model adjustment.
- Rising inflation and operating costs of approximately 3% for goods, services and other operating costs.
- Target spending reductions of 2% for all operating units (SCC, SFCC, CAU) and 3% target reduction for the Institutional Shared Cost (ISC) budget. The total target reductions were \$1,577,940 assigned as follows: SCC - \$653,224; SFCC - \$335,407; CAU - \$289,310; ISC - \$300,000.

The table below summarizes budgeted expenditures for all operating units. Budget summaries for each unit, and major changes follow this summary.

Description	2025-26			
	2024-25 Actual	Budget Allocation #6	2026-27 Change	2026-27 Budget

General Services: Reduce goods & services; add 4 security roles; consolidate warehouse; backfill custodian; vacancy savings	(\$144,322)
<b>Total</b>	<b>(\$503,150)</b>

Strategic Investment Pool

The Strategic Investment Pool (SIP) provides designated resources to support district-wide initiatives, strategic priorities, and mission-aligned programs. The pool is funded by approximately \$3 million in annual investment earnings from the Board designated Strategic Investment Fund, established in FY25 to create a sustainable source of one-time and transitional funding. SIP allocations are determined annually during the operating budget development process. The intent of the pool is to support start-up investments, strategic initiatives, and temporary needs, with the expectation that ongoing costs will transition to permanent funding sources when feasible. This approach ensures the SIP remains a sustainable tool for innovation while avoiding reliance on one-time funding for ongoing operations.

For FY27, continuing SIP allocations support the Tribal Relations department, e-Learning project manager, and year one implementation costs of the faculty Master Contract Agreement. New allocations include a faculty position in the Business division at SFCC, a planning assistant dean for the Trades High School Partnership at SCC, and year two faculty salary schedule improvements.

The Workforce Development department will transition off SIP support in FY27 and will instead be funded through indirect cost recoveries generated from grants and contracts. In addition, the employee computer replacement cycle funded in FY26 is not included in the initial FY27 budget allocations. This item will be revisited through a potential mid-year adjustment based on a refined technology and infrastructure plan.

Any new or emerging funding needs during FY27 will be supported, as appropriate, by the current uncommitted SIP balance of \$1,027,647.

Institutional Shared Cost (ISC)

The Institutional Shared Cost Committee is an advisory committee that provides oversight and recommendations for system-wide shared and central service budgets, promoting transparency and collaboration across operating units. The committee reviews and recommends the annual ISC budget, which supports district-wide services, vendor contracts, infrastructure, and initiatives.

The budget is funded primarily through local tuition and fees and is allocated proportionally among the operating units based on their share of total costs. The recommended FY27 budget totals \$9,202,294 and is funded through contributions from the operating units as follows: SCC \$4,912,829; SFCC \$2,664,303; and CAU \$1,625,162. The FY27 recommended budget reflects a reduction of \$1.3 million from FY26. The most significant driver of this decrease is the elimination of the \$1 million computer replacement funding included in the prior year.

Summary and Recommendation

The proposed budget balances immediate operational needs with long-term stewardship responsibilities. Spokane Colleges remains committed to maintaining appropriate reserve levels and preserving the financial flexibility necessary to respond to the changing higher education landscape. As we look ahead, staff will closely monitor enrollment levels consistent with current projections and targets, workforce demands, and legislative funding changes. We anticipate continued cost pressures related to salaries and benefits and inflation. In summary, the FY2026-27 operating budget reflects a balanced and strategic approach to resources allocation, supporting institutional priorities while maintaining fiscal discipline.

The budget summarized below reflects the initial FY27 operating budget allocations, effective July 1, 2026, including the operating budget allocation of state funds, the forecast of tuition operating fee revenue generated from student enrollment, and operating support. The initial budget will be updated in the fall to reflect any additional allocations received from SBCTC and any adjustments to local revenue assumptions.

Spokane Colleges Operating Units	2026-27 Initial Budget Allocations
SCC	\$63,050,137
SFCC	38,824,363
Central Administration	27,461,704
Institutional Shared Costs	9,202,294
Strategic Investments Unallocated	1,027,647
Total Budgeted Expenditures	\$139,566,145

**Recommendation**

That the Board of Trustees approve the Fiscal Year 2026-27 Operating Budget as presented and authorize the Chancellor to implement the budget and make adjustments throughout the fiscal year as needed.

# FY 2027 Budget Adoption

Board of Trustees Meeting

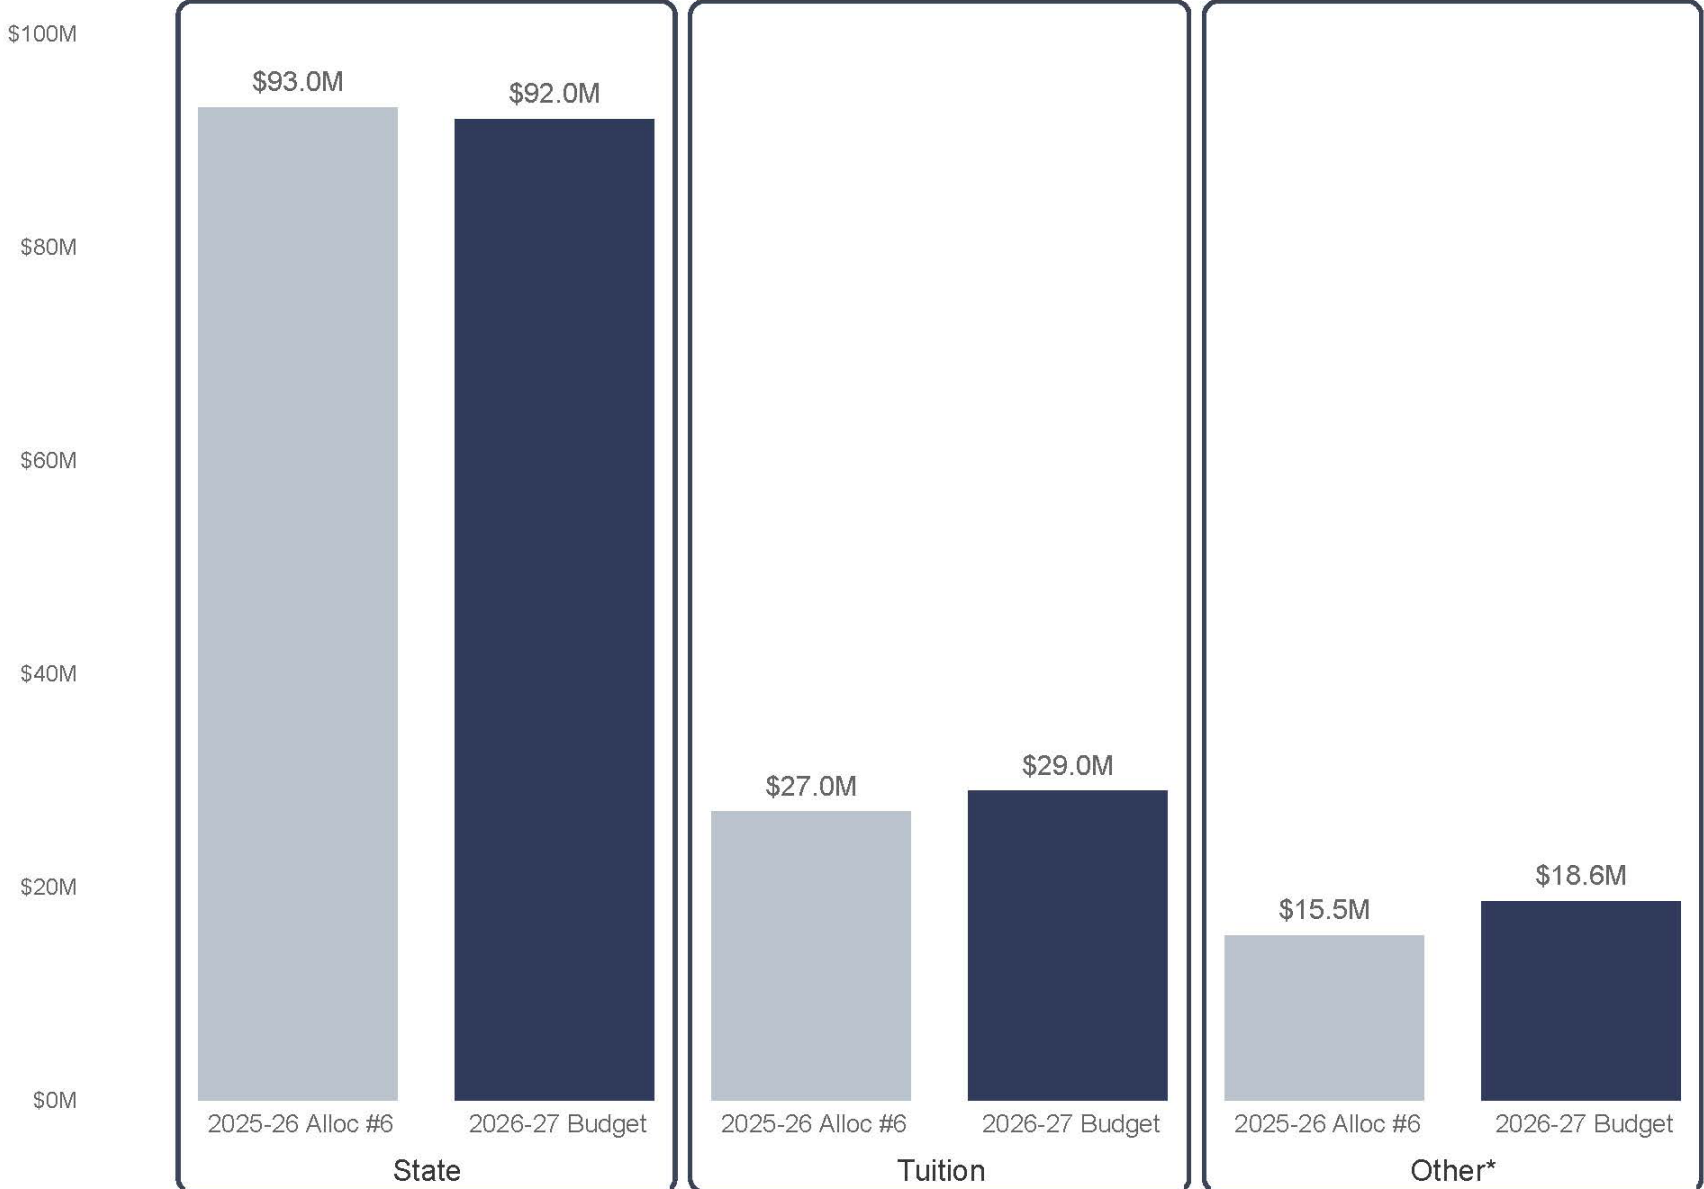

June 16, 2026

# FY27 Budget Overview

---

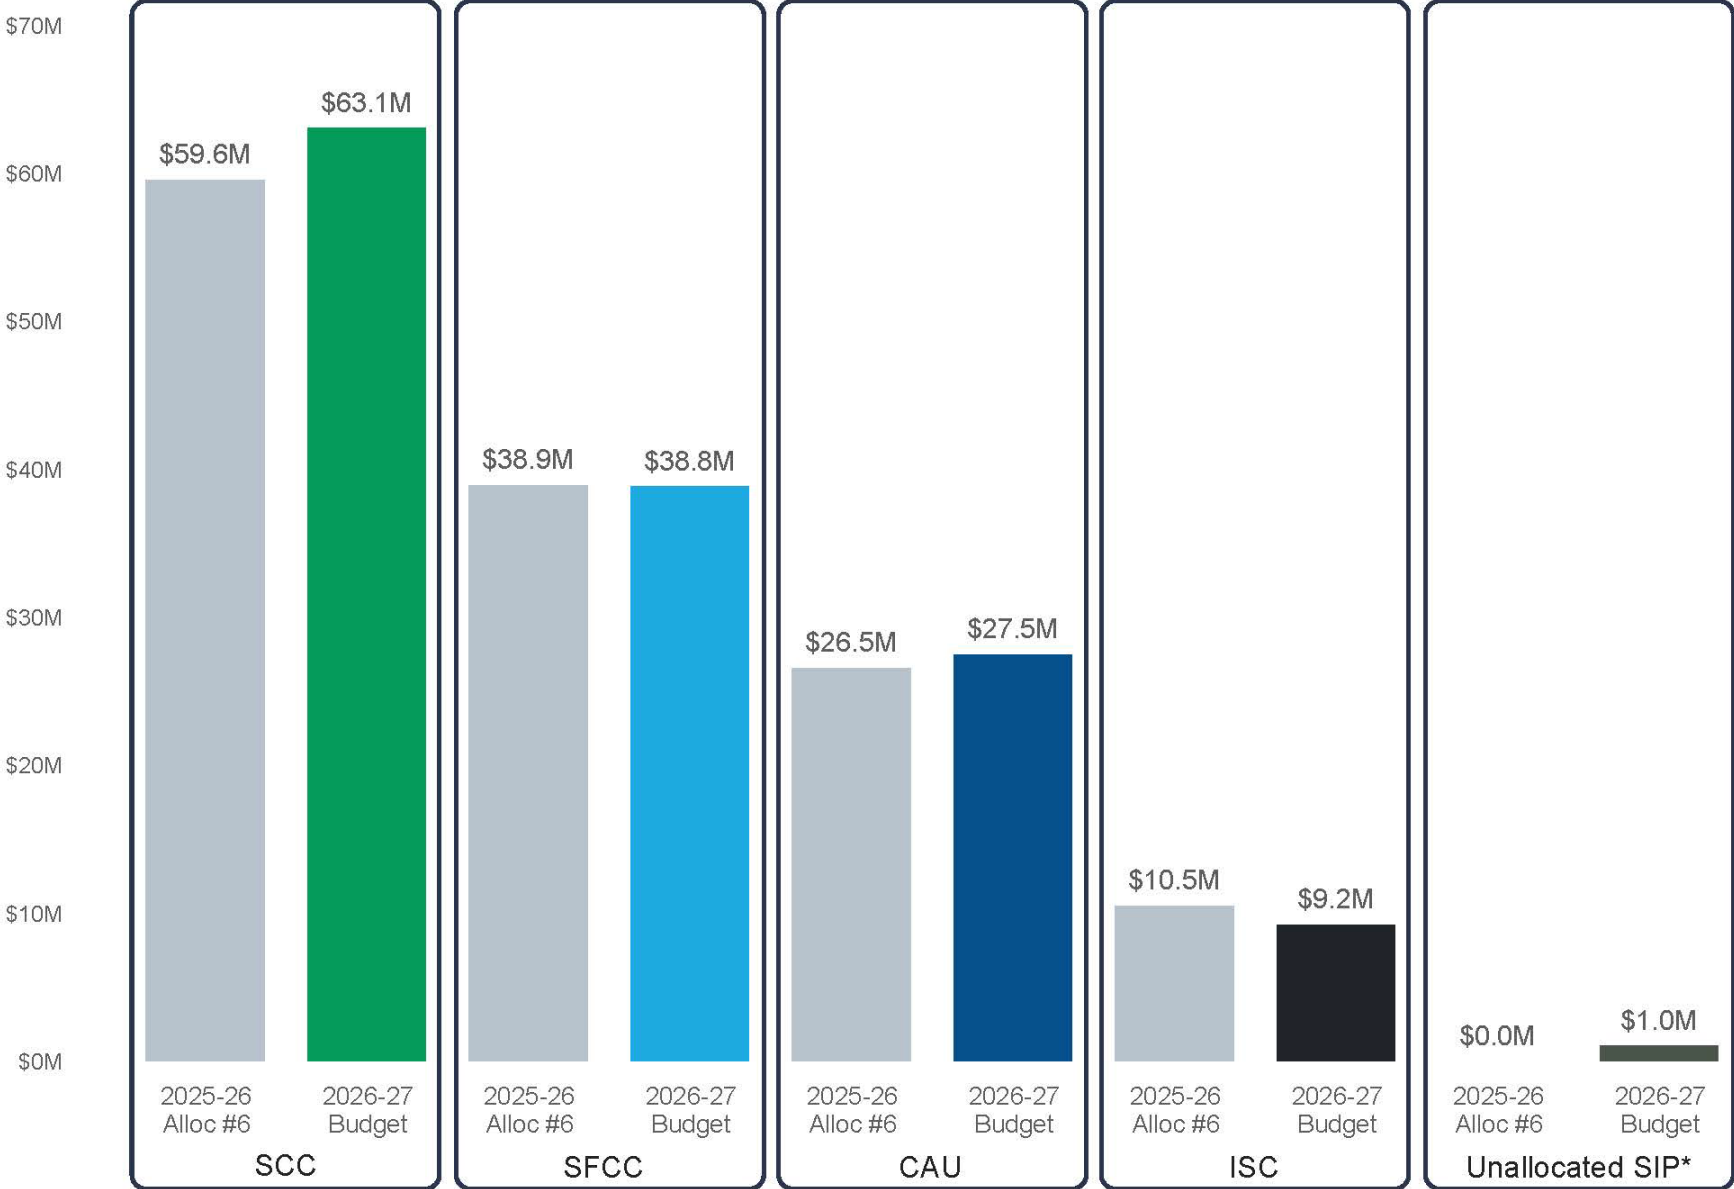

- Balanced and Strategic Budget
  - The FY27 budget addresses fiscal constraints with a balanced approach focused on strategic resource allocation and sustainability
  - The budget was balanced with moderate revenue enhancements, targeted reductions and operational efficiency measures
- Alignment with Institutional Priorities and Spending Guidelines
- Multi-year Planning
  - Adapting to funding changes and maintenance of core services
  - Implementation of targeted reductions and investments
  - Phased SBCTC Allocation Model Adjustment causes permanent annual reduction of \$1.29 million
    - Requires structural budget changes
  - Overall budget size is stable but with consideration of enrollment and potential external funding risks
- Board adoption affirms commitment to fiscal responsibility, student success, and institutional stability

# Sources of Revenue

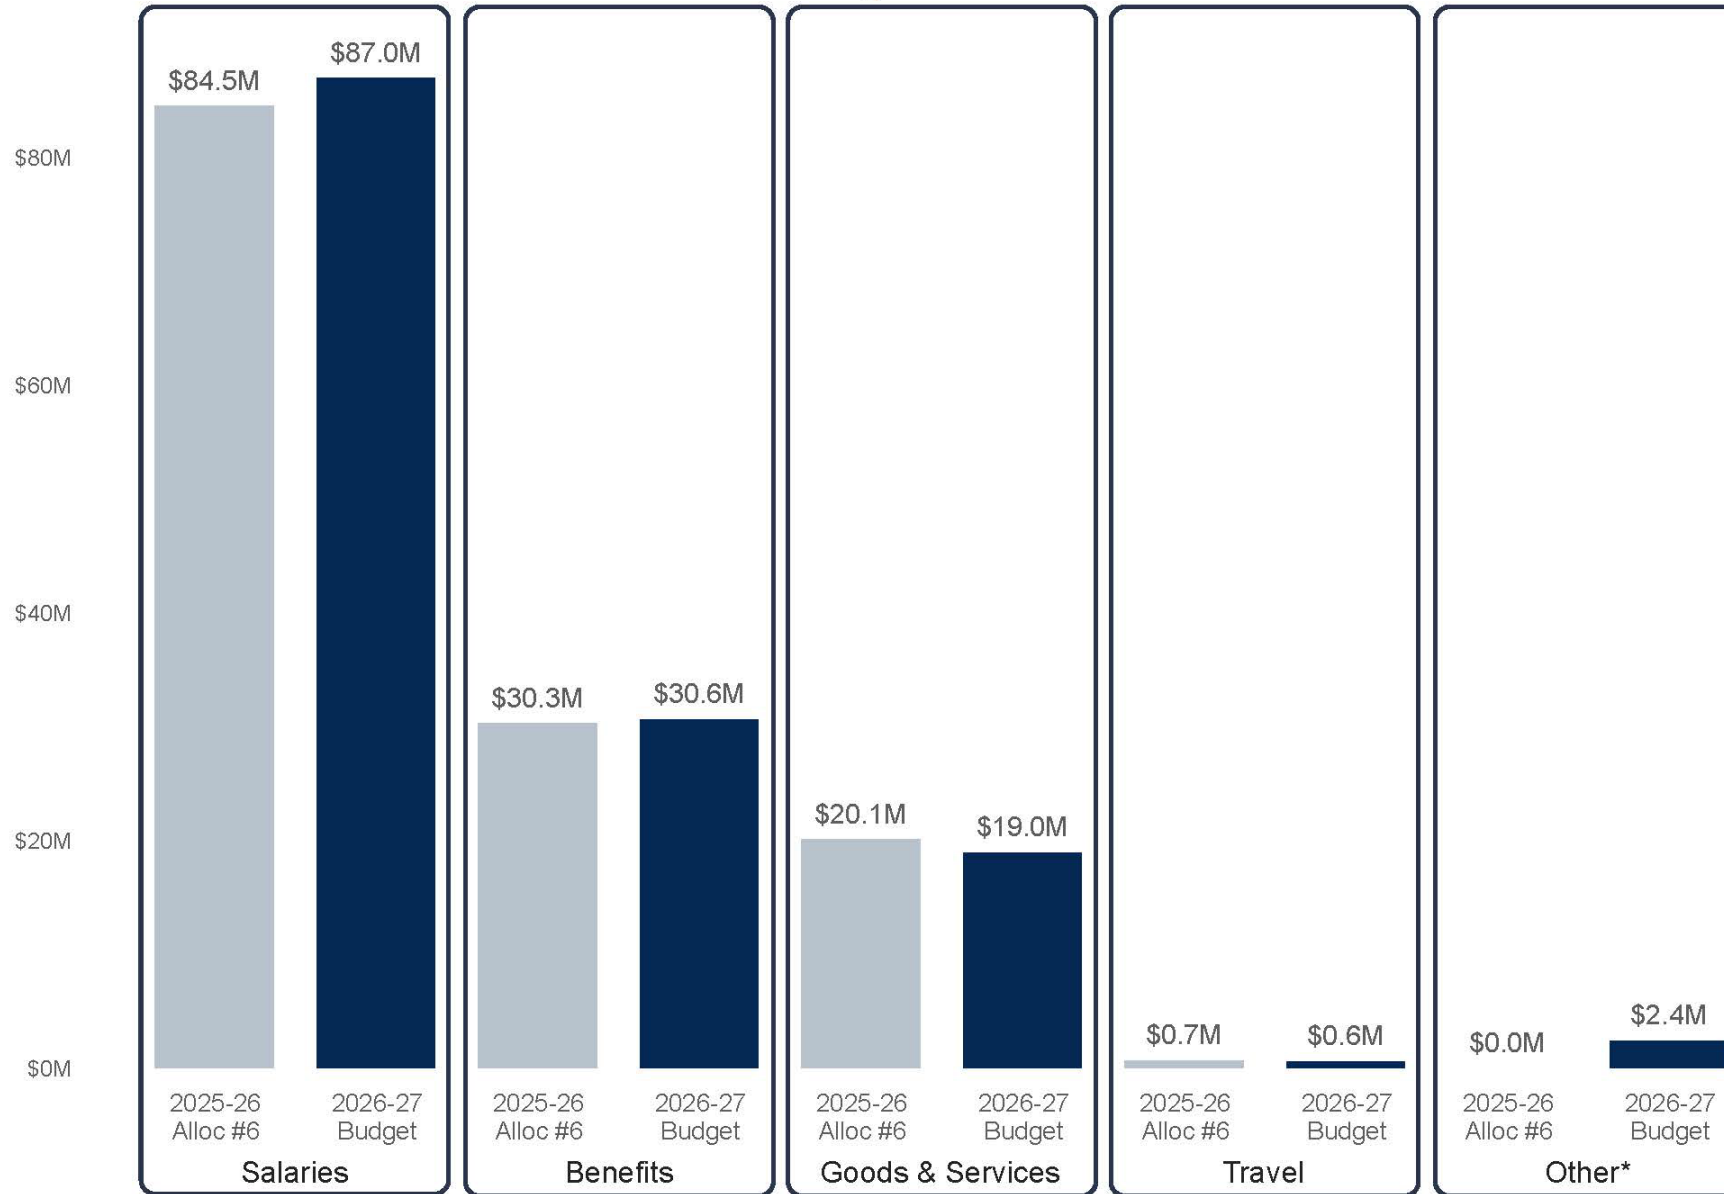

\* Other includes operating support, strategic investments, prior-year tuition revenue, unspent ISC, and local fund transfers

# Uses by Unit

\* FY 2026 unallocated SIP of \$396,947 shown in CAU budget.

# Uses by Account

\* Other includes FY 2027 unallocated SIP and SCC Building One sinking fund.

# Summary and Recommendation

---

The budget summary below reflects the initial FY27 operating budget allocations, effective July 1, 2026, including the operating budget allocation of state funds, the forecast of tuition operating fee revenue generated from student enrollment, and operating support. The initial budget will be updated in the fall to reflect any additional allocations received from SBCTC and any adjustments to local revenue assumptions.

- (3) IT Infrastructure cost will be paid by IT carry forward plus M&O carryforward from Fine Arts building. \$10,307; CF 426,193 total 436,500
- (4) SBCTC holds allocation in reserve for Spokane College's share of system IT costs and distributes cost and allocation at year end.

**DISCUSSION/ACTION: APPROVAL TO RENOVATE SCC BUILDING 15 FOR BUSINESS OFFICE RELOCATION****Background**

Spokane Colleges is seeking approval to renovate Building 15 to accommodate the relocation of the Business Office and related Administrative Services currently housed at the Riverpoint (RP1) leased facility. This project represents the final planned relocation from Riverpoint, enabling Spokane Colleges' Central Administration offices to fully exit the lease and consolidate administrative operations on the SCC campus.

The RP1 lease is currently in effect through December 31, 2028, with an option to reduce or terminate space usage with a minimum of 90 days' notice. Relocating the Business Office to Building 15 will allow Spokane Colleges to eliminate ongoing lease obligations and associated operating costs.

The relocation aligns with broader campus planning efforts, including the Main Building East/West Renovation (MBEWR) project. Upon completion of key phases of MBEWR, services currently located in Building 15 will relocate to the Main Building (anticipated by October 2027), allowing Building 15 to be repurposed for administrative use.

The purpose of the renovation project is to:

- **Eliminate Off-Campus Lease Costs** – Fully exit the RP1 lease by relocating remaining operations to SCC-owned facilities.
- **Consolidate Administrative Functions** – Co-locate Business Office Services teams to improve coordination, workflow, and service delivery.
- **Optimize Facility Utilization** – Repurpose approximately 11,000 square feet in Building 15 to meet institutional administrative needs.
- **Support Modern Work Practices** – Provide flexible workspace solutions that support hybrid work, virtual services, and efficient staff collaboration.

The Business Office and Administrative Services currently occupies approximately 11,000 square feet at RP1, inclusive of support spaces. The department includes 7–8 functional units, multiple cubicle workstations, and approximately 8 private offices.

**Project Scope**

The project will focus on modest interior improvements to prepare Building 15 for occupancy, rather than a full structural renovation. Key scope elements include:

- Cosmetic upgrades (paint, carpet, finishes)
- Lighting improvements
- Furniture procurement and reconfiguration (including reuse of existing cubicles)
- Construction of two (2) conference rooms
- Breakroom updates
- Creation of a secure, enclosed Payroll/Benefits workspace
- Dedicated virtual service and hoteling areas for Human Resources functions
- Office space allocation for leadership

Design will emphasize efficient adjacencies, shared resources, and support for hybrid work environments.

**Project Timeline**

- Project Request (PWR) Submission: May 2026
- Design and Planning: 2026–2027
- Construction Start: November 2027
- Construction Duration: 8–12 months
- Target Occupancy: May–October 2028 (phased occupancy may be implemented)

**Procurement Strategy**

- Primary delivery method: Small Works Roster
- Secondary option: Job Order Contract (JOC)

**Project Budget and Funding**

The proposed project will be funded entirely through local funding sources, with the following financial parameters:

- Maximum Not-to-Exceed Budget: \$500,000
- Target Project Budget: Approximately \$350,000

Budget discipline will be maintained through careful scope alignment, prioritizing essential improvements required for occupancy and functionality.

**Recommendation**

It is recommended that the Board of Trustees of Washington State Community College District 17 authorize:

- Total project spending of up to \$500,000 in local funds to complete the SCC Building 15 Renovation Project to support relocation of the Business Office and Administrative Services from Riverpoint.

This action supports long-term institutional efficiency, reduces reliance on leased facilities, and advances Spokane Colleges strategic facilities plan.

# Auto Conferral at SCC

Supporting Student Success Through Proactive Degree Awarding

Chantel Black  
Director of Admissions and  
Registration/Registrar

Marissa Lock  
Associate Registrar

# What Is Auto Conferral?

---

Automatically awarding degrees or certificates to students once they have completed all program requirements, without requiring the student to apply for graduation.

## Benefits of accurate AAR data and auto conferring degrees/certificates:

- Increase student retention and graduation communications
- Remove administrative barriers for students
- Accurate graduation numbers
- Accurate & efficient data reporting
- Alignment with Guided Pathways

# Removing Barriers for Students

---

- No need to apply
- If the student has earned the credential, it will be awarded unless the student chooses to opt-out.
  - Students that opt-out of auto conferral will need to apply to graduate when they are ready to complete.
- Students will be awarded their embedded certificates as they are earned.

# Increased Retention and Graduation Communications

---

With new data points we were able to collaborate with the CRM team to increase communications with students, encouraging them through important benchmarks.

- Applied for Graduation
  - *New* Program in Review (60% completion)
  - *Updated* Eligible for Graduation (80% completion)
  - Approved for Graduation
  - *New* Opt-Out Form Received
  - *New* Delay Graduation Request Received
  - Awarded
  - Pending
  - Denied
- 

# Status, Collaboration and Alignment

---

## Status

- **Fall 2025** - Auto conferral completed for all one term certificates
- **Winter 2026** – Auto conferral completed for all certificates
- **Spring 2026** – Auto conferral in progress for all degrees and certificates

## Collaboration and Alignment

- **SCC:** CRM, Financial Aid, Counseling
- **SFCC:** Admissions and Registration

**First CTC in  
Washington State to  
auto confer degrees or  
certificates!!**

# Mass Packaging

(and other Financial Aid improvements)

**SPOKANE  
FALLS**  
COMMUNITY  
COLLEGE

# What's been happening?

The history of FA processing

**SPOKANE  
FALLS**  
COMMUNITY  
COLLEGE

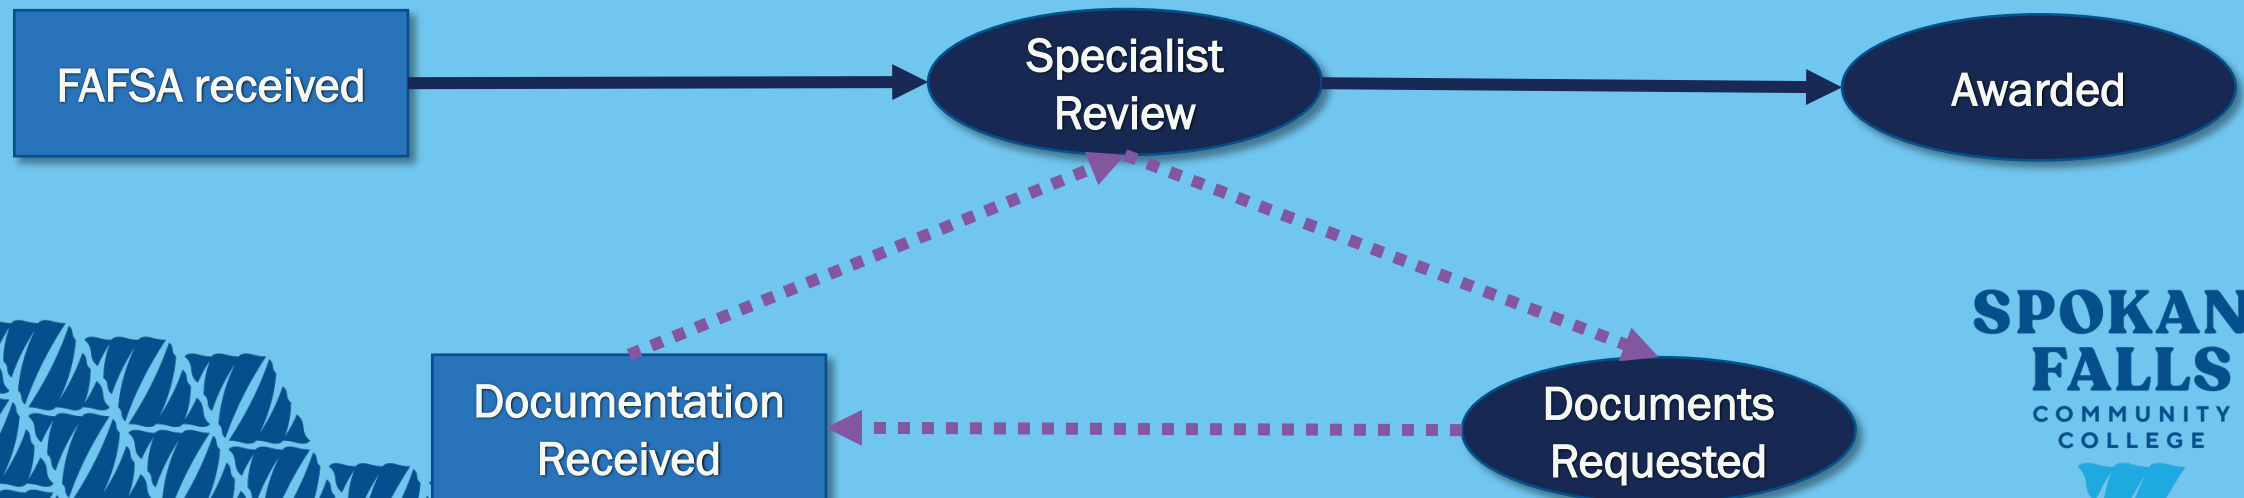

# Since a time, long ago (yeah, we're talking since Legacy...)

Financial Aid has always been a hands-on process, with each submitted FAFSA having had *at least* one set of FA specialist eyes on it from receipt to award.

This is a heavy lift, especially when you couple it with...

- The reality that some students cycle through the process a few times until all documentation is received & their file can finally be closed out
- The continuous changes in rules & regulations the office must address, adjust for and fulfill
- The various other responsibilities FA specialists manage

# So, we had to ask some questions...

(and come up with answers & solutions, of course)!

- Is continuing with current practices sustainable?
- How do other colleges and universities outside of ctcLink process?
- What is ctcLink capable of and are we utilizing it to its full potential?
- Could we make changes and improvements with currently available resources?
- Should we...?

## Answers:

- No, not in the long run
- They automate (i.e., mass package)
- It can do more, we just need to develop processes and make additions & improvements to fully unlock the possibilities
- Yes
- YES, we should must!

# What's new?

The current state of FA processing

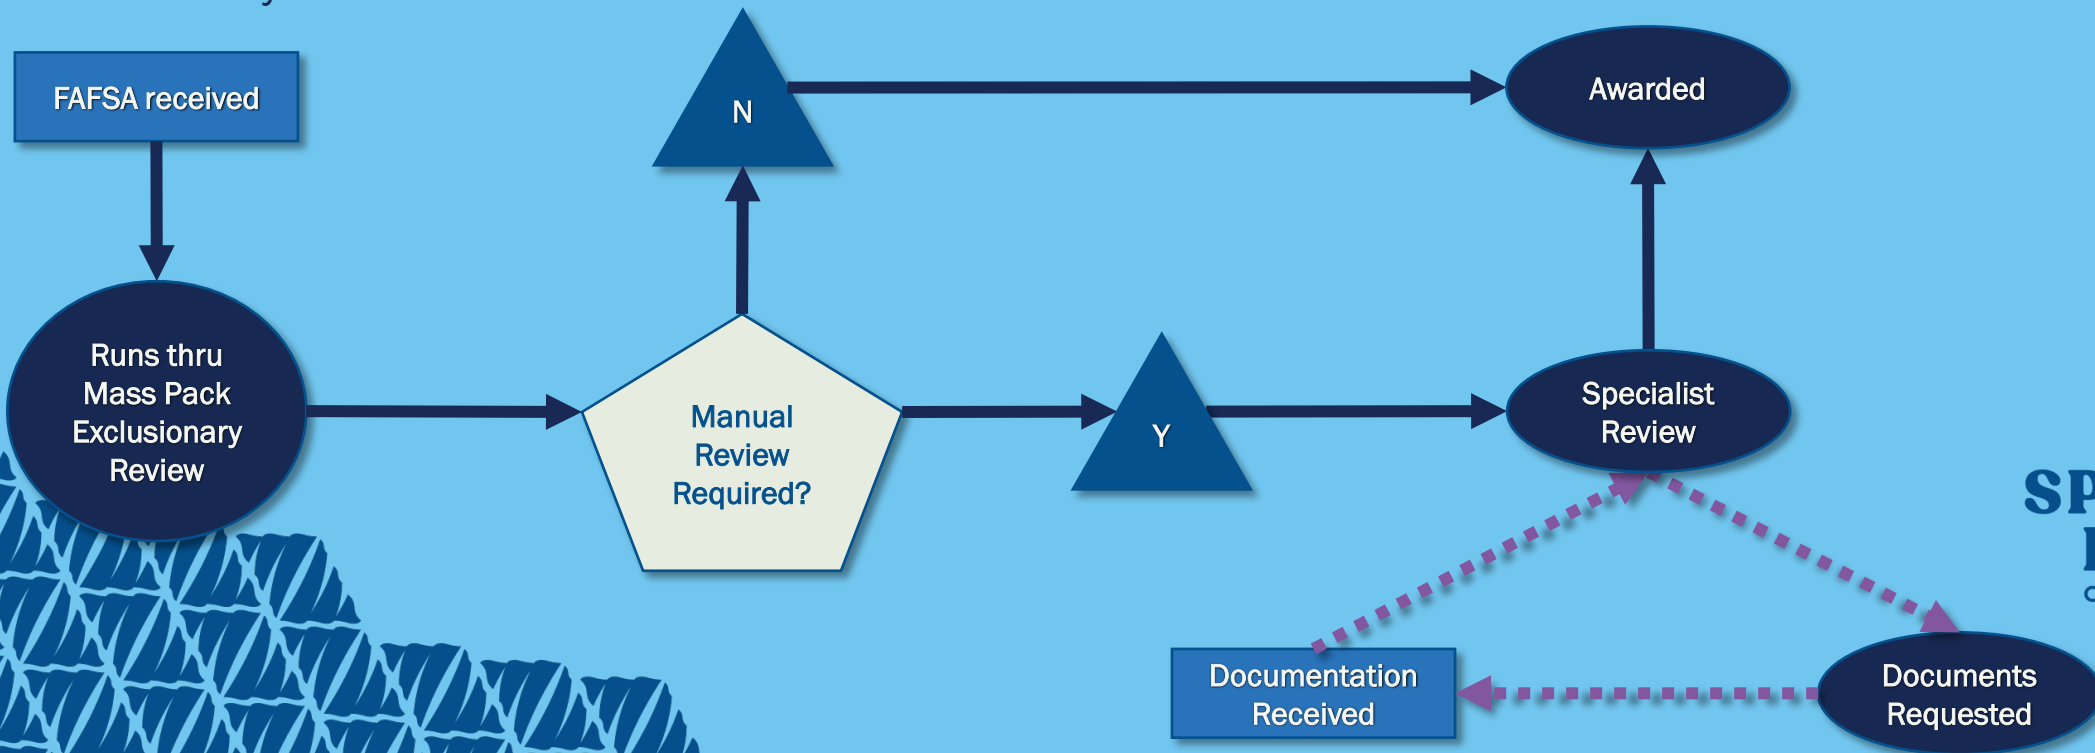

**SPOKANE  
FALLS**  
COMMUNITY  
COLLEGE

# “Looking” at each file? (Not anymore...)

On April 3<sup>rd</sup>, 2026 - after years of dreaming, various process outline improvements, lots of new queries, and months of developing & testing - we **successfully implemented** an automated mass application review & awarding process for the 2026-2027 Academic Year (AY).

This new process utilizes ctcLink to its full potential by having files run through a discrepancy review process that omits the need for staff to manually review every FAFSA received. The system now takes on this heavy lift by reviewing all files and pushing all “good to go” files straight to the awarding step and flagging only those which truly need human intervention for manual staff review.

# Talk is cheap. Show us the numbers!

(Extra points for nice formatting...)

1,457 students packaged in the inaugural round of mass packaging for 2026-2027, coming in at 73% of students going straight from FAFSA receipt to packaging (with no manual review).

## Mass Package

<u>Ready for Review</u>	1,994	~ <u>6.5</u> hrs	<u>73%</u> packaged
<u>Packaged</u>	1,457		

VS.

## Manual Review

<u>Files Packaged</u>	1,457	~ <u>466</u> hrs (~ <u>11.6</u> wks)
<u>Review Rate</u> (files per week)	125	

What used to take 11.6 weeks of manual work by specialists was reduced to 6.5 hours of automated work!

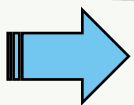

**SPOKANE  
FALLS**  
COMMUNITY  
COLLEGE

# Psst! Just a quick addition (because, why not?)

A second round of mass packaging was completed on April 30. During this round, an additional 201 students were awarded. To put this in perspective...

Batch Date	Headcount (unduplicated)	Award Type						Total Awarded (for Batch)
		Pell Grant	Supplemental Ed Opportunity Grant	WA College Grant	College Bound Scholarship	W03	Tuition Grant	
4/3/2026	1,457	\$6,988,745	\$219,200	\$5,262,264	\$95,868	\$199,500	\$800,000	\$13,565,577
4/30/2026	201	\$949,045	-	\$753,369	\$10,521	-	-	\$1,712,935
<b>Totals (for Year)</b>	1,658	\$7,937,790	\$219,200	\$6,015,633	\$106,389	\$199,500	\$800,000	<b>\$15,278,512</b>

Over \$15 million in Financial Aid funding\* has already been awarded (and 1,658 students notified) for the 26-27 AY!

\*This does not include any Work Study funds, as that is dependent on job placement.

# But what does this all mean for FA, SFCC and students? (Oh, my...)

The mass awarding process will help:

- Improve timeliness and consistency of student aid notifications
- Process files more effectively during high-volume awarding periods
- Enhance coordination with related campus systems and offices
- Reduce operational risk
- And so much more!

Sharing is caring, so we are not the only ones to reap the benefits of this process. The process developed by SFCC was done in a way that ensures it can be used by all the other ctcLink Colleges, helping serve students across the state (with some colleges already reporting adoption and testing of SFCC's process)!

# But we didn't stop there (yeah, there's more...)

Starting AY 2026-2027, loans will no longer be offered “upfront”. Similar approaches have been adopted by many colleges and universities nationwide to promote financial wellness and help students make thoughtful, informed decisions about borrowing.

This approach allows students to first review grant & scholarship eligibility *before* deciding if a loan is necessary and supports students by:

- Reducing unnecessary debt
- Encouraging informed borrowing

Students are notified of this change through multiple communication channels, including:

- Messaging from our office with next steps when their file is ready for review
- Updated language on our website
- Revised information in the “Aid Offer” letter

If a student is **only** eligible for loan funding, they will receive a targeted notification detailing their eligibility, instructions for requesting loans, and information about other non-FA funding options that may be available.

# What's next?

The future of FA processing

**SPOKANE  
FALLS**  
COMMUNITY  
COLLEGE

# Looking Forward to the Future

We are not ready to stop and already planning and looking forward to all the things we can continue to improve and better serve the college and our students!

## Including, but not limited to:

- Increased financial aid outreach capacity
- More direct, personal contact and engagement with students
- Improve default management practices and lower loan default rates
- Staff program management - continue making improvements to remove bottlenecks, streamline processes and improve the student experience

**STUDENT GOVERNMENT REPORT**

Presented by: Nevaeh Person, SCC  
Jayla Knights, SFCC  
June 16, 2026

**REPORT: CHANCELLOR'S REPORT**

Presented by: Dr. Kevin Brockbank  
Chancellor, Spokane Colleges  
June 16, 2026

## **District Business & Finance Office Chancellor's Report – May 2026**

### **CFO**

The CFO Division continues to work on annual budget and fiscal year-end planning. The team prepared final budget proposals for recommendation to the Board in June.

The accounting and financial reporting team continues to support audit-related activities, coordinating responses to auditors and ensuring documentation and processes are aligned with compliance requirements. In parallel, staff are managing the operational demands associated with year-end close and related reconciliation processes. In preparation for fiscal year-end, systemwide cut-off reminders have been sent to ensure all employees contribute to a smooth fiscal year close.

### **Budget Office**

The Budget team completed operating budget proposals for FY27. Throughout this process, the team has worked closely with the Chancellor, Cabinet, and the Budget Planning and Advisory Committee to ensure alignment with institutional priorities and financial sustainability goals.

In addition, the Budget Office has been extremely busy with year-end grant accounting and compliance efforts. SBCTC program reviews are occurring based on their oversight responsibilities for state and federal pass-through grants.

### **Student Finance**

The Student Finance department has been actively engaged in preparing for the upcoming academic year, including the loading of tuition and fee rates. In tandem with these efforts, the department has continued its pre-collection activities, which are scheduled to formally launch in June. In May, Student Finance leadership participated in the High School Plus (HS+) Summit held at Spokane Community College (SCC). This full-day event focused on refining existing processes and gathering feedback from departments not directly involved in the process, with the intent of supporting students as they continue progressing toward their educational goals. The summit also aimed to identify opportunities to enhance the overall student experience. Additionally, the department collaborated with SBCTC colleagues regarding the planned implementation of a new student waiver beginning in the fall term. This initiative is intended to improve the tracking and calculation of awards, further supporting students in achieving their educational objectives.

### **Payables**

The Payments team is actively preparing for fiscal year-end, addressing the anticipated increase in invoice volume and financial transactions requiring reconciliation and payment. In May, the department experienced a seasonal rise in workload, processing over 400 accounts payable invoices, 184 expense reports, and 80 travel authorizations. Additionally, the team reconciled and posted more than 2,564 Purchase Card transactions, totaling \$921,955.20. Efforts are currently focused on ensuring all transactions are accurately reconciled, recorded, and reported in a timely manner. The department is working diligently to complete all Fiscal Year 2026 transactional processing and reconciliations by the established deadline of July 10, ensuring compliance with internal controls and external reporting requirements.

## **Financial Services**

The Treasury and Financial Reporting departments are in the final stages of completing the financial statement audit and have initiated preparation activities for fiscal year end. Both departments are collaboratively working to streamline year end processes, complete tasks in advance where feasible, and ensure adherence to both internal and external time sensitive deadlines. Additionally, John Moore has recently joined the team and has begun focusing on investment and banking-related reviews. His efforts are aimed at enhancing cash flow analysis to support more informed decision making and strengthen forward looking financial planning initiatives. In addition to his banking related reviews, John has been tasked with completing essential account reconciliations and is focused on preparing audit ready documentation for future audit cycles. Throughout Financial Services, all departments have begun year-end preparation activities, including cross-training staff and aligning resources to provide additional support where needed. These efforts are intended to ensure continuity of operations and meet all internal and external deadlines associated with the fiscal year end close process.

## **Course Catalog**

The final edits are being approved by VP's and once the VP's and Linda have approved the revisions, we will begin uploading the 26-27 catalog into iCatalog. Once the 26-27 catalog is in place, work will immediately resume on the new CourseLeaf software for the 27-28 academic year. Data from the 26-27 catalog will be used to propagate the new year's catalog, which will then be updated by our (now trained) team of staff.

## **Running Start**

A preliminary report revealed that approximately 300 running start students have submitted enrollment forms for Summer quarter 2026. Another report showed that Fall quarter 2026 already has approximately 960 running start students. These numbers are approximated to account for concurrently enrolled students. Our largest student populations come out of Spokane Public Schools, East, West, and Central Valley school districts.

## **Business & Administrative Services**

Two ethics complaints remain under review, with interviews currently underway. Consistent with prior reporting trends, alleged misuse of state resources continues to represent the most frequently reported concern. A whistleblower complaint was also submitted during the reporting period, with interviews in progress.

Questions related to the STA bus pass transition and bookstore operations have become more routine as both initiatives move further into implementation, with most inquiries now resolved efficiently.

The civil rights compliance project has been finalized, and both colleges and the district have received their assigned program review lists, with completion expected by June 30.

Cash count activities continued, and coordination is underway to temporarily relocate a safe from Central Receiving to SFCC to support operational needs.

## **Contracts Office**

The Contracts Office initiated a project to develop a more robust and centralized tracking system for contract review and long-term contract management. As part of this effort, a structured tracking tool was created to monitor projects across key categories, including In Process, Completed, Special Projects, and Not Proceeding. This approach improves visibility, strengthens accountability, and enhances coordination by establishing a consistent source of contract data.

Support was provided to SCC's Office of Student Activities & Life through contract review services and agreement facilitation for key student engagement initiatives, including the Spring Festival and a two-day overnight retreat for Student Life student employees.

Collaboration with Admissions and Registration at both SCC and SFCC included review and execution of agreements for graduation photography services in preparation for Spokane Colleges' upcoming commencement ceremony.

Assistance was provided to the District's Head Start & ECEAP program by negotiating an interagency agreement with Washington State University Health to facilitate pre-employment health screenings, supporting employee and participant safety.

Rent invoices for twelve District-leased properties were reviewed, approved, and processed, ensuring timely payment and compliance with lease terms. In conjunction with this work, development of a Modified Pre-Design was initiated to support planned expansion of the adult education facility in Republic.

Contract review and negotiations were conducted on behalf of SFCC's Office of Student Affairs to secure virtual mental health support services for the student body.

## **Public Records**

During May 2026, the Public Records Desk managed a total of 36 requests, with 13 completed and closed and 23 remaining open. More than 110 requests have been closed during the first six months of 2026.

Request volume continues to increase significantly, reflecting an approximate 200% rise since the end of 2024. While requests are actively managed, larger and more complex submissions are accumulating and beginning to impact overall processing capacity.

At the end of May, Basic Records Management and Public Records Act training was conducted, with 35 participants attending both in person and online. This session marked the first inclusion of guidance related to the use and management of artificial intelligence records. In addition, the Public Records Manager will serve on the district's AI taskforce, with meetings scheduled to begin in June.

## **Purchasing**

The Purchasing area processed 88 purchase requisitions and 62 purchase orders during the reporting period.

In preparation for fiscal year-end, efforts are underway to close FY26 purchase orders and reduce encumbrances that will not be expended. All remaining open purchase orders are scheduled for closure on June 30, 2026.

The Purchasing Manager continues onboarding support for the Contracts Specialist 2, who has completed their first month with Spokane Colleges.

### **Payroll & Benefits**

Peter attended the ctclink HCM User Group conference at Walla Walla Community College. This conference includes attendees from the community colleges human resource, payroll, and benefit departments along with SBCTC staff.

Benefits Department notified 529 active adjunct faculty with information on how to submit 2-year workload averaging forms requesting their benefits to continue automatically for the next twelve calendar months. To date, 84 adjuncts have requested this program. Once requested, Benefits then review the adjunct's previous two years workload percentages to verify program qualification. If fully qualified, the adjunct can receive full benefits through Spokane Colleges for the next academic year. The extension provision and rules are under State of WA WAC 182-12-131.

Payroll wages & benefits included 1,997 staff. Back in 2024, there were 1,846 staff.

Payroll included \$9.5M in gross wages, \$754k employer payroll taxes, and \$2.5M in employer paid benefits. Back in 2024, this was \$8.5M gross wages, \$658k taxes, and 2.1M paid benefits.

The CCS Foundation received \$4.2k in employee donations. 2024 was just at \$4k.

# June 2026 – Board of Trustees Institutional Advancement Update

*For activities in May 2026*

## DIVISION-WIDE ACTIVITIES

### Chancellor Communications

- **Chancellor’s Town Hall Meeting** – facilitated the final Town Hall Meeting of the academic year on May 6 at SFCC.
- **Emergency Communications** – supported Canvas outage (May 7) with emergency strategy and messaging via established channels. Also supported the related and ongoing Instructure (Canvas) cybersecurity incident (first reported May 4). Continued work with my team on emergency communications planning.

### Rebrand – work continues to fully implement the new brand, launched January 2025

- **Signage**- Newly-branded parking lot banners were installed at SCC, completing this part of the rebrand project. The rebranded building sign project is moving ahead with a small pilot set to launch in June. This will be followed by the ordering and installation of the new signs across all Spokane Colleges campuses and Head Start locations.
- **Mascot** – Continued work to build a new mascot program, in collaboration with Athletics. Secured professional services agreements to 1) develop the mascot program and 2) retain a professional mascot for community appearances. Also developed a Mascot Performer and Handler job description for part-time hourly assistance. “Skitch” continues to make guest appearances at community and college events (including June 15 graduation) through the summer.
- **Athletics** – the year-long effort to implement new branding in uniforms and signage is nearly complete with just a few signs left to be updated on the SFCC campus.
- **Trademark** – Work continues with attorneys Lee & Hayes to trademark seven ‘marks’.
- **Electronic** – Continued work with IT on a plan and timeline to drop the “CCS” from district emails and transition all student emails from “bigfoot” to “sasquatch”.

### Partnerships

- **Spokane Indians** – Continued to activate this new partnership in May with advertising in the “Homestand” programs distributed at each game and promotion of Spokane Colleges’ three ‘group nights’ (discounted tickets) for employees and students (and Board of Trustee members!) on June 24, August 5 and September 4. Filming of the second promotional video is planned as well as partnership billboards set to be installed in the vicinity of the ballpark.

- **Communities in Schools NE Washington** – Partnered with this local non-profit to provide Great PNW x Spokane Colleges collab apparel to 80 graduating seniors who will be attending SCC or SFCC in the Fall.
- **Launch NW** – Attended the first annual Launch NW/Innovia Donor & Scholar Recognition Event on May 13. Arranged for Skitch to greet guests as they arrived. Providing Spokane Colleges hoodies to 32 Launch NW Scholars who are attending SCC or SFCC in the Fall.

## Marketing Campaigns

- **Underway:**
  - **Graphic Design** (April – May) – created and launched an integrated mini-campaign (\$5,000 budget) to boost enrollment in SFCC’s iconic program. Filmed three spotlight videos (faculty, alumni, student) to provide content for paid digital ads online and in high schools and organic social media campaign and storytelling (two students filmed day-in-life videos + blog posts). Developed a companion CRM campaign as well as a targeted postcard mailing. Results are slow but promising.
  - **Workforce – Manufacturing & STEM** (May-July) - Launched integrated, multi-media campaign promoting Spokane Colleges’ wide variety of credit, certificate and non-credit workforce programs with a focus on Manufacturing, Engineering and Technology. Developed campaign landing page (Spokane.edu/ready) and three :30 videos to anchor the campaign which includes paid ads (digital, TV, radio) billboards and postcards, organic social media campaign and storytelling (faculty, students). This campaign is targeting an under- and unemployed adult audience (ages 25-40) seeking upskilling and/or career change. For the past 28 days, the campaign generated a total of 4,092 web views and 3,652 sessions from 3,208 active users.
  - **Summer Quarter (May-June)** – “Earn credits. Save money. Get ahead.” Multi-media campaign designed to generate enrollment among incoming SCC & SFCC students as well as university students home for the summer. Launched new Spokane.edu/Summer landing page to drive digital traffic.
- **Up Next: Rebrand Refresh (Fall 2026)** – Awareness campaign designed to generate brand recall and prompt engagement with primary audience (prospective students). This campaign will be designed to be evergreen and run periodically throughout the year.

## Other

- **Commencement 2026** – many team members have been actively planning and supporting the two graduation ceremonies planned on June 15 at the Podium. This includes designing event programs and supporting materials, providing technical and project management support for the planned event livestream and creative organic social media posts celebrating some of our graduates.

- Attended the **SBCTC Public Information Commission (PIC)** meeting in Vancouver, WA on May 7-8.
- Developed messaging for President Martin to use regarding the coming **changes to the ACT 2 Program**. Without state support, the cost of these classes will increase in Fall 2026.

## MARKETING

- Updated Spokane Arena ribbon board and Spokane Indians game day program advertising to align with current Summer Quarter marketing campaign.
- Continued digital ads in the *Journal of Business* Weekly Education and Workforce Email to reinforce our “workforce leader” message.
- Underwriting on Spokane Public Radio promoting programs at both SCC (Baking/Culinary) and SFCC (Graphic Design), as well as Summer Quarter.
- Sponsorship with SWX (KHQ-6) – ran television ads during Bloomsday and Lilac Festival Parade coverage.
- NextGrad display ads in area high schools promoting SCC and SFCC programs in May.

### College and Department Specific Marketing Support

- Created large banner promoting the SCC Aviation programs timed with a large Aviation Competition event held May 30.
- Created flyers, advertising and postcards promoting SFCC Art Gallery, Drama and Music department.
- Promoted SCC with Perkins Grant marketing funding including a billboard for Colville, print ads in community newspapers in May and digital ads delivered to the underserved prospective students in our six-county district.
- Promoted SCC’s Baking/Culinary program and SFCC’s Graphic Design program with paid digital ads.
- Created digital assets for CRM communications for student recruitment.

## CRM – CUSTOMER RELATIONSHIP MANAGEMENT

### Collaborative Communications:

- Data from the **Office of the Superintendent of Public Instruction (OSPI)**: Spokane Colleges receives annual data on Washington public high school students in our service district — over 24,000 names this year. After cleaning and loading the data into the CRM, outreach campaigns were launched to a variety of audiences. Messages were sent to new-to-us names, those who have engaged somewhat with us previously, and those who have

engaged extensively with us previously, each with an aligned call to action. The campaign open rates aligned with the audiences, with predictably higher rates for audiences who have engaged with us previously.

- **Summer enrollment push:** Both SCC and SFCC requested marketing to increase Summer 2026 enrollments. In addition to ads and other components from the Marketing office, campaign messages were executed in the CRM. Kudos to Lori Greenwood (SCC – CRM Manager), Mindy Jones (SCC – Enrollment Communications Consultant), Cole Fairbairn (SFCC – Student Success Technology Manager), and Karly Ramsey (Spokane Colleges – Enrollment Technology and Communications Specialist) for uniting messaging and sharing resources to execute these campaigns quickly. Messages were sent to SCC and SFCC students enrolled for Fall 2026 in college-identified programs requiring particular prerequisites, to encourage enrollment in these courses for Summer 2026. A message was also sent to term activated quick admit Summer 2025 students to encourage (re)enrollment for Summer 2026.

### **Data Integrations**

- **EdSights:** The CRM team has completed an initial integration for EdSights intervention follow-ups.
- More work is planned to enhance financial aid outreach work with an ISIR integration, and additional integrations are in the queue for future development based on the colleges' identified data needs for communication.

**Salesforce Security Updates:** Salesforce began rolling out additional security requirements in February, with enhanced email security and phishing-resistant multi-factor authentication (MFA) coming into effect now. The CRM team is working with **Information Technology (IT)** to ensure we're fully prepared for these changes.

**Selective/Competitive Program Online Applications:** We've made exciting progress in moving selective and competitive program applications off paper and into the CRM. At **SCC**, the final applications launched online in March, completing the transition from paper to online. At **SFCC**, the final selective entry program application for the American Sign Language (ASL) Interpreter Education program is being drafted and is planned to launch for Fall 2027 cohort applications.

**Training/Users:** More employees are completing initial training and starting to use the CRM, especially due to the additional selective/competitive applications launching and new 1:1 student communication effort related to EdSights. Over 190 folks across the district are utilizing the CRM.

**Texting Inboxes:** Delays with opening next texting inboxes (related to updated A2P 10DLC privacy requirements) have been resolved. Thanks to a new SMS Terms & Conditions webpage propped up by the **Website** team and approved by our vendor, texting inbox approvals have returned to normal.

## **SPOKANE COLLEGES FOUNDATION**

### **Highlights of key Foundation accomplishments this year:**

- Cash raised: \$2,349,472 as of May 31, 2026
  - 218% of Foundation Board's fundraising goal
  - Hit 2<sup>nd</sup> all-time high fundraising in Foundation history
  - Bringing the total lifetime cash raised support to Spokane Colleges to \$34,037,642.55
- Estimated \$995,000 to Spokane Colleges for this year
  - Scholarships
  - Emergency aid
  - Direct program support
  - Indirect program support

### **Recent Foundation events:**

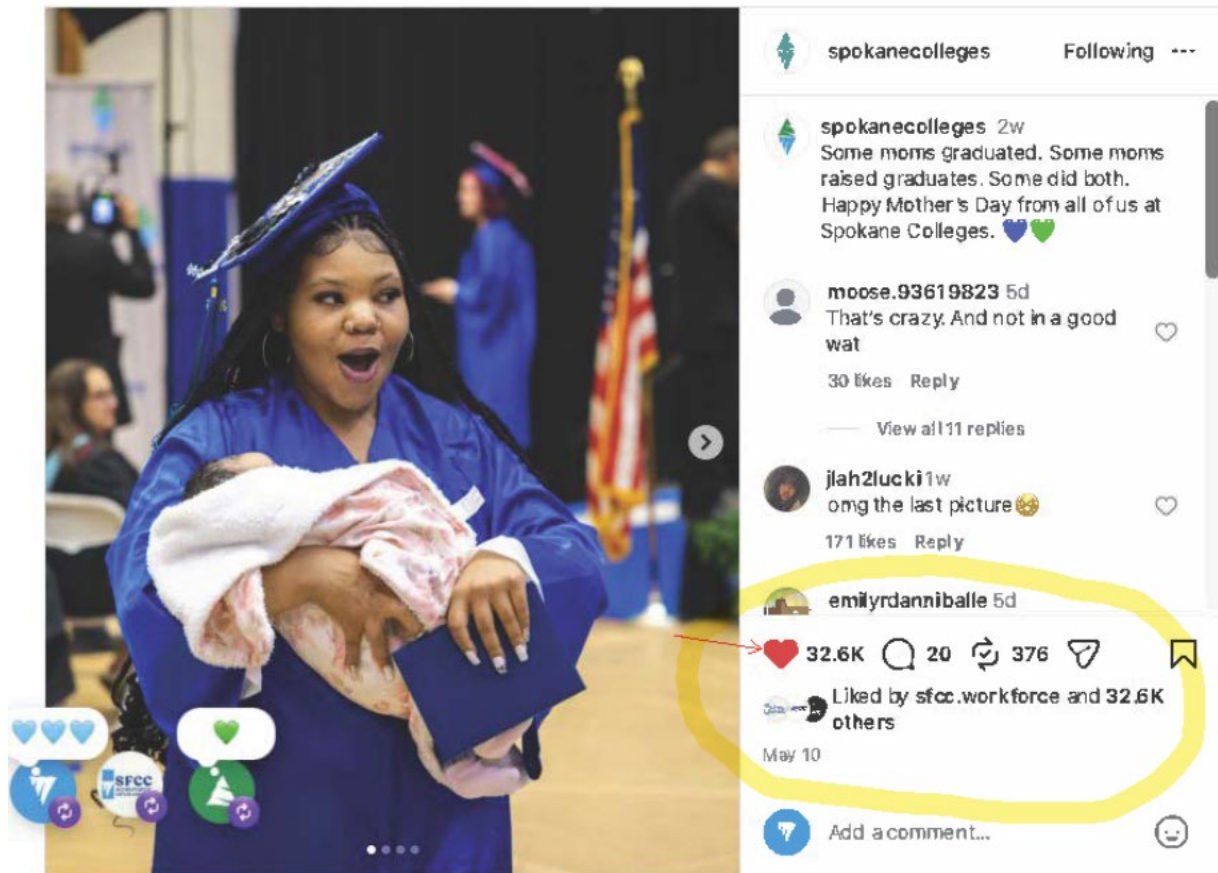

- May 14: Planning for Aging Coffee Chat
- May 21: Legacy Lunch for donors who have let us know that they have included us in their legacy plans
- June 2: Annual Board dinner – to celebrate our Foundation Board of Directors

### **Upcoming Foundation events:**

- June 5: Cap Decorating at Pullman Center
- June 9: Cap Decorating at SFCC
- June 10: Newport Graduation tabling
- June 11: Cap Decorating at SCC
- June 15: SCC and SFCC Graduation tabling
- June 17: Colville Graduation tabling

# COMMUNICATIONS & PUBLIC RELATIONS

## SOCIAL MEDIA

- May was our best social media month on record, and it was 100% organic. Total impressions hit 1.58 million (up 1,017% from April); engagements were up 929%.
- The highlight was a Mother's Day post on Instagram featuring a graduate crossing the stage while holding her newborn. No paid promotion, no boost. It reached 682,865 accounts, generated 1.37 million views, 35,400 likes, 521 shares, and drove 117 new follows from that post alone. Nearly all the reach came from people who had never followed us before. That is what authentic student storytelling does.

### Instagram Profile Growth (May 2026)

Performance Summary			
View your key profile performance metrics accrued during the selected time period.			
Impressions	Engagements	Post Link Clicks	Engagement Rate (per Impression)
75,083 ↗ 35.2%	3,004 ↗ 78%	195 ↗ 21.1%	4% ↗ 31.6%

- Commencement coverage is underway across all six ceremonies through June 15. Graduating student milestones like SFCC Graphic design awards, Grad Spotlights, End of year events and community success will continue to drive organic reach into summer enrollment season.

### **YouTube Channel Performance (YTD 2026)**

- We continue to post compelling content and get views of it both organically and through paid campaigns on YouTube. Our YTD total at the time of this report is 488,550 views!

### **PUBLIC RELATIONS**

- Total coverage in May remained on par with the previous month with 129 total articles compared with 133 articles in April. Top media outlets shifted from Spokane and Coeur d'Alene newspapers and TV stations to include a mix of local newspapers from throughout our service area. This reflects a cluster of alumni feature stories as well as local coverage at the beginning of the month of winter quarter honor roll recipients.
- Average Unique Viewers per Month of Media Outlets: 259,000
- Top media outlets during the month of May included the Spokesman-Review, Journal of Business, Lewiston Tribune, Newport Miner and Moscow Pullman Daily News

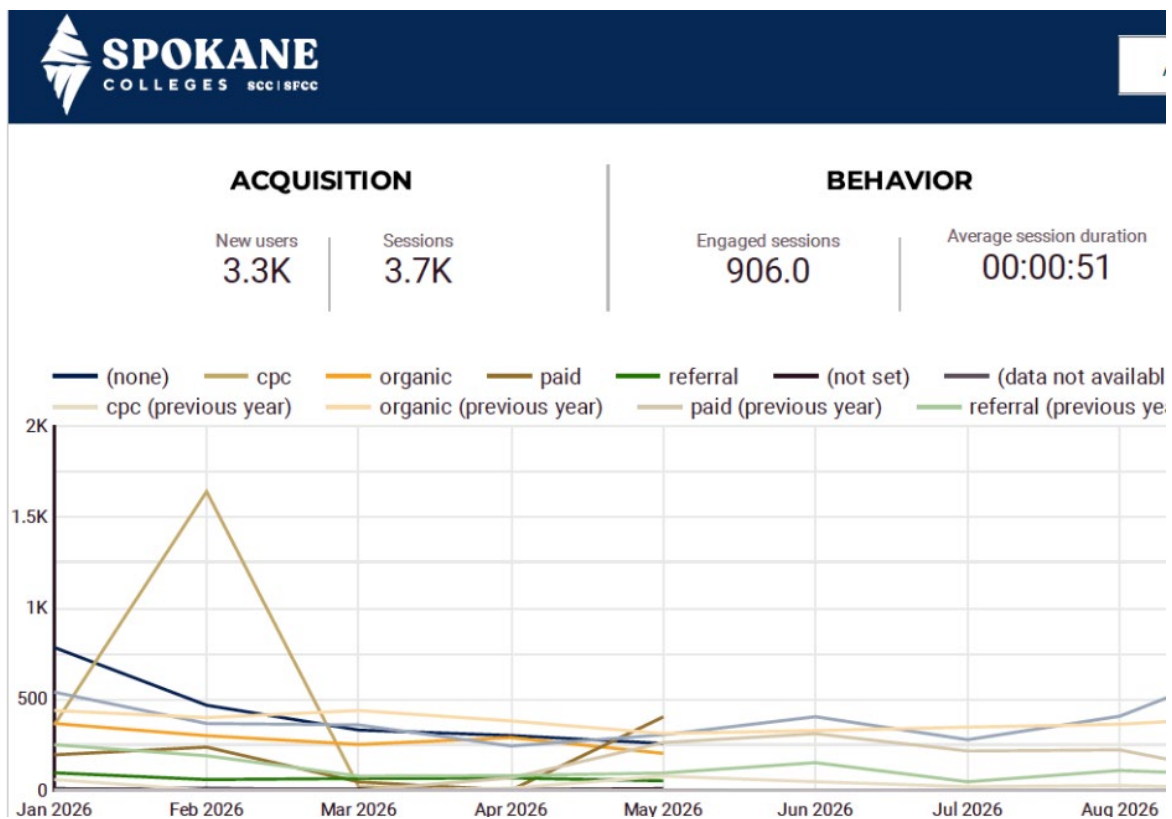

### **May Coverage Highlights**

- U of I Natural Resource Transfer Agreement
  - Inlander: [“As community college enrollment continues to grow, transfer agreements with four-year universities provide students more pathways after graduation”](#) *Journal of Business* | Spokane Public Radio
- Aviation Maintenance Competition | [Aviation Pros](#)
- *Journal of Business* newsletter | ASL Program
  - Spokesman: [“ASL interpreters help with accessibility in theaters, but more advertising would go a long way”](#)
- SCC Building 1 Renovation
  - *Journal of Business*: [\\$25M renovation at SCC scheduled for July start](#)
- Paul Read, Distinguished Alumni of the Year (Foundation)
  - Spokane *Journal of Business*: [“Spokane Colleges Foundation recognizes Journal publisher”](#)

- Tri-Cities Area Journal of Business: “Journal publisher named distinguished alumni”
- Lewiston Tribune: [Learning business the Chick-fil-A way](#)
  - Alumni story featuring an entrepreneur Chick-fil-A franchisee

## WEBSITES

- We continue to work exhaustively on the new Spokane Colleges websites, due to launch in the Fall. There is a dedicated team which is building out the new pages on the District, SCC, SFCC and Foundation websites. The work is intense and features great collaboration.
- Our partners at Modern Campus and working to tailor the experience to our expectations and partners iFactory and Lightcast are helping us to build out a one-of-a-kind Discovery Tools for prospective students – particularly the undecided ones – to find their pathway.
- Below is the performance of our current Marketing website ([www.spokane.edu](http://www.spokane.edu)), which is peaking YOY and showing growth in new users and impressive engagement rates.

# General Services Division

## CGSO Employee Highlight:

This month, we’re excited to feature Kim Arman as the CGSO Employee Highlight. As Sustainability Project Manager, Kim leads key initiatives supporting Spokane Colleges’ sustainability, energy efficiency, and infrastructure goals. She recently guided the district’s compliance with Washington’s Clean Buildings Act and oversees more than \$7 million in energy conservation projects, including HVAC upgrades that improve performance and reduce costs.

Kim also manages utility billing and identifies inefficiencies, generating savings through corrected charges, leak repairs, and system improvements. She leads the cross-campus Energy Team, oversees greenhouse gas reporting, and has secured major funding opportunities, including a \$2 million grant for upgrades at the SCC Bigfoot Head Start Center.

A recognized leader, Kim serves on SCC’s Infrastructure Council and shares her expertise with peers statewide. She has advanced initiatives such as EV charging, composting, and waste reduction, all while managing a wide portfolio. Her energy, expertise, and dedication make her an invaluable member of the Facilities team.

## General Services Division – Workforce and Fiscal Update:

Metric	Capital		M&O		OCS		EH&S		CS		CGSO	
	100%		89%		89%		100%		86%		100%	
	7	7	87	77	19	17	2	2	7	6	2	2
<b>Workforce Availability</b>	<i>Division</i>									<b>124</b>	<b>111</b>	<b>90%</b>
<i>Vacancies</i>	0		6		2		0		1		0	
<i>L&amp;I</i>	0		2		0		0		0		0	
<i>FMLA</i>	0		2		0		0		0		0	
<b>Fiscal Management - 83.33%</b>	<b>76.07%</b>		<b>75.62%</b>		<b>90.42%</b>		<b>78.19%</b>		<b>74.24%</b>		<b>84.83%</b>	
<i>Expended</i>	\$ 522,088		\$ 6,735,829		\$ 1,345,405		\$ 201,245		\$ 337,944		\$ 279,895	
<i>Budgeted</i>	\$ 686,291		\$ 8,907,958		\$ 1,487,917		\$ 257,383		\$ 455,227		\$ 329,931	
<i>Division</i>	<b>77.81%</b>				\$ 8,900,318				\$ 11,438,416			
<i>Salary Savings</i>	\$211,456		<b>79.28%</b>		\$ 8,900,318				\$ 11,226,960			

Overall, the division’s financial position remains stable and continues to perform within expected budget parameters. Total divisional spending is at 79% of budget, aligning closely with the 83.33% benchmark, reflecting solid fiscal management while maintaining operational needs.

The higher spend in the Office of Campus Security (OCS) remains tied to staffing needs necessary to maintain service levels and coverage. These costs continue to reflect operational realities and are expected to normalize as staffing stabilizes.

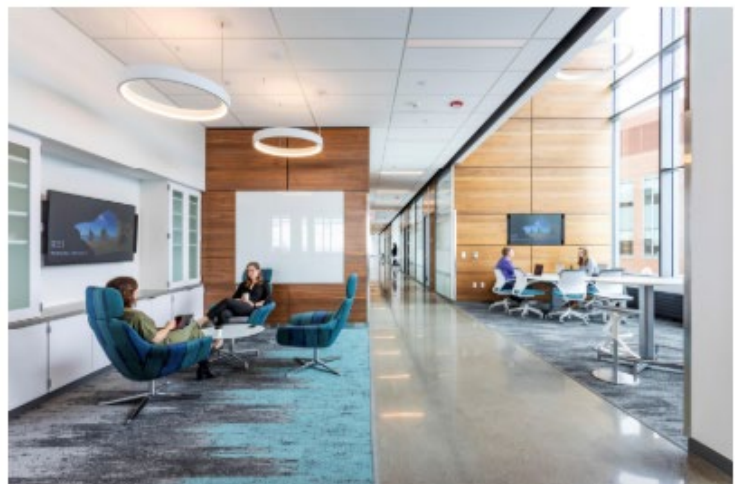

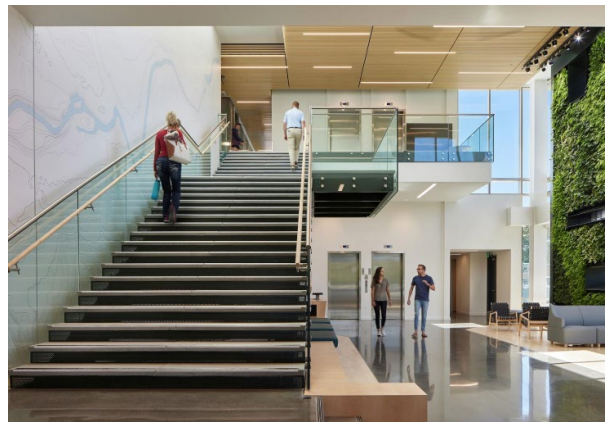

From a workforce perspective, the division is operating at approximately 90% staffing capacity, with 111 of 124 authorized positions filled. Vacancies remain concentrated within Maintenance & Operations (M&O), where staffing challenges are compounded by employees currently on L&I and FMLA leave.

Several critical skilled-trades positions remain unfilled. SCC currently has no electrician on staff, although a recent hire is expected to help address this gap once onboarded. In addition, the district continues to have two vacant HVAC technician positions. These vacancies impact the division's ability to respond to maintenance requests, perform preventive maintenance, and support operational reliability across district facilities.

## Capital Planning & Development

### Project 25-087 – SCC Main Building East Wing Renovation

Construction is scheduled to begin in July 2026, with Substantial Completion anticipated in October 2027. The project is structured into four bid packages to support phased delivery: Architectural Surge Space, Shell and Core Construction, MEP and Finishes, and AHU/ERU construction.

## Minor Works Programmatic Projects

- Project 26-054 – SCC Building 18 Automotive Classroom Remodel**  
 Contract awarded to Associated Construction with a Notice to Proceed issued May 28, 2026. Substantial Completion is expected within 120 days, targeting September 25, 2026. The awarded bid of \$461,352 was \$649,346 below the project estimate and represents the lowest responsible bid.
- Project 26-063 – SFCC Building 17 Restroom Remodel**  
 Contract awarded to Halme Builders with a Notice to Proceed issued June 1, 2026. Substantial Completion is expected within 140 days, targeting October 19, 2026. The awarded bid of \$788,000 was \$299,820 below the project estimate and represents the lowest responsible bid.

See Capital Project DOT report under consent agenda items for status of all Capital Projects.

## Utilities

	July	August	September	October	November	December	January	February	March	April
Water/Sewer	\$ 53,421	\$ 53,021	\$ 26,162	\$ 14,318	\$ 16,426	\$ 16,866	\$ 18,124	\$ 17,531	\$ 19,088	\$ 31,159
Refuse	\$ 7,979	\$ 14,287	\$ 11,433	\$ 14,032	\$ 10,405	\$ 12,278	\$ 12,101	\$ 13,724	\$ 10,376	\$ 10,253
Electricity	\$ 208,910	\$ 210,741	\$ 200,529	\$ 168,156	\$ 171,531	\$ 175,997	\$ 187,938	\$ 183,159	\$ 167,523	\$ 171,702
Gas	\$ 4,080	\$ 6,384	\$ 7,804	\$ 40,565	\$ 67,666	\$ 94,182	\$ 100,811	\$ 75,401	\$ 63,759	\$ 37,090
CCA	\$ 473	\$ 948	\$ 1,199	\$ 9,474	\$ 19,884	\$ 27,886	\$ 31,019	\$ 23,747	\$ 22,496	\$ 11,435
<b>TOTAL</b>	<b>\$ 274,389</b>	<b>\$ 284,434</b>	<b>\$ 245,928</b>	<b>\$ 237,071</b>	<b>\$ 266,028</b>	<b>\$ 299,322</b>	<b>\$ 318,974</b>	<b>\$ 289,815</b>	<b>\$ 260,746</b>	<b>\$ 250,205</b>

<b>FISCAL YEAR TOTAL</b>	<b>\$ 2,726,913</b>
<b>TOTAL CCA</b>	<b>\$ 148,561</b>

Total utility expenditures for the period of July through March totaled \$2,726,913 against an annual budget of \$3,115,994, representing approximately 87.5% of the total budget. This is above the expected benchmark of 83.33% for this point in the fiscal year, reflecting typical seasonal usage patterns and timing of utility costs.

Year-to-date costs include \$148,561 in Climate Commitment Act (CCA) charges, accrued between July and April. These charges reflect the state-mandated carbon fee applied to utility consumption and will continue to be monitored and incorporated into ongoing energy-cost management and future budget planning.

## District Facilities

The following data, drawn from our Computerized Maintenance Management System (CMMS), DirectLine, highlights the productivity and accomplishments of the Maintenance and Operations teams across both campuses during May 2026.

### Key Highlights:

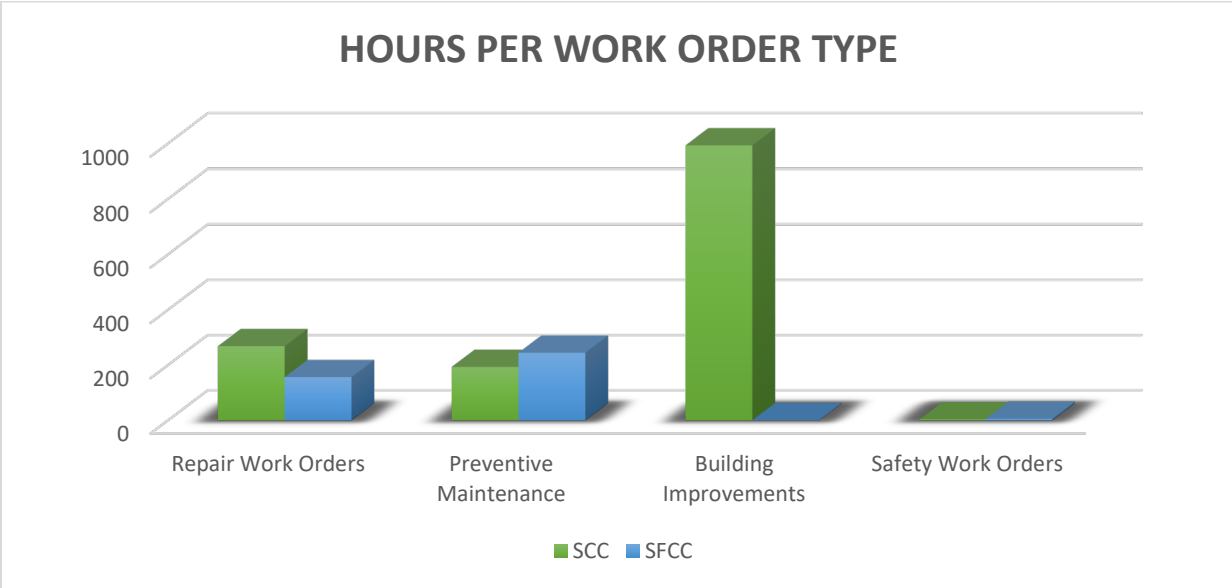

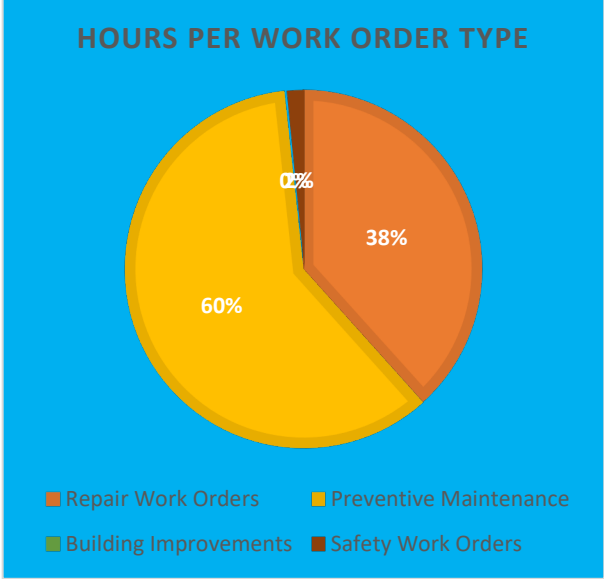

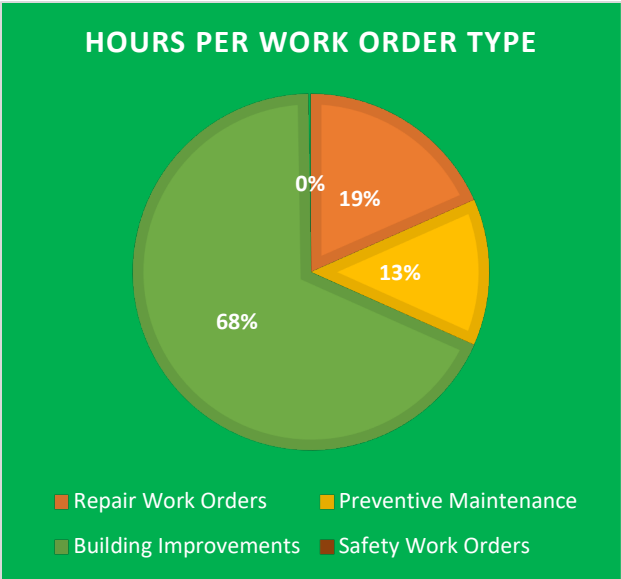

- Repair Work Orders:**  
 Repair activity declined at both campuses this month. SCC decreased by 27% (171 to 124), while

SFCC decreased by approximately 9% (74 to 67), indicating a reduction in reactive maintenance demand across the district.

- Preventive Maintenance:**  
 Preventive maintenance efforts showed mixed results. SCC decreased by 33% (86 to 58), reflecting fewer completed planned tasks during the period, while SFCC remained relatively stable with a slight decrease of 2% (102 to 104), maintaining a consistent level of preventive activity.
- Building Improvement Requests (BIR):**  
 BIR activity increased significantly at SCC, rising from 4 to 9 work orders (125% increase), driven by major project work. In contrast, SFCC decreased from 6 to 1 work order (83% decrease), indicating reduced improvement project activity at that campus.
- Safety-Related Work Orders:**  
 Safety-related work orders increased at SCC, doubling from 4 to 8, while SFCC decreased from 5 to 3 (40% decrease). This reflects a slight uptick in reported safety concerns at SCC, offset by improvement at SFCC.
- Total Work Orders Completed:**  
 Overall productivity declined compared to the previous month. SCC completed 199 work orders, down 25% from 265, while SFCC completed 175, a 6% decrease from 187. This reduction aligns with lower overall work order volume during the reporting period.
- Work Orders Initiated:**  
 New work order creation declined across most categories. Customer-initiated requests decreased by 18% (293 to 240), and self-initiated work dropped by 28% (397 to 287). Key-related requests decreased by 34% (62 to 41), and event-related work remained relatively steady with a slight decrease (76 to 71), indicating a general slowdown in incoming workload.

This reporting period reflects an overall reduction in activity across both campuses, particularly in repair work and newly initiated work orders. While productivity declined in line with reduced demand, the increase in SCC building improvement projects and stable preventive maintenance efforts at SFCC demonstrate continued focus on strategic and planned work. The rise in safety-related work at SCC warrants monitoring, while overall lower workload levels may provide an opportunity to rebalance resources and prioritize deferred maintenance and improvement initiatives.

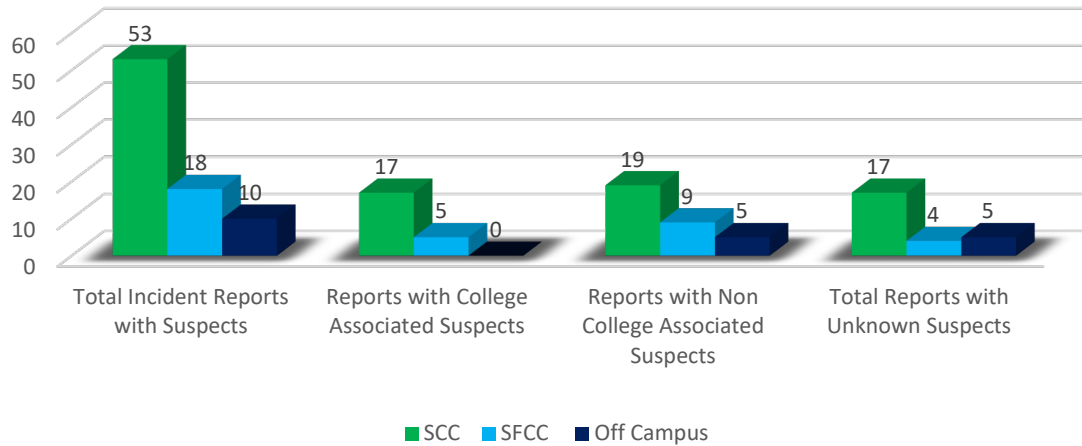

Spokane Community College			Spokane Falls Community College		
WORK ORDER TYPE	QTY	HRS	WORK ORDER TYPE	QTY	HRS
Repair Work Orders	124	268.75	Repair Work Orders	67	156.75

<b>TOTALS:</b>	<b>199</b>	<b>1459.83</b>	<b>TOTALS:</b>	<b>175</b>	<b>408.75</b>

**Office of Campus Security**

Throughout May, a total of **81 incident reports** were filed, a nearly 56% increase since April. 10 of those reported incidents occurred at our offsite locations.

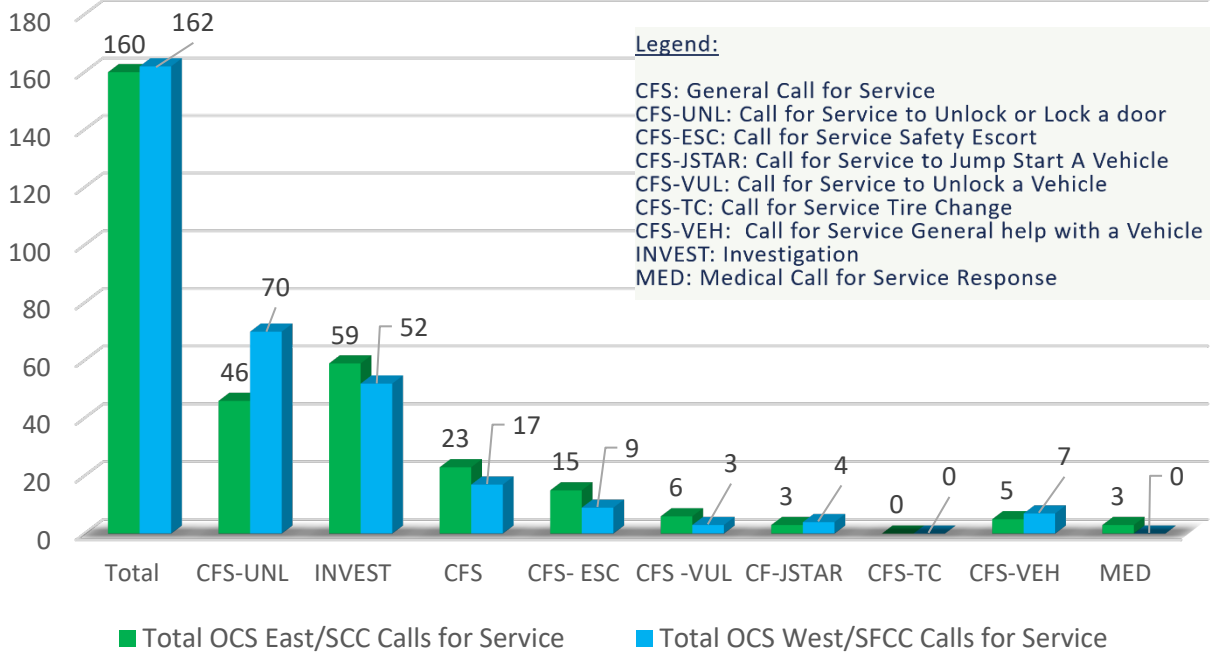

## May 2026 Spokane Colleges Suspect Association Report

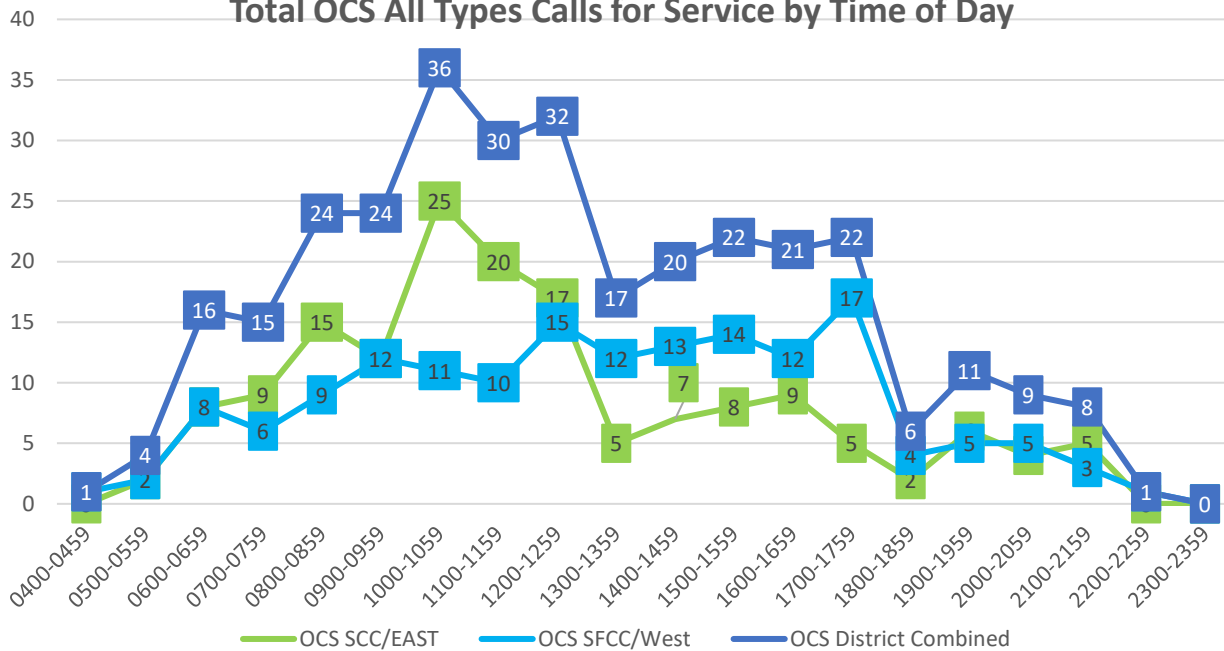

### **Significant/Notable Security Events:**

- **Burglary and Attempted Burglary (1 incident at SFCC, 1 Off-Campus):**
  - A known trespasser concealed burglary tools behind a trash receptacle on the north side of Building 32. The individual was observed on campus multiple times throughout the morning. The tools were recovered and turned over to the Spokane Police Department (SPD), and security footage and related information were provided for follow-up.
  - An individual was captured on security camera intentionally damaging the lens of the security camera at the AEC front entrance using a large piece of concrete. The suspect then attempted to use the concrete to break through the facility's front doors. The incident was referred to SPD for investigation.
  
- **Thefts (3 incidents at SCC):**
  - Employees and students reported multiple thefts involving lockers, break rooms, and personal property. The incidents were documented and investigated by Campus Security.
  
- **STA-Only Incident Trends:**
  - SCC reported nine STA-related incidents, all involving suspects who were either unaffiliated with the college or whose identities could not be determined. SFCC reported one STA-related incident involving a suspect with no known affiliation to the college.

## May 2026 Total OCS CFS with Dispatch Type

## May 2026 Total OCS All Types Calls for Service by Time of Day

## Environmental Health & Safety

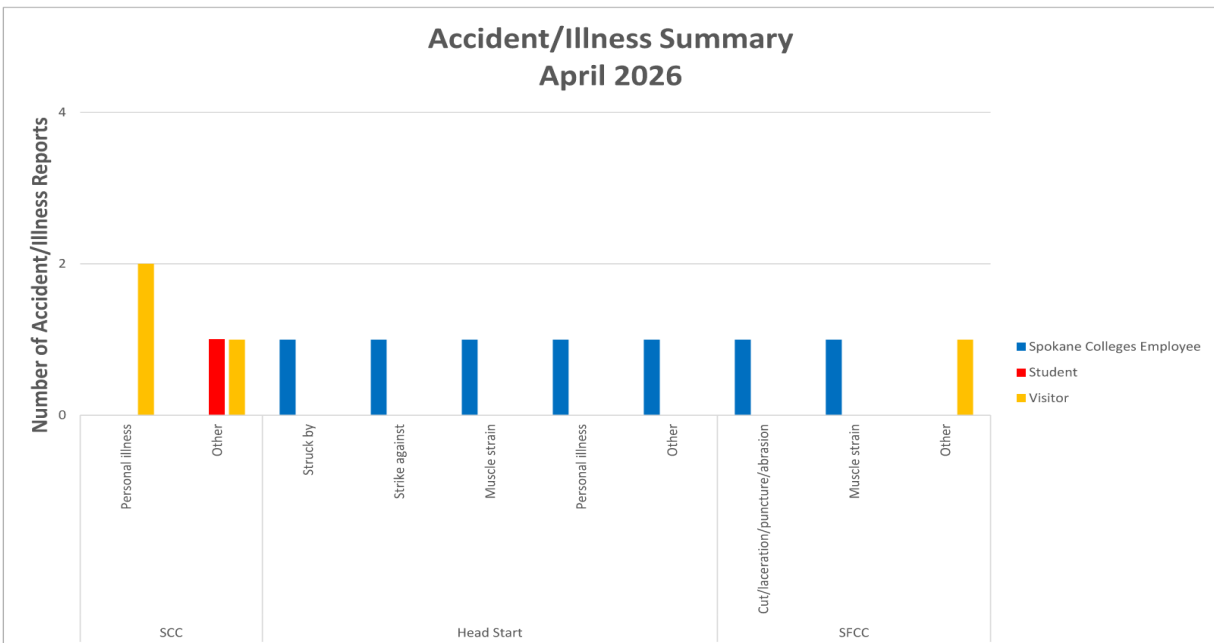

### Injury & Illness Reports

In April 2026, the EH&S Office recorded 11 incident reports and 1 near miss, reflecting a continued decrease in activity compared with the prior month.

#### Key Highlights:

- **Low Severity Overall:** Most incidents were minor in nature, requiring only first aid or precautionary medical evaluation.
- **Visitor-Related Events:** Several incidents involved visitors in public-facing areas, including a cardiac arrest requiring emergency transport, a bat bite requiring treatment, and a recreational head injury.
- **Head Start Environment:** Incidents within childcare settings remained frequent but low severity, consisting primarily of minor contact injuries and one strain injury requiring medical care.
- **Employee Injuries (Facilities/Operations):** Reported injuries included a minor puncture wound during maintenance work and a lifting-related shoulder strain, consistent with routine operational risks.
- **Medical Events:** Isolated medical responses included an employee asthma event and visitor illnesses occurring in transit-adjacent areas.
- **Near Miss:** One near miss involving malfunctioning equipment in an instructional shop required fire extinguisher use and resulted in corrective follow-up.

April trends reflect stable operations with predominantly low-risk incidents. Activity was concentrated in public access areas, childcare settings, and routine maintenance tasks, with no significant or systemic safety concerns identified.

## **Instructional Updates**

### **Adult Basic Education**

The ABE Division underwent a 4-year program review by SBCTC which included a student interview panel and review of data collection and grant management practices. ABE was also evaluated on how well the division was aligned with WIOA (Workforce Innovation and Opportunity Act) standards in the classroom. ABE was commended for accurate and consistent data practices, high level of student satisfaction, and connection to campus life.

The ABE Division has been a leader in the work of Strategic Enrollment Management over the last academic year. We have developed and refined our progression policies and reviewed placement practices. An English as a Second Language (ESL) student survey was deployed to understand issues related to student retention. In this survey we learned that the vast majority of students in our program intend to complete level 6, the highest level, and continue to either further study or a career in their field.

The ABE Division, in cooperation with Counseling, Admissions and Registration, Financial Aid, and Workforce Transitions, held a HS+/ATB Summit on May 15, 2026, in which we launched the procedure for the merging of the HS+ program with ATB (Ability to Benefit). Now there will be one starting place for all incoming students without a high school credential, with students being informed on their options of HS+ or using ATB. Students opting for using ATB will not leave HS+ when they begin their degree or certificate program. Instead, we will continue to track their credits earned and apply them to their high school transcript. This way, all of the credits earned by students will be applied to both their degree or certificate program and their high school diploma. For the first time, ATB students will receive the same support and connection points as students in HS+ College. The BOT approved tuition waiver for HS+ will be applied for the first 6 credits, which is the ATB requirement to begin credit classes with Financial Aid.

This approach to ATB is the first of this kind in the state. We are proud that Spokane Community College is a state leader in ATB and HS+. Our "go live" target for this merger is winter 2027, with advising to being this fall.

### **Business, Hospitality & Information Technologies**

#### **Medical Office**

The Medical Office programs hosted their first-ever MSEC Student Connection event on Thursday, June 4<sup>th</sup>. This gathering provided medical office students with an opportunity to connect, learn, and engage with community employers and leaders, as well as with one another and their instructors.

#### **Hospitality**

On Tuesday, May 19<sup>th</sup>, INCA faculty Curtis Smith and Duane Sunwold left at 4:30 am to make the trip to Wenatchee Valley Technical school to do a baking demonstration and market SCC hospitality programs to high school students. Curtis and Duane taught over 40 students how to make pâte à choux dough and how to transform it into vanilla cream puffs or savory, cheesy gougères. Students were engaged, excited, and asked numerous questions about the opportunities at INCA, SCC and the Spokane area. They now know that they can pursue their professional interests in the baking and culinary fields in Spokane.

## **Communication, Humanities, and Social Sciences**

### **Faculty Hiring**

The division has completed both tenure-track searches, with finalists in English and Psychology accepting their offers. Dr. Brooklyn Walter joins the English faculty. She holds a Ph.D. in Rhetoric and Composition from Washington State University and brings more than a decade of experience directing WSU's Writing Center, a background especially well suited to the role the Writing Center plays in student success at SCC. Dr. Erin Freed joins the Psychology faculty. She holds a Ph.D. in Psychology from the University of California, Davis, and comes to SCC from California Northstate University, where she served as an Assistant Professor of Psychology. Both faculty members begin September 17, 2026, and their hires strengthen two of the division's highest-demand programs.

### **Peace Studies and the SCC Peace Institute**

The SCC Peace Institute hosted two signature events this month. On May 5<sup>th</sup>, the "Peace in Practice" International Business Conference brought students together for a panel discussion on cross-cultural communication in global business and a keynote on navigating international markets, framing peacebuilding through the lens of professional and economic exchange. On May 22<sup>nd</sup>, the Peace Studies Program closed the month with its Walk for Peace 5K Fun Run, a student-faculty community event along the Spokane River, with President Martin delivering the kick-off. Both events were advised by Angela Wizner.

### **Communication and Career Readiness**

On May 6, the "Speak Out!" Communications Club partnered with Career Services to present *Future Focus: Communication Skills for Career Readiness*. Students built resumes, practiced interviewing, and developed networking skills, putting the division's communication outcomes directly to work in a career-preparation setting. Speak Out! is advised by Amy Anderson.

### **Art and Accessibility**

In recognition of Global Accessibility Awareness Day, students from Lena Lopez Schindler's Art Appreciation and Non-Western Art courses presented a reception on May 21<sup>st</sup> at the Library Art Wall in Building 16. The exhibition featured multisensory artwork engaging touch, sound, and other forms of perception, inviting the campus to consider who art is for and how we can build more inclusive spaces. The reception was supported by Disability Access Services and the work remains on display through the end of the quarter. The event reflects the division's broader attention to accessibility and inclusion as both a curricular and institutional priority.

## **Extended Learning & Workforce Initiatives**

### **ACT 2**

ACT 2 art faculty, Elise Beattie, Katie Frey, and Lisa Soranaka all have recent accomplishments. Elise Beattie's piece *Fluidity of Universal Time* has been accepted into the [Acrylics International Biennial at the Kenosha Public Museum](#) in Wisconsin. This exhibition will be displayed from August – November.

Photo below of Elise Beattie's work *Fluidity of Universal Time*

Katie Frey won third place in the Spokane Watercolor Society's National Juried Watercolor Show featured at the Northwest Museum of Arts & Culture (MAC) at the Helen South Alexander Gallery.

Photo below of Katie Frey's work *The Tao Te Frog*

Lisa Soranaka has been commissioned to create a mural to honor Japanese American History behind Madeleine's Café on 415 W Main Ave. Work on the mural began on May 12<sup>th</sup>.

Photo of Lisa Soranaka's mural in progress

ACT 2 has collaborated with CampusCE to introduce three features to boost student experience and streamline ACT 2 staff workload. First, an email link “Share this class through an email invitation” has been added allowing students to easily share class opportunities with friends and family members through email. This was immediately adopted with emails being sent by students the first day the feature went live. Second, an administrative feature removed the manual process of opening registration each term. Previously, this ability wasn't available due to the nature of how ACT 2 releases schedules in advance for student planning. Third, the ability to create custom registration templates at the section level. The ability to send specific messaging at the time of registration alleviates workload in message creation and reduces the number of messages students receive, which is a win-win.

The ACT 2 scholarship process has been formalized with the Spokane Colleges Foundation, Cashiers, Non-Credit Registration, and ACT 2 staff. This revised and streamlined process increases communication efficiency, reduces workload, and improves student experience.

### Corrections

On Wednesday May 6<sup>th</sup>, the Corrections Education department participated in the first Department of Corrections (DOC) Opportunity Fair hosted by the Violence Reduction Committee. Re-entry Program Navigator Becca Alvarez, CNC Instructor Dan Burdick, and Education Navigator Wendy Farmen answered questions, provided program information, gave out FAFSA and transcript request forms, and provided class information. This fulfilling experience engaged many individuals and was a tremendous success.

Photo below from the Opportunity Fair

The Student Voice Council in partnership with the HS+ team at Airway Heights Correctional Center (AHCC) have been hosting peer-led art classes that students can participate in and earn HS art or elective credit. These peer-led portions of class have been a benefit to student engagement and building trust within the classrooms. It has been reported that students who participate in these courses show up more consistently and engaged in class.

**Apprenticeship**

The Apprenticeship Center had two more programs complete the credit equivalency process and passed the curriculum committee review in May 2026. The AGC Laborers and the Boilermakers programs both completed the process and are excited to start offering college credits for their classes. The apprentices will begin earning credits beginning Fall quarter 2026.

**Rural Education**

The Rural Education department is currently searching for a Tenure Track instructor for Psychology to help support growing demand in rural areas and to support the increase of students completing prerequisites for healthcare programs.

Katie Keinhesselink, Ph.D., has accepted the position of Dean of Rural Education. She will start on July 1<sup>st</sup> and will lead the newly restructured Rural Division. Dr. Keinhesselink is a higher education leader, scholar, and program builder with two decades of experience expanding access, building partnerships, and directing resources toward rural communities. A first-generation college student from a rural working-class background, she brings lived experience alongside professional expertise to questions of equity and what it means for institutions to genuinely serve the places they call home.

Katie comes to Spokane Community College with deep Washington roots and the conviction that rural students and institutions belong at the center of higher education scholarship, policy, and public life. She looks forward to building relationships with faculty, staff, students, and community partners across the Colville, Inchelium, Newport, and Republic campuses.

**Health & Environmental Sciences**

Instructor Marty Sells represented SCC and Nursing at the Inland NW Nurse Educator Conference at Gonzaga University in mid-May. This annual event brought together academic and clinical nursing educators teaching at all levels of nursing education as well as people certified in Nursing Professional Development.

Enrollment for classes in EMT/Paramedic continues to be at maximum capacity for cohorts which is 45 students. Classes are full one month before classes start with space being a limiting factor. AMR recruiters visit often and job prospects remain high.

Dr. Louis Kaplan, Associate Dean of Nursing, represented SCC Nursing and administration at the Council on Nursing Education in Washington State (CNEWS) Conference at the Davenport Hotel in April. This was an opportunity for Dr. Kaplan to continue to learn about Nursing in Washington State and to continue to meet and interact with other administrative leadership. CNEWS holds several conferences during the year for educators from all nursing programs in Washington State. Their vision is to lead “transformative nursing education to benefit state, national, and global populations”.

The Invasive Cardiovascular Tech program is still going strong with 11 new students this year. Students continue to excel in the program with 15 out of 16 students from the previous cohort finding jobs in Seattle, Portland, Tacoma, Spokane, Boise, Missoula, and Denver. Program Director Tibbals is working to expand class size limits by cultivating clinical relationships with additional organizations, including Valley Hospital and Holy Family.

Members of Health & Environmental Sciences participated in the Health Services Research Roundtable of Eastern Washington in late April at Gonzaga University. This is a collaboration among institutions of higher education and community partners to promote public health in Eastern Washington. The committee brings together people from multiple disciplines across campuses with a broad network of community partners to explore opportunities for partnership and capacity that benefit health and local communities. The topic of the latest event was *The State of Public Health in Eastern Washington: Past, Present, and Possibility*. Presenters were/are from Spokane Regional Health District, Washington State Association of Local Public Health Officials, Washington State Department of Health, Gonzaga University, Northeast Tri County Health District, and the Washington State Senator from the 3<sup>rd</sup> Legislative District of Spokane.

### **Instructional Support Services**

#### **WIP Craft Night**

The Library hosted another successful WIP (Work in Progress) Craft Night during Spring Quarter 2026, continuing efforts to provide students with creative, community centered programming within the library space. The event welcomed 30 students and 6 staff members, nearly doubling student participation from the previous quarter's WIP Night.

WIP Night is a craft and hobby focused gathering where students are encouraged to bring personal creative projects or participate in activities provided by the library. To help ensure accessibility and participation, the library also provides free craft kits and supplies for students who may not have materials of their own. Activities during the event included pipe cleaner flower making, sun catchers, diamond painting coasters, crochet projects, cross stitch, button making, LEGO building, 3D wooden puzzle construction, and recreational reading. The event created an inviting environment for creativity, relaxation, and student connection while encouraging students to utilize the library as a collaborative campus space.

#### **Library WA250 Mini Grant**

The SCC Library was awarded a WA250 mini grant from the Washington State Library (WSL). With these funds, to commemorate the 250<sup>th</sup> anniversary of the signing of the Declaration of Independence, the Library will develop its existing collection of U.S. history books with a series of recently published titles. These will be featured as a prominent library display in the Summer and Fall Quarters of this year. SCC Library staff will promote the new collection, and the display will be erected using previously acquired materials, allowing us to spend grant funding solely on acquiring books.

The SCC Library also plans to host related history workshops for the community, including students and employees, that explore topics on the critical narratives of local, state, and national heritage as well as indigenous history. Local historian and SCC History Professor Stacy Kowtko will lead these efforts.

#### **Tutoring**

Science Tutoring saw a 43% increase in the number of students using the space from the 24/25 academic year to the 25/26 academic year.

## **Science, Mathematics, and Physical Education**

### **Mathematics**

The Mathematics Department hosted their annual *Pizza and Problems* to prepare for the second round of the Student Math League test administered through the American Mathematical Association of Two-Year Colleges (AMATYC). The five-day prep activity had a robust number of attendees with 22 students attending an average of two of the five weekly sessions. Nine SCC students took the Student Math League test on March 3<sup>rd</sup> with a total team score of 59, placing SCC 55<sup>th</sup> in the nation out of 114 participating colleges.

### **Physical Education**

Congratulations to Coach Larry Beatty, long-time SCC Physical Education (PE) instructor and the Spokane Sasquatch Track Team. The Sasquatch team, consisting of 25 women and 25 men, won the NWAC Track and Field Championships held at Mt. Hood Community College on May 18-19, 2026. This win was the third in a row for the women and the second in a row for the men, whose total points score was more than twice the total of the second-place team. Three athletes won special awards: Jayden Boyles was Track Athlete of the Meet (1<sup>st</sup> place in the 100, 200 and 400 Relay), Jediah Darrell was Field Athlete of the Meet and High Point Scorer (1<sup>st</sup> place in Hammer, Discus, 3<sup>rd</sup> Shot Put), and Daisy Lemley was Field Athlete of the meet for the Women (1<sup>st</sup> place Hammer, Discus, and 8<sup>th</sup> place in Shot Put). Coach Beatty also received Coach of the Year honors for leading the teams to a second-straight title and 17<sup>th</sup> overall under his leadership.

### **Sciences**

SCC Biology instructor Susan Butler attended the Faculty of Color Spring 2026 retreat in Seattle. Susan stated that

*... this conference [...] remains a vital way for our SCC and SFCC teams to connect and strengthen our partnerships with faculty and counselors from across the region. This year was especially refreshing; focusing on supporting students as an Act of Love and tackling new institutional issues side by side helps us build stronger community bonds. We are heading home full of synergy and ready to move forward as a united team!*

### **Clubs**

The Arab Culture Club recently participated in an educational and cultural trip to Dearborn, Michigan, with five student members and co-advisors Kamilia Nemri (SCC Mathematics Instructor) and Rabab Nemri-Weber (ESL faculty). Dearborn, known for having one of the largest Arab-American communities in the United States, provided students with a unique opportunity to experience Arab culture, history, and community firsthand. Throughout the trip, students engaged in meaningful cultural immersion, educational activities, and interactions with diverse communities through activities including exploring the Arab American National Museum, joining a six-hour celebration hosted by the Jordanian American Heritage Association honoring the 80<sup>th</sup> Independence Day of Jordan, visiting shops and restaurants reflecting the vibrant and rich culture of the local Arab community, and visiting Detroit's Belle Isle Aquarium and Conservatory. Overall, the trip was a memorable and impactful learning experience for all students involved. Students shared comments such as, "I feel like I'm back home," and "I'm not a minority here—everyone looks like me," highlighting the powerful sense of belonging and connection

they experienced throughout the trip. The students returned home with meaningful memories, new cultural insights, and a deeper appreciation for Arab heritage, identity, and community connections.

### **Assessment Team**

The Student Learning and Assessment Committee (SLAC) is currently working on completing our assessment cycle for Information Literacy. We completed the first round of college-wide assessment at the end of the fall quarter, then SLAC recommended an Information Literacy intervention. That intervention was completed in March by the librarians at SCC and was led by Melinda Martin. Since then, we have been preparing for the second round of assessment which will occur at the end of Spring Quarter. At that point, we will be able to learn the ways in which the intervention was helpful and what may come next. Our assessment cycle has been helpful for discussing and developing student learning around Information Literacy at SCC, but it also has helped faculty gain more experience going through the process of completing an assessment cycle.

### **Teaching & Learning Center**

The Teaching and Learning Center (TLC) offered faculty and staff the opportunity to join 30 Communities of Practice (CoPs) this academic year. CoPs are groups of professionals who share an interest in learning about a topic and support each other as they work on applying their learning to their individual job responsibilities. Most CoPs are open to faculty and staff across the district, and this year, almost 400 people opted into these quarter- and year-long groups. Shorter-term groups met to discuss and implement information on topics ranging from accessibility, GenAI, the college success course, and linked courses. Additionally, there are three community read groups each year, and SCC employees are now able to opt into the Center for Engaged Teaching and Learning's book groups as well. CoPs with a longer meeting time focus on connecting groups with similar job titles, including adjunct faculty, tenure-track faculty, new faculty, faculty fellows, and division assessment leads. CoP gatherings make up between half and two-thirds of TLC events each quarter, as well as more than half the total attendance each term. These participant-driven conversations help the TLC fulfill its mission: *to facilitate an atmosphere of collaboration, collegiality, inclusivity, diversity, and recognition of peer excellence by providing space and resources for the SCC community to nurture teaching and learning strategies in support of student success.*

## **Student Services Updates**

### **Admissions and Registration**

We have eliminated the required online orientation, Bigfoot First Steps, for new Professional-Technical (Prof-Tech) program students. This decision removes barriers for students who do not benefit from completion of Bigfoot First Steps because many do not enroll themselves. Eliminating the requirement results in a smoother onboarding process for new Prof-Tech students. A special thank you to Ashley Purdin, Guillermo Espinosa, Dr. JL Henriksen, Amber McKenzie, Jeff Brown, and Priya Mhlophe as Division SEM Committee Co-Chairs for helping facilitate these discussions in their respective SEM Committees. Involving all divisions which have historically used Bigfoot First Steps for their new student orientation in the conversation was vital to ensure consensus with such a major change.

The Admissions & Registration department worked alongside multiple SCC departments for both Sasquatch Experience and Trade Discovery Day. With over 800 students attending these events in late April, the entire Admissions and Registration department assisted participating students with enrollment and registered them to become future Sasquatches. In preparation for the events, our team worked diligently to help students remove their holds, adjust enrollment dates on the fly, and create individualized welcome sheets for every student at Sasquatch Experience that included their math placement, program of study, financial aid information, and class dates. Team members were constantly on the move, helping students at both events all day. Through the team's hard work and our student-centered approach, we were able to help these students begin their journey at SCC.

Progress towards auto-conferral of all degrees and certificates for SCC students continues to be on track for full implementation at the end of Spring 2026. Auto-conferral evaluations for Summer and Fall 2026 began the day after new student enrollment opened for those terms. Students are also receiving graduation status update communications to ensure they are aware of their progress to completion. For updates on the Auto Conferral timeline, visit our [Asana Project Dashboard](#).

## **Counseling**

### **ABE Counseling**

The ABE HS+ College (HS+C) program continues to demonstrate strong student success outcomes. Across all quarters in 2024 and 2025, the program maintained high rates of academic progress, completion, and transition to SCC credit programs.

77% of students passed one or more college classes, demonstrating consistent academic achievement and persistence. Even more notably, 90% of students graduated from the HS+C program, reflecting the program's effectiveness in supporting students through completion of their high school credentials.

The program also showed strong post-program momentum, with 68% of students transitioning into credit-bearing programs. This highlights the program's success not only in helping students complete their high school credential but also in preparing them for continued academic and career advancement in college coursework.

Several quarters demonstrated exceptional student outcomes:

- Fall 2024 and Fall 2025 both achieved 100% graduation rates.
- Summer 2025 achieved 100% success in course completion, graduation, and transition to credit programs.
- Fall 2024 also saw an outstanding 93% rate of transition into credit-bearing programs.

These outcomes reflect the dedication of faculty and staff, the resilience of students, and the effectiveness of the HS+C program model in creating pathways to educational opportunities.

### **College Success Courses**

SCC's College Success Courses Community of Practice, hosted by the Teaching and Learning Center, brings together faculty from GUID 102 Strategies for Success, BT 102 College and Career Strategies, ESL 72 Transitions Course, and other faculty interested in student success course instruction.

Since Spring 2025, this cross-divisional group has partnered with Institutional Research to examine student outcome data. The analysis revealed significantly higher retention, success, and completion rates among students who completed a college success course compared to credit students who did not.

With leadership from the Student Learning Assessment Committee (SLAC), the group also conducted a comprehensive review of the GUID 102 Course Learning Outcomes (CLOs). This work resulted in revised outcomes that more closely align with national best practices and current instructional practices.

In addition, the group completed its first assessment cycle focused on CLO #1: accessing resources and connecting to the college community. Assessment results showed students met this outcome at the advanced level an average of 72% of the time.

This work demonstrates that student success courses are making a measurable difference in student persistence, achievement, and connection to the college community. The Community of Practice is helping SCC use data-informed, evidence-based strategies to improve student outcomes while strengthening consistency and quality across programs. Continued investment in this work supports the college's broader goals of retention, completion, and equitable student success.

### **Customer Relationship Management (CRM)**

#### **Melt Prevention Campaign Metrics**

During the 2025-2026 academic year, SCC added four new email campaigns to its regular quarterly CRM line-up under the direction of SCC's Melt Prevention committee. These campaigns are designed to minimize student confusion and improve retention from quarter to quarter by touching on specific pain-points as identified by leadership across different departments. In May, the SCC CRM team dived into engagement metrics for these new campaigns. Here are some takeaways:

- Overall, the new campaigns showed significantly higher engagement than SCC's average, with an average open rate of 59% from Fall 2025 to Spring 2026. Several campaigns showed open rates in the 65-75% range. For comparison, the [national average](#) open rate for education emails is approximately 35.6%, meaning SCC's performance continues to significantly exceed national benchmarks.
- The Spring 2026 Bigfoot Email Reminder for new students showed the highest open rate at 85%.
- Email broadcast member data showed students tended to open these emails multiple times, which indicates they were using them as the reference guides they were intended to be.

Although there is a common perception that today's students do not read their emails, these campaign metrics offer a different narrative: the majority of SCC students open (and refer back to) emails they find helpful, timely, and targeted.

#### **Text Messaging (SMS) Compliance Update**

After months of delay as the district worked with the vendor to comply with the stricter privacy requirements required by A2P 10DLC federal regulations, SCC was finally able to create two new SMS inboxes: a dedicated line for the Center for Inclusion and Diversity and another for SCC's EdSights team to follow up with students flagged for intervention opportunities.

**Commencement**

This year, SCC's commencement ceremony in Spokane, the rural commencement ceremonies in Colville and Newport, and the ABE graduation ceremony are all running through the TargetX Event Module in order to streamline communication with attendees. Multiple emails have gone out related to each ceremony, from invitations to graduates and pending graduates, to information about cap and gown pickup times.

**Collaborative Communication**

In coordination with SFCC and District CRM staff, SCC sent out two targeted summer enrollment campaigns on May 28 urging students in the AA-DTA, Allied Health Programs, and other programs sharing common prerequisites, to consider signing up for one or two prerequisite courses over the summer. Between the two campaigns, open rates averaged 44.7%, slightly higher than average for marketing emails in the education sector.

CRM staff at SCC and SFCC also collaborated with program staff at both campuses to create an email inviting students to the Flea Market/Free Market event hosted at SCC on May 29 and SFCC on June 1.

**Competitive Applications Update**

All eight competitive SCC program applications are now live in the CRM. Decision letters recently went out for the Summer 2026 Practical Nursing cohort and the Fall 2026 Registered Nursing cohort – both nursing programs will have full cohorts in their respective terms. Fall 2026 application cycles are currently open for the BAS in Respiratory Care, the AAS in Radiology Technology, the AAS/Certificate in Dental Assisting, the AAS in Diagnostic Medical Sonography, the AAS in Echocardiography, and the AAS in Vascular Technology.

**Disability Access Services**

During May 2026, the Disability Access Services (DAS) office implemented several improvements designed to enhance student access, improve communication clarity, and respond more effectively to continued growth in service demand.

DAS refined multiple student communication flows and standardized templates to provide clearer, more consistent guidance throughout the accommodation request and approval process. Spanning improvements from the 'Application Received – Next Steps' email to the 'Accommodation Eligibility Letter,' these updates are designed to improve responsiveness, reduce student confusion, and streamline interactions at key service points.

DAS also revised the student accommodation application. The revisions are designed to guide students through a structured and scaffolded process to more effectively identify functional impacts, disability-related barriers, and clarify accommodation requests. Ultimately, these enhancements are designed to improve information-gathering at the first step in the DAS process.

To address ongoing increases in student demand while operating at a staffing deficit, DAS also piloted a fast-track accommodation approval process for certain common and well-documented accommodation requests. The pilot is designed to reduce wait times, increase service efficiency, and ensure timely student access to accommodations.

DAS also expanded and refined the [DAS Canvas shell](#) (open access and available to all students) to improve student access to self-help tools, academic support resources, and service-related information outside of traditional office hours. Updates include improved organization and navigation, expanded academic skills content, and the addition of centralized resources related to study strategies, time management, assistive technology, accommodation processes, campus referrals, and student self-advocacy.

The enhanced Canvas shell is designed to provide students with a user-friendly resource hub that supports independent engagement and timely access to information. These improvements also support broader office efficiency efforts by reducing duplication of routine informational requests while increasing students' ability to independently locate guidance and support resources.

All combined, these efforts reflect DAS's continued commitment to operational improvement and student-centered service delivery while operating under significant pressures and constraints.

Additionally, to carry efforts and improvements to faculty-facing partnerships, DAS has continued meetings with the faculty advisory group to strengthen collaboration between faculty and Disability Access Services staff.

#### Spring Quarter Data:

Measure	Spring 2026
Total accommodation letters sent	1404
Number of SCC classes with at least 1 student with accommodations	737
Number of instructors with at least 1 student with accommodations	237
Number of students with active accommodations	421

#### Financial Aid

The Financial Aid Office continues to monitor ongoing federal changes associated with the One Big Beautiful Bill legislation and the evolving guidance from the United States Department of Education. At this time, the Department of Education is still finalizing regulations that will significantly impact students' access to financial aid funding and institutional processing requirements.

Key anticipated changes include reductions in student loan borrowing limits, loan proration based on enrollment levels, and potential repayment obligations for students who withdraw or drop coursework. These regulatory changes present operational challenges for Financial Aid offices, as many of the new requirements will require increased manual review and processing by staff.

The Financial Aid Office continues to assess the impact of these changes, prepare operational adjustments, and work proactively to communicate with students regarding how federal policy updates may affect their educational funding and enrollment decisions.

## **Global Education**

The Global Education office hosted its first Foundation scholarship fundraiser for the Jacqueline Hanke Memorial Scholarship for International Students at Feast World Kitchen in downtown Spokane on May 22. Six of our international students served as chefs for the day, preparing incredible dishes representing their home countries of Brazil, Japan, India, Kenya, and Uganda. The event was a true collaboration, with Spokane Colleges faculty, staff, and students volunteering throughout the day in both front- and back-of-house roles. We were busy from start to finish and felt tremendous support from the Spokane Colleges community through dine-in guests, online orders, and direct donations to the scholarship fund. While final numbers are still being calculated, we raised nearly \$4,000 for the scholarship, with final totals expected next week. It was a joyful day filled with food, culture, community, and connection.

Global Education has a student headed to Costa Rica this summer and another to Seoul, South Korea. Our SCC student traveling to Seoul was awarded a \$2,500 Gilman Scholarship along with a \$500 Washington State Community College Consortium for Study Abroad (WCCCSA) scholarship, making the experience nearly fully funded.

We are excited to celebrate nearly 25 international student graduates from SCC and SFCC this June. On June 5, Global Education hosted an end-of-year celebration with international students at Flatstick Pub featuring food, games, fun, and community. Graduating students each received a special certificate from our office along with a commencement stole featuring their country's flag to wear proudly during graduation ceremonies. We are incredibly proud of all they have accomplished and grateful for the many ways they have enriched our campuses and college community.

## **Multicultural Student Services**

Multicultural Student Services (MSS) is ending academic year 2025-2026 strong through continued advancement of the department's strategic priorities focused on advocacy and support, data-driven and proactive student support, digital student engagement, and Passport to Careers recruitment and retention efforts.

The Passport to Careers (P2C) program continued expanding recruitment and retention efforts throughout May. SCC hosted the HEART event, connecting with McKinney-Vento youth exploring post-high school opportunities and increasing awareness of the financial and wrap around support available through SCC. P2C also partnered with Workforce Transitions and SFCC colleagues to coordinate the Spokane Colleges Flea Market/Free Market, a two-day resource event supporting students experiencing financial hardship and basic needs insecurity. Student and employee outreach included a targeted CRM campaign and follow-up communication prior to the event, which received enough donations to completely fill the auditorium stage.

MSS also continued advancing advocacy and equitable student support initiatives through collaborative educational programming. During a recent visit with a Diagnostic Medical Sonography (DMS) class, students participated in a discussion focused on healthcare equity and culturally responsive care in

partnership with Trustee Anna Franklin, Executive Director of Health Equity and Environmental Stewardship at Providence, and Stephaine Courtney, Executive Director of the Shades of Motherhood Network. The experience provided students with real-world examples of how healthcare professionals can address systemic inequities through culturally responsive care practices.

As MSS concludes academic year 2025-2026, the department remains committed to advancing student success through advocacy, belonging, equitable support systems, and community engagement. Closing equity gaps requires diverse systems of support, and MSS continues serving as a connector between students, campus resources, and community partnerships that strengthen persistence, engagement, and holistic well-being. Through leadership development, culturally responsive programming, and collaborative partnerships, MSS helps increase student persistence rates, foster belonging, and empower students to become leaders within their communities.

### **Northern Counties**

Northern Counties Workforce Program Specialist Katherine Cornelis partnered with the Department of Social and Health Services (DSHS) to support WorkFirst students during on-campus visits on April 1 in Newport and April 2 in Colville. DSHS representatives met directly with students to help them meet program requirements and connect them with critical resources. This collaboration strengthened support for WorkFirst participants by providing on-the-spot guidance in educational planning, financial assistance, and other services essential to their academic and career success.

The Newport team hosted multiple Running Start Orientation sessions for incoming students, each with 10–15 participants. These sessions provided students and parents with essential information about program expectations, class registration, and available campus resources. Participants were also introduced to key Newport and Colville Center contacts, toured the facility, and had the opportunity to ask questions to help them confidently begin their academic journey.

The SCC Inchelium Center made a big impact at this year's annual Mother's Day Plant Swap & Craft Fair, one of the community's most cherished events. Staff member Tami Desautel and work study student Raen Ranalla grew and gave away nearly 200 healthy, diverse plant starts, quickly becoming one of the fair's most popular booths. Their work not only showcased SCC's presence in Inchelium but also strengthened community connections and visibility for our rural center. The event was such a success that organizers invited SCC to formally partner next year and featured the Inchelium Center on the official event flyer, which is an exciting recognition of our growing community engagement.

### **Access, Outreach and Dual Enrollment**

#### **Dual Enrollment/Running Start**

Over 100 Running Start students are on track to graduate this spring with both a two-year college degree and a high school diploma, demonstrating strong academic commitment and achievement. At upcoming commencement ceremonies, these students will be proudly wearing Running Start stoles, celebrating their accomplishments at both SCC and high school graduation ceremonies.

#### **Sasquatch One Stop (SOS)**

Since May 1, Sasquatch One Stop has been busy supporting students across multiple channels, handling 1,751 calls and responding to approximately 2,660 inquiries via phone, email, in-person visits, and chatbot messages.

A key focus this month has been identity verification for financial aid. Our team has successfully assisted more than 250 students in completing their verification requirements, helping ensure they receive the financial support they need to continue their education.

### **Outreach & Community Engagement Highlights**

On May 13<sup>th</sup>, SCC welcomed 12 students from Lumen High School for a campus visit focused on exploring higher education opportunities. Many of these students, who are young parents, showed strong interest in short-term certificate programs that lead directly into the workforce. Their visit also included a special dining experience at Orlando's.

The following day, SCC participated in Spokane Public Schools' 5th Grade Career Fair at the Fairgrounds. The event reached over 2,000 students, providing an exciting opportunity to introduce young learners to a wide range of career and educational pathways.

The following success story, shared by Brian Brandli, WorkSource Recruitment Manager, highlights the impact of collaborative partnerships and student-centered support in helping individuals transition into new career pathways aligned with their goals:

Ellerie connected with WorkSource ready for a change. After more than 20 years in the food service and hospitality industry, along with a background in culinary arts, she recognized it was time to explore new opportunities that better aligned with her interests and offered a less physically demanding career path.

According to Brian, the initial focus was on strengthening Ellerie's computer skills to support a transition into office-based roles. As part of that process, she was introduced to the Digital Literacy Bootcamp program through Spokane Colleges' Adult Basic Education and plans to enroll in the fall quarter.

Brian shared that their conversations emphasized viewing this step as the beginning of a broader journey centered on meaningful work that supports both professional goals and personal growth. To help guide her next steps, Ellerie completed the WorkSource Spokane assessment, which will provide insight into careers that align with her skills, interests, values, and experience.

He also noted that Spokane Colleges will continue to support Ellerie as she explores additional opportunities, including the possibility of pursuing a certificate or degree program that aligns with her long-term goals.

Ellerie said, "It was great to connect with you and learn more about the courses SCC offers. I am excited to get started." She added, "Your direction and demeanor made me feel comfortable and confident about returning to education."

### **Student Life and Student Government**

#### **Personnel Updates**

We would like to recognize Tuyen Tran, who will be transitioning into a new role next month as Office Manager for Adult Basic Education. Tuyen has been a valued member of our team, and while we will miss

her in Student Life, we are pleased she will remain a close colleague on campus. We wish her continued success in this next chapter.

### **Fitness Center**

The campus Fitness Center will shift to expanded summer operating hours: Monday through Thursday, 6:30 a.m. – 4:30 p.m. This adjustment is designed to better accommodate student schedules during the summer term. Additionally, SCC recently collected student feedback through a survey, which will guide upcoming improvements aimed at increasing awareness, accessibility, and overall utilization of the space.

### **Commencement Preparation**

Our largest current effort is commencement preparation. Planning is well underway, and we are grateful for the strong partnership and collaboration across SCC that makes this event possible each year. This season, we have been showcasing new gowns, streamlining processes through auto conferral, and working through a number of logistical challenges. We remain focused on creating a meaningful and celebratory experience for all graduates and their families and are optimistic about a successful event.

### **Student Engagement & Programs**

Student Life and our campus partners continue to foster vibrant engagement opportunities:

- A new Cardiovascular Club has been established, expanding health and wellness programming and student leadership opportunities.
- Phi Theta Kappa (PTK) hosted an Adulting 101 event with 74 students in attendance, supporting life skills development.
- The Peace Institute held a Run for Peace event with 57 participants, promoting community wellness and social awareness.
- Associated Student Government (ASG) distributed 50 Spokane Indians baseball tickets, providing accessible recreational opportunities.
- Sasquatch Events hosted Spring Fling, a three-day celebration with 410 total attendees, showcasing strong student interest in campus events.
- A Mother's Day Celebration brought together 165 students with fresh flowers and card-making.
- The Adult Education Center hosted an Italian Soda event, contributing to a welcoming and engaging environment for adult learners.
- A Nurse Appreciation Event was held to recognize and celebrate students and professionals in healthcare pathways.

### **Workforce Transitions**

Since the start of Spring Quarter, Spokane Community College has partnered with Second Harvest Inland Northwest to support operations within the SCC Food Pantry. Through this collaboration, Second Harvest has provided staffing support through volunteers as well as the necessary food and pantry resources to better serve SCC students.

While the transition initially began slowly, the partnership quickly gained momentum. Volunteers continue to identify process improvements and have expressed enthusiasm for serving SCC's student body. SCC looks forward to continued collaboration with Second Harvest as both organizations work together to address food insecurity and student basic needs support.

Additionally, SCC hosted an Evening Food Pantry event staffed by Student Life, which served 292 students. A large portion of participating students came from the ESL and Machining programs, highlighting the importance of extending support services to evening students. SCC remains committed to continuing these efforts to support student success and basic needs access for all students, including those attending evening programs.

## **Workforce Development Updates**

### **Workforce Training & Continuing Education Overview**

May and early June focused on statewide leadership, workforce system alignment, employer engagement, Academic Credit for Prior Learning (ACPL) advancement, strategic partnership development, and continued expansion of workforce training opportunities. Spokane Colleges continues to strengthen its role as a regional workforce leader through collaboration with employers, community organizations, educational partners, and state workforce agencies.

### **Statewide Leadership & Workforce System Engagement**

Workforce Training & Continuing Education successfully hosted the Workforce Education Council (WEC) and Baccalaureate Leadership Council (BLC) at Spokane Falls Community College, welcoming workforce, continuing education, and baccalaureate leaders from across Washington State. Staff also participated in Workforce Education Council Executive Committee discussions focused on statewide workforce priorities, policy alignment, and Perkins Special Projects, while continuing collaboration through the Continuing Education Council.

### **Workforce Pell & Academic Credit for Prior Learning**

Efforts continue to align short-term workforce programming with emerging federal Workforce Pell opportunities. Strategic planning focused on strengthening noncredit-to-credit pathways, improving workforce connectivity, and expanding student access to family-wage careers.

The Academic Credit for Prior Learning (ACPL) initiative advanced through continued development of frameworks recognizing workforce experience, military training, and community-based learning. Discussions with statewide partners and campus leadership focused on creating seamless transitions between workforce training, academic programs, and degree pathways while improving access and affordability for adult learners.

### **Strategic Partnerships and Regional Workforce Development**

Workforce Training & Continuing Education maintained active engagement with employers and industry partners across manufacturing, healthcare, aviation, Tribal communities, and workforce development organizations.

Key partnership and workforce development activities included:

- Participation in the I-90 Manufacturing Conference to strengthen employer relationships and identify emerging workforce needs.
- Continued exploration of healthcare workforce expansion opportunities in Colville and Ferry County through the Rural Health Transformation Project.

- Ongoing development of bridge programming and healthcare career pathways, including phlebotomy and workforce transition programs.
- Participation in aviation workforce planning efforts supporting the Northwest Aviation Maintenance Competition hosted at SCC.

**SCC5 Grant and Workforce Pathway Activities**

The SCC5 Grant continues to provide workforce pathway opportunities for students across the region.

Current accomplishments include:

- 94 participants actively engaged through SCC5 Grant programming.
- Presentations delivered to East Valley High School students highlighting grant-funded career opportunities.
- Classroom outreach conducted within Future Ready, Construction, and Welding programs.
- Hosting of consortium and WorkSource monitoring visits.

**Employer Engagement and Industry Collaboration**

Workforce Training & Continuing Education expanded employer partnerships through site visits, industry forums, and workforce planning discussions.

Recent employer engagement included:

Darigold	Solstice
Tate Technology	McKinstry
ALK	Wagstaff
MacKay Manufacturing	AccraFab
Inland Empire Paper	NIC Global Manufacturing Solutions
Avista	Chas Health

An Advanced Manufacturing Forum convened regional manufacturers including Wagstaff, ASC Machine Tools, Colmac, Tate Technology, Travis Pattern, Wilbert Precast, Multifab, Aerotek, and Andritz. Employers identified professionalism and workplace durability skills as the most significant workforce development needs.

An Industrial Electrical Employer Advisory Group also confirmed strong regional demand for electrical workers within manufacturing settings and validated the need for introductory training pathways.

**Community Outreach and Workforce Awareness**

Workforce Training staff participated in multiple regional events including:

- Spokane County Career Expo
- Greater Spokane Valley Chamber of Commerce After 5 Event
- Numerous community outreach efforts throughout Spokane County and rural communities

Outreach partnerships included community centers, workforce agencies, military recruiters, food banks, healthcare providers, employment agencies, and local businesses to expand awareness of workforce training opportunities.

### **Customized Training**

Customized training demand continues to grow across the region.

Completed trainings include MasTec Flagging Training, Modern Electric Flagging Training, and Avista Hydraulics Training. Upcoming trainings include Pend Oreille Utility District Customer Service Training, WSDOT Electrical Maintenance Training, Avista Electrical and HVAC cohorts, Washington State Department of Labor & Industries Flagger Certification

### **SEIU Healthcare Training Program**

The SEIU Healthcare Training Program continues to experience significant growth and impact across Washington State.

#### **FY 2025-26 Year-to-Date (as of May)**

- Enrollment: 7,397 participants (up from 3,008 in FY 24-25): 185% increase
- Projected full-year enrollment: 8,571 participants
- Current year enrollment demonstrate substantial growth

### **Program Scale**

The SEIU program currently operates with:

- 24 instructors
- 7 moderators
- Instruction available in four languages:
  - English
  - Spanish
  - Russian
  - Vietnamese
- 18 training locations
  - 13 community college partners
  - 1 university partner

### **Upcoming SEIU Program Enhancements**

Several significant program improvements are planned for the upcoming year:

- **Return to Fully In-Person Curriculum**
  - Curriculum will return to the pre-pandemic format of 70 in-person instructional hours.
  - This replaces the current hybrid model consisting of 49.5 in-person hours and 21 online hours.

### **Train-to-Test Pilot Program**

- SEIU will pilot a Train-to-Test initiative with the Washington State Department of Social and Health Services (DSHS).
- Students will complete certification testing in the classroom immediately following training under proctored conditions.
- The model is designed to eliminate current testing bottlenecks associated with Prometric scheduling.

**PRESIDENT'S REPORT**  
**SPOKANE FALLS COMMUNITY COLLEGE**

Presented by: Patrick McEachern  
Interim President, SFCC  
June 16, 2026

Spokane Colleges Board of Trustees Meeting—June 2026

## President's Report

### 2025-2026 SFCC Enrollment Summary

Overall enrollment for the year totaled 3,706 FTE compared to 3,800.7 FTE last year, a 2.5 percent decrease. The topline result masks very different trends across enrollment categories. International enrollment and Running Start both exceeded targets and showed strong growth. State funded enrollment was more challenging and finished slightly below target. The overall decline is driven entirely by the decrease in State FTE.

#### International

International enrollment was a significant success this year. We surpassed our targets in every quarter and finished well above our annual goal. Our target for the year was 13.5 FTE and we finished at 71 FTE, or 526 percent of target. This is an 80 percent increase over last year's FTE of 39.3

Summer international enrollment totaled 2.1 FTE on a target of 0.8. Fall reached 20.3 FTE compared to a 4.7 target. Winter finished at 22.4 FTE against a goal of 4.1. Spring closed at 26.4 FTE with a target of 3.9.

#### Running Start

Running Start enrollment also exceeded target in every quarter. We finished the year at 851.4 FTE against a target of 808 FTE, reaching 105.4 percent of target. Running Start increased year over year from 812.3 FTE, a 5 percent increase, and continues to be a stable and growing part of our overall enrollment mix.

Summer Running Start enrollment was 22.2 FTE on a target of 20.9. Fall finished at 292.9 FTE compared to a 274.4 target. Winter closed at 281.4 FTE against 267.4. Spring ended at 254.9 FTE with a target of 245.3.

#### State Support

State funded enrollment was more challenging. We finished the year at 2,816.5 FTE compared to a target of 2,871, reaching 98 percent of target. State funded enrollment declined from 2,896.3 FTE last year, a 2.8 percent decrease and the driver of the overall enrollment decline.

Summer performed well at 171.3 FTE on a target of 154, though summer remains a relatively small quarter. Fall was our most difficult quarter at 940.4 FTE against a 1,015 target. Winter exceeded target at 881.2 FTE on a goal of 873. Spring finished just below target at 821.9 FTE compared to 829.

## Spokane Colleges Board of Trustees Meeting—June 2026

### 2026-2027 Targets

International targets are set above last years but below actual performance, acknowledging strong results but remaining appropriately cautious given the international recruitment environment. We are projecting modest growth in contract enrollments and are right-sizing our state support targets to reflect current performance and the upcoming changes to this category in the allocation model.

#### International

International enrollment is targeted at 47 FTE for the year. Quarterly targets are 2 FTE in summer, 15 in fall, 15 in winter, and 15 in spring.

#### Contract (Running Start & Gateway to College)

Contract enrollment is projected at 857 FTE. Targets by quarter are 15 FTE in summer, 296 in fall, 285 in winter, and 261 in spring, reflecting continued stability and modest growth in Running Start and related programming.

#### State Support

State-funded enrollment is targeted at 2,781 FTE. Quarterly targets are 170 FTE in summer, 930 in fall, 865 in winter, and 816 in spring. These targets reflect a realistic baseline following this year's decline, as well as the removal of international and parent education enrollments from the state support category.

## Student Affairs

Submitted by: Jim Mohr

### What's New in Student Affairs

As we close another academic year, I am continuously struck by the many ways our students, faculty, and staff continue to build community, transform lives, prepare students for their futures, and support student success.

This month's updates highlight the amount of work happening across Student Affairs. We celebrated the achievement of our international students, supported student leadership development, expanded outreach efforts, and improved student engagement through new approaches to technology. While each department serves students in different ways, the theme of connection emerges from our work and this report. Whether we are connecting through advising, outreach, leadership opportunities, global experiences, accessibility services, or student events, our teams are working every day to help students feel like they belong at SFCC.

## Department Spotlight: Running Start

By Brenda Schreiber

Running Start continues to demonstrate strong student achievement and engagement. This year, 242 seniors will graduate earning both their high school diploma and Associate of Arts degree, while an additional 5 students will complete a professional certificate program. They will proudly wear their SFCC Stoles at both their high school and SFCC Graduation.

### Student Highlight:

Aareel Washington comes to Spokane Falls Community College (SFCC) from Rogers High School in Spokane, Washington. He is a Running Start student, currently serving as Activities Vice President for the Associated Student Government (ASG), and has earned placement on the President's Honor Roll in recognition of his academic excellence.

Aareel exemplifies the opportunities available through Running Start. In addition to his strong academic performance, he has demonstrated leadership and a commitment to student engagement through his service in ASG, where he has helped enhance the student experience and represent his peers.

This fall, Aareel will continue his educational journey at Morgan State University in Baltimore, where he plans to study actuarial science. His accomplishments reflect the transformative impact of Running Start in preparing students for academic success, leadership development, and future careers.

## Department Updates

### Global Education Update

**FEAST FOUNDATION FUNDRAISER!** The Global Education office hosted its first Foundation scholarship fundraiser for the Jacqueline Hanke Memorial Scholarship for International Students at Feast World Kitchen in downtown Spokane on May 22. Six of our international students served as chefs for the day, preparing incredible dishes representing their home countries of Brazil, Japan, India, Kenya, and Uganda. The event was a true collaboration, with Spokane Colleges faculty, staff, and students volunteering throughout the day in both front- and back-of-house roles. We were busy from start to finish and felt tremendous support from the Spokane Colleges community through dine-in guests, online orders, and direct donations to the scholarship fund. While final numbers are still being calculated, we raised nearly \$4,000 for the scholarship, with final totals expected next week. It was a joyful day filled with food, culture, community, and connection.

## Spokane Colleges Board of Trustees Meeting—June 2026

### Study Abroad

From the Study Abroad front, we have a student headed to Costa Rica this summer and another to Seoul, South Korea. Our SCC student traveling to Seoul was awarded a \$2,500 Gilman Scholarship (which is a BIG DEAL) along with a \$500 WCCCSA scholarship, making the experience nearly fully funded!

GRADUATING STUDENTS: Finally, we are excited to celebrate nearly 25 international student graduates from SCC and SFCC this June. On June 5, Global Education will host an end-of-year celebration at Flatstick Pub featuring food, games, fun, and community, with all international students invited to attend. Graduating students will each receive a special certificate from our office along with a commencement stole featuring their country's flag to wear proudly during graduation ceremonies. We are incredibly proud of all they have accomplished and grateful for the many ways they have enriched our campuses and college community.

### CRM Update

Student engagement continues to grow at Spokane Falls Community College through the ongoing collaboration between Student Programs and the Associated Student Government (ASG). This spring, outreach initiatives focused on leadership development, campus involvement, and community-building opportunities connected with thousands of students across campus.

Recent communications promoting ASG leadership applications, Club Day, and campus events demonstrated consistently strong engagement, with campaign open rates ranging from 56% to 62%. These results reflect continued student interest in campus involvement opportunities and meaningful engagement outside the classroom.

Leadership recruitment efforts generated especially strong participation. Messaging promoting ASG applications for the 2026–2027 academic year reached more than 2,300 students and achieved a 62.5% open rate with a 3.1% click rate, demonstrating significant student interest in leadership and paid involvement opportunities. A follow-up outreach campaign in May maintained strong visibility, reaching more than 2,100 students and earning a 58.8% open rate.

Campus involvement programming also saw notable engagement. Outreach promoting Club Day reached more than 2,200 students and achieved a 60.9% open rate alongside a 4.3% click rate, the highest click engagement among featured campaigns. These results highlight strong student interest in clubs, organizations, and peer connection opportunities. Additionally, ASG's spring Movie Night promotion reached more than 2,000 students and achieved a 56.4% open rate, supporting efforts to foster community and student connection through campus programming. This impact becomes even more significant when compared to industry benchmarks within Education and Training, which average a 35.6% open rate and a 3.02% click rate. \*

Together, these initiatives reflect SFCC's continued commitment to creating meaningful opportunities for students to connect, lead, and engage both inside and outside the classroom.

## Community Outreach and Dual Enrollment Update

As I submit my last Board of Trustees update of the academic year, I'm feeling grateful. This year brought challenges, growth, laughter, and so many proud moments for our students. I'm incredibly grateful to do work that matters alongside people who care so deeply about students and their futures.

**Running Start:** To support continued enrollment and persistence, a targeted CRM campaign was sent to 282 students who were not yet eligible to graduate. The outreach campaign achieved a 64.5% open rate and a 9.6% click-through rate directing students to the Student Update Form, helping students continue their educational journey with us this fall.

**Gateway to College:** Gateway to College continues to support students in reaching significant educational milestones. This year, 10 students will earn their high school diploma, with an additional 3 students graduating with both their high school diploma and Associate of Arts/Direct Transfer Agreement (AA/DTA) degree.

Looking ahead, fall enrollment is strong, and the program anticipates welcoming approximately 20 new students this fall.

**Outreach:** May brought 60 students from the Yasuhara Middle School AVID program to campus to learn more about Graphic Design, Interior Design, and Orthotic and Prosthetic programs. Quincy Innovation Academy and WSU MESA program visits will round out this academic year of on campus outreach activities.

Campus tours will continue throughout the summer, including special Running Start tours designed to help ease first-day nerves and support a smooth transition to campus life.

**Career & Technical Education:** As June approaches, Career and Technical Education (CTE) staff will continue supporting students as they transfer earned credits to SFCC. In addition, a postcard campaign celebrating students who successfully completed a Graphic Design course has been launched. Approximately 300 postcards will be mailed to households throughout Washington State, highlighting student achievement and promoting program opportunities.

## Academic Affairs

As the school year draws to a close, our campus is alive with excitement and anticipation – tempered, of course, by the familiar end-of-year fatigue. For graduating students, this is a defining moment that reflects years of effort, growth, and discovery. For some, it also represents a powerful achievement in the face of significant challenges. This is our “Why,” when we celebrate

students’ accomplishments and recognize the support systems that helped make their success possible.

Some graduates will step directly into careers, while others will continue their educational journeys. No matter the path they choose, we are proud of them and wish them every success.

### Revisions to the AA-DTA degree

Last spring I reported about revisions to the statewide AA-DTA degree guidelines that would be proposed to the Joint Transfer Council at the Summer meeting. One year later, it appears we are very close to the new guidelines being signed into practice. The four-year partners had some feedback which has now been integrated, and the proposal is currently being reviewed once again by the Instruction Commission this Spring.

As I mentioned before, the AA-DTA had not been updated for many years, and the proposed change aims to better align with the general education requirements at the four-year institutions, which are significantly lower. The change will also give more room in the degree for students to prepare for their intended major, which better aligns with our Guided Pathways framework.

Once the proposal is signed by all parties, colleges across the state will have a two-year window to implement the new guidelines. Here at Spokane Colleges, this will mean that SFCC and SCC faculty will need to come together in a task force to revise our local AA-DTA degree to bring it into compliance with the new guidelines. This will no doubt lead to the revision of

Spokane Colleges Board of Trustees Meeting—June 2026

many of our program maps as well. The end result will be that our transfer students will arrive at their four-year designation better prepared for their intended major, saving them time and money, and leading to higher completion rates—good news for everyone!

## Modern Languages

Children’s Day is celebrated on May 5<sup>th</sup> in Japan as part of the Golden Week, a group of national holidays in late Spring. Traditionally, the day honors children’s happiness, health, and growth, while also expressing gratitude to the people who support and nurture them.

Our Children’s Day celebration at SFCC reflected these same values through hands-on cultural activities that invite creativity and patience. With ayatori (string games), students explore coordination and tradition; origami encourages focus and artistic expression; and kendama challenges balance and persistence in a fun way. Calligraphy participants experienced patience and mindfulness, and koma (spinning tops) brought with it some friendly competition. Storytelling connects these activities to the deeper cultural meanings behind them, and daruma otoshi, a stacking game, highlights precision and determination.

Games & Play	Culture & Language
Ayatori (string games) 	Origami 
Kendama 	Calligraphy 
Koma (spinning tops) 	Storytelling 
Daruma Otoshi 	Language Café 
	Kimono/Yukata photos 

Together, these activities echo the spirit of Children’s Day – celebrating our young people and the making supportive communities that help them to thrive.

## Workforce

Last month, we hosted our annual career fair, this year we drew the largest crowd since the COVID-19 pandemic. Let’s hear it for bounce back indicators! Nearly 50 employers came to campus, representing a wide range of industries – including regional credit unions, home healthcare providers, hospital systems, nonprofits, and media organizations – all eager to connect with our students’ seeking opportunities from summer employment to long-term careers in their fields of study.

Spokane Colleges Board of Trustees Meeting—June 2026

“As a community college, workforce training is a big part of what we do,” said Chris Pelchat, SFCC’s Dean of Business and Workforce Development. “At SFCC, we have a large proportion of students in programs designed to transfer to four-year universities – but many students do end up going straight into the workforce after they graduate.”

SFCC offers a distinctive mix of career-focused programs. These include specialized fields such as Orthotic and Prosthetic Technology, Hearing Instrument Specialist, and Audio Engineering, alongside programs in business, information technology, and administrative services that support a broad range of industries.

Pelchat noted that events like the career fair create valuable connections for both students and employers. He also emphasized that growing employer participation reflects a broader shift in how associate degrees are perceived. “Employers understand the value of a two-year degree,” he said. “And in Spokane, there are plenty of good paying jobs that don’t require a bachelors.”

## Drama

We had some exciting events happen this quarter in our Drama department. Through a partnership between the SFCC EDI Office, our Spartan Theatre, and Stage Left Theatre, we brought specialized programming highlighting our Drama department as a vital source of training and development for actors in the Spokane community.

We had “Creativity, Career, and Community in Spokane’s Arts Ecosystem” featuring local artists discussing how they’ve built creative careers here, emphasizing the role of local training and collaboration. Later that week, a free student matinee of “Minister of Sorrow,” followed up by a great workshop on “The Writer’s Process and Creative Resilience” giving students insight into how playwrights develop their craft and sustain creative careers – further underscoring the importance of strong foundational training in our region. “Minister of Sorrow” and the “Writer’s Process...” were written and led respectively by local playwright and talent Pam Kingsley.

## SCC Non-Credit Faculty Report

Board of Trustees Meeting June 16, 2026

Submitted by: Logan Amstadter

Spokane Riverkeeper, ESL and Environmental Sciences Collaboration

ESL Instructor Zachary Christman and Environmental Sciences Instructor David Stasney coordinated with local nonprofit Spokane Riverkeeper to organize two events on campus this May. The first was a public lecture on the work that the Riverkeeper does to clean and protect the Spokane River, and the second was a hands-on opportunity for students to pick up garbage along the portion of the river that touches SCC's main campus. The ESL instructor's goal was to put students in situations that build their confidence with their new language, and there's nothing better for that than to start using advanced concepts in real world settings with experts in their fields. Both events were wonderful and really helped to bring this quarter's theme of "Health and the Environment" to life.

Because this event was meant to help students practice their listening and writing skills while they learned about our river, here are a couple of brief student summaries.

I.really.enjoyed.the.presentation.by.River.Keeper.because.it.raises.awareness.about.the.challenges.Spokane's.rivers.face.regarding.pollution;.As.a.result.local.wildlife.is.compromised.leading.to.the.loss.of.native.fish.species.and.changes.occur.in.both.water.levels.and.the.water.quality.itself?thereby.putting.people.who.drink.from.these.sources.in.certain.regions.at.risk;.I.also.think.it.is.wonderful.that.there.are.people.dedicated.to.caring.for.these.rivers.and.investigating.the.changes.they.undergo?.simply.out.of.a.desire.to.help.others;

— SPOKANE COMMUNITY COLLEGE PRESENTS

# Spokane Riverkeeper Comes to SCC

Two special events celebrating the science, law, and stewardship of our shared river.

SCIENCE   ADVOCACY   STEWARDSHIP   COMMUNITY

The Spokane Riverkeeper is a watchdog organization dedicated to protecting and restoring the Spokane River — combining legal advocacy and hands-on science to hold polluters accountable and keep our river healthy. This spring, they're coming directly to our campus — right on the river's edge.

UPCOMING EVENTS

01 PUBLIC PRESENTATION - OPEN TO ALL

### Science, Law & the River: A Riverkeeper Talk

Thursday, May 21, 2026  
10:15 – 11:30 AM  
The Lair — Building 6, Littlefoot Room 124AB

FREE & OPEN TO THE SCC COMMUNITY

02 RIVER FIELD EVENT - OPEN TO ALL

### Riverside Cleanup & Science Experience

Wednesday, May 27, 2026  
10:00 – 11:30 AM  
Riverside — Building 10, along the Spokane River

Hands-on water science and river cleanup — wear clothes you can get a little dirty!  
Wear good walking shoes — you'll be on uneven riverside terrain.

FREE & OPEN TO THE PUBLIC

EVENT LOCATIONS

Board of Trustees Report-SCC Credit Faculty  
Katie (Catherine) Satake

June 16, 2026

1. Jason Eggerman, SCC Psychology faculty member, reported: On May 29th, psychology adjunct Lindsey Rutter defended her second master's degree. Her thesis project was titled: *'Instructor Feedback as a Relational Practice: Student Belonging and Rapport Across Feedback Modalities.'* She explored how the modality of instructor feedback in online courses affects students' sense of belonging, rapport, motivation, and academic performance. Lindsey is a current PhD student in the psychology program at Oregon State in Corvallis. She is passionate about improving student experiences and sense of belonging in online courses, and we are fortunate to have her teaching online for us as an adjunct in psychology.
2. David Edwards, SCC Architecture faculty member, reported:

David attended an Inland Northwest African American Museum fundraiser with my Architectural Technology student, Janae, who presented her design concept for a Spokane Black History Museum. Dignitaries at the event included Spokane Colleges Board Member Anna Franklin, Spokane Mayor Lisa Brown, Spokane City Council President Betsy Wilkerson, and Representative Natasha Hill. It was a wonderful opportunity for Janae to share her work with community leaders and advocates for cultural preservation and education.

Architectural Technology students also completed a design project for the new campus of the Salish School and entered their work in the American Institute of Architects (AIA) Spokane Chapter Student Design Awards competition alongside students from Washington State University and the University of Idaho. SCC ARCHT second-year students earned first place and a \$2,000 award, as well as third place and a \$100 award. SCC ARCHT first-year students earned second place and a \$500 award. Following the competition, students attended the Salish School groundbreaking ceremony, where they experienced traditional music, Salish prayers, and remarks from tribal leaders. Spokane Mayor Lisa Brown and Spokane City Council President Betsy Wilkerson were also in attendance.

Community outreach remains an important part of the program. Six first-year ARCHT students and I staffed a booth at the Spokane Public Schools 5th Grade Career Fair, introducing young students to architecture, design, and career opportunities in the built environment.

ARCHT Students also had the opportunity to visit Washington State University for a day and Montana State University for several days. During these visits, they met with architecture faculty and students, toured architecture studios, and attended lectures on architectural education and practice. Special thanks to Scott and Katie Satake for their generous contributions, which helped offset transportation costs and made these experiences possible.

Next week, David will be attending the AIA Conference with six ARCHT students, providing another valuable opportunity for professional development, networking, and exposure to current trends in architecture and design.

In addition, I am collaborating with Spokesman-Review Executive Editor Rob Curley on a project to digitize architectural drawings of Cowles Company properties. This effort will provide students with access to valuable historical architectural documents, including drawings for the Spokesman-Review building, River Park Square, and other significant regional projects. These resources will serve as important learning tools for future ARCHT students.

3. David Stasney, SCC Water Resources and Environmental Sciences faculty member, reported:

Two remote students living in Colville, WA and graduating this year from the Water Science program have both been hired by the Stevens County Assessor's office in Colville.

In the past few years, the Water Science program has successfully graduated students from as far away as Chelan, WA, and closer to home in Colfax, WA, among others. All of these remote students have found full-time employment in their fields within their communities.

Instructors Erin Rudders and David Stasney continue to work on creative ways of delivering online course content, using zoom or team meetings, as well as mailing equipment, and driving to meet students in-person for hands on field labs whenever possible.

Report to Board of Trustees  
Spokane Falls Community College  
Prepared by Michelle Pearson

## Wire Harp Celebrates Newest Issue

On May 27<sup>th</sup> at SFCC we had a full house for the Coffee House reading and celebration of the newest issue of the [\*Wire Harp creative arts magazine\*](#). For the past **41 years** students have worked hard all year long to create the magazine as members of the *Wire Harp* student club. This year *Wire Harp* students also collaborated with both the French Club and the Alliance Club to organize poetry reading events on the SFCC campus. The students are also visiting the SFCC library archive of past issues of the *Wire Harp* to select poems written by past Spokane Colleges alumni to read at the longstanding Neato Burrito open mic in downtown Spokane as feature readers on June 10<sup>th</sup>.

## Counselors Present at Regional Conference and Serve on Panel

SFCC Counselors Joel Sweeney, McKenzie Hand, and Gigi Fox, along with the Dean of Student Services, Rhondie Vorhees, attended and presented at the NACADA Region 8 and Region 9 conference in San Diego, California on May 18<sup>th</sup>. [NACADA: The Global Community for Academic Advising is the premier Association for student success through academic advising in higher education.]

On May 20<sup>th</sup>, Joel Sweeney participated in a panel hosted by SBCTC for their “Math + Advising” series.

## State Sets New Education Requirements for ASL Interpreters

Washington State is implementing a new certification requirement for **ASL-English educational interpreters** as a result of [SB 5025](#). Beginning with the 2027–28 school year, educational interpreters serving deaf and hard-of-hearing students will be required to hold a state-issued educational interpreter certificate. The new certification pathway includes an associate degree requirement and ongoing continuing education for certificate renewal. This transition moves educational interpreters from classified positions to certificated staff roles and is expected to increase demand for interpreter education programs and professional development opportunities statewide. ***The Spokane Falls Community College American Sign Language Interpreter Education (ASLIE) program played an active advisory role in the development of these standards and was recognized by the Professional Educator Standards Board (PESB) as a key partner in the process.***

Report to Board of Trustees  
Spokane Falls Community College  
Prepared by Michelle Pearson

## Students Win Grant from the Washington Native Plant Society

Two students from Life Sciences, mentored by Michelle Pearson, were selected to conduct a project with support from a student grant funded by the Washington Native Plant Society. They aim to learn more about the growing of native plants from seed and to test the effects of soil inoculants cultured from local remnant prairie soils. Native plant species are desirable for their drought tolerance and support of local fauna (like pollinators), but many of the native species struggle to outcompete weeds as they get established. This project aims to test species that are slow to germinate and difficult to grow in containers to learn if inoculation or companion planting can improve successful growth and transplantation.

**Report:** Gateway to College Student Leadership Appointments, 2026–2027

**By:** Elizabeth Thomas (Program Specialist II/Gateway to College)

We would like to share something about our GTC students. We are so proud!!

### **Gateway to College Student Leadership Appointments, 2026–2027**

I am pleased to share that three Gateway to College (GTC) students have been elected to leadership roles within the Associated Student Government for the 2026–2027 school year. Our students will serve as:

- **Director of Marketing**
- **Secretary**
- **Outdoor Programmer**

These accomplishments are especially meaningful given the challenges many GTC students face. Our program serves students who are behind in high school credits and who often leave traditional high school for a variety of personal or academic reasons. Many continue to navigate obstacles that go beyond what the general student population experiences.

Their election to ASG demonstrates their resilience, growing confidence, and increasing engagement in the college community. It also reflects the impact of the Gateway to College model in helping students re-enter education, build leadership skills, and see themselves as capable contributors.

We are incredibly proud of these students and the progress they are making. Their success is a powerful reminder of what becomes possible when students are given support, opportunity, and a second chance.

**BOARD REPORT**
