## Message from the College President

Dear Graduate,

Congratulations on this milestone achievement. Whether you decided to complete a certificate for a job, acquire a two-year degree for a new career, or prepare to transfer to a four-year college or university, you have overcome challenges and obstacles to achieve your goals. The SFCC faculty and staff know that you will succeed in your next endeavors because you have demonstrated persistence and determination. You never gave up!

We look forward to remaining connected with you and celebrating your future accomplishments. You will always be a member of the Sasquatch family and we are honored to celebrate your success and to share the joy and sense of accomplishment with you and your family and friends.

Congratulations. You did it!

**Kimberlee S. Messina, Ed.D.**  
President

## Message from the Chancellor

Dear Graduate,

Congratulations on reaching your educational goal! It has been a pleasure for Spokane Colleges to serve you and we hope you feel ready for the next step on your journey whether it be continued work with us or a new path forward. Our mission at Spokane Colleges is to provide all students an excellent education that transforms their lives and expands their opportunities and we hope we have helped you with that. Since 1963, Spokane Colleges graduates have been catalysts and innovators in the growth and development of the region.

On behalf of the Board of Trustees who guide and support our efforts, the faculty who have empowered your learning, and the staff who have supported you outside of the classroom, we wish you all the best in the future and welcome to the family of Spokane Colleges alumni! We challenge you to become a partner in our efforts to serve the community, whether it be through your own contributions or through assisting us in helping others.

Profoundly proud of your accomplishments,

**Kevin Brockbank, Ed.D.**  
Chancellor

**Faculty Grand Marshal – Darlene Ricket**

As Darlene always knew she wanted to teach and SFCC has helped her fulfill that dream by serving as a faculty in the Humanities and Social Sciences division in the Communication Arts and Modern Language department for thirty-two years. She has received the Exceptional Faculty Award and the DECCIO Excellence in Equity Award from the district and the Excellence Award from the National Institute for Staff and Organizational Development (NISOD) twice.

While at SFCC she also served as the Director of Service-Learning, coordinated the International Peer Mentor Program with Global Education, and participated in the Hungarian exchange program by teaching in Budapest. She has been the International, Service-Learning, and Red Nations club adviser. Her greatest joy has been to work with her students, colleagues, and community members in bringing educational opportunities to Spokane Colleges.

## **Degrees and Certificates**

### **Associate in Arts–Direct Transfer Agreement (AA-DTA)**

The Direct Transfer Agreement (DTA) is the community college degree designed to transfer to most Bachelor of Arts degrees at Washington's four-year colleges. The degree is intended to effectively meet the lower division general education requirements of a baccalaureate institution and assures that the student will transfer as a junior at all Washington public baccalaureate institutions and almost all private Washington baccalaureate institutions.

### **Associate in Science-Transfer (AS-T)**

The Associate in Science-Transfer (AS-T) degree is intended for students majoring in engineering and science who wish to transfer as juniors to a four-year college in Washington. Students who earn this degree will transfer with approximately half of the lower division general education courses required by four-year colleges. Remaining general education courses may be taken after transferring. This degree allows students to concentrate on fulfilling pre-major coursework in their intended field of study.

### **Associate in Applied Science (AAS)**

The Associate in Applied Science (AAS) is awarded in a professional/technical area and prepares students for employment in a specific industry.

### **Associate in Applied Science-Transfer (AAS-T)**

An Associate in Applied Science-Transfer (AAS-T) degree is an AAS degree that provides transfer opportunities for students for continuing toward a four-year degree at specific universities. An AAS-T degree is a degree awarded in a professional/technical field that contains a minimum of 20 transferable general education credits.

### **Career and Technical Certificates**

A Career and Technical Certificate supports professional/technical programs less than two years in length.

### **Associate in Fine Arts (AFA) and Certificate in Fine Arts (CFA)**

The Associate in Fine Arts (AFA) offers a two-year program of study applicable for transfer to a four-year university, college or art school. Students may earn an AFA in Art, Drama or Music. This certificate program provides an opportunity for the student to concentrate on a program of study in fine arts. The program is suitable for those who wish to pursue art as a profession. The program is not designed with an emphasis on transfer, although all courses in the program are transferable.

### **Bachelor of Applied Science (BAS)**

The Bachelor of Applied Science (BAS) is a four-year degree that provides upper-division coursework in an applied field. The BAS builds upon associate degrees and is intended to address employer need to successfully recruit qualified applicants with job-specific technical skills as well as baccalaureate level skills. These degrees are beneficial to employees working in technical fields who wish to be promoted to higher level management or to specialized positions requiring a bachelor's degree.

## **Native Land Acknowledgement**

We are honored to acknowledge that the Community Colleges of Spokane, and our main campuses for Spokane Falls and Spokane Community College, are located on the traditional and sacred homelands of the Spokane Tribe. We also provide services in a region that includes the traditional and sacred homelands of the Coeur d'Alene Tribe, Confederated Tribes of the Colville Reservation, Kalispel Tribe and Nez Perce Tribe.

We pay our respect to tribal elders both past and present as well as to all indigenous people today. This land holds their cultural DNA and we are honored and grateful to be here on their traditional lands. We give thanks to the legacy of the original people and their descendants and pledge to honor their stewardship and values.

*Spokane Colleges, founded in 1963, is a dynamic community college district serving more than 35,000 students a year across 12,300 square miles in eastern Washington. The district is comprised of Spokane Community College and Spokane Falls Community College, each accredited by the Northwest Commission on Colleges and Universities and operates education centers in many rural communities. Spokane Colleges also offers a variety of programs at locations throughout our area, including adult education, parent education, workforce, and continuing education; as well as parent cooperative preschools and Spokane County Head Start.*

### **Acknowledgements**

Congratulations to the 260 Running Start students from 33 high schools who are earning both their high school diplomas and college degrees.

Congratulations to the 8 international students from 8 countries; Canada, Germany, Ghana, Hong Kong, India, Indonesia, Thailand, and Vietnam.

Congratulations to the 41 students earning a Bachelor of Applied Science degree. Spokane Falls Community College began offering BAS degrees in 2015 with one degree in Information Systems and Technology. Today Spokane Falls Community College offers four BAS programs.

### **Thank you to members of the commencement workgroup:**

Jordan Apfelbaum, Riley Faircloth, McCall Fadeley, Justin Flori, Kim Herney, and Andrew Pirochta.

### **Cover design by Marilynn Nguyen**

Marilynn Nguyen is a second-year graphic design student with a love for bold color, playful illustration, and cats with way too much personality. She's drawn to storytelling through expressive, character-driven illustration and animated concepts. Her work is detailed and full of charm, often inspired by real people or, more likely, her cats striking dramatic poses. Outside of class, she's busy building her personal brand and taking on creative side projects that let her experiment and explore. Marilynn hopes to bring her lively, thoughtful style to a creative studio or branding agency where she can keep making design that feels vibrant, imaginative, and just a little bit magical.
