

**Bachelor of Applied Science
Respiratory Care Program
Spokane Community College
You are invited to an Information Session!**

**February 13th, 3:00 pm – 4:30 pm in person and on Zoom!
Building 09, Room 203**

Are you interested in the field of Respiratory Care? Did you know SCC offers a Bachelors of Applied Science in Respiratory Care? Respiratory Therapy is a fast paced and high demand career field, the average wages in Washington state for Respiratory Therapists is \$76,000. SCC's BAS in Respiratory Care Program offers all local clinical sites. By the time you graduate you will have over 800 bedside hours in a variety of settings including the neonatal, pediatric and adult intensive care units, emergency department, pulmonary diagnostics labs and much more! You will learn how to perform both non-invasive and invasive procedures and be an integral part of the healthcare team. If you have questions or want to learn more come join us for our quarterly information session!

- Have your general Respiratory Care program questions answered
- Have your questions answered on program admissions
- Meet current students
- Meet the program faculty
- Meet the program's curriculum advisor
- Tour the respiratory care lab
- Ventilate pig lungs
